

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 423: Never Raise Their Heads Again

The ghoulish caressed Zhou Kaiyun's head, looking sad and helpless.

It seemed to be regretful at the same time.

Zhou Kaiyun's tears fell hearing Xie Qiao's words. He curled his lips and wept, making Xie Qiao seem even more vicious.

"Don't say that I won't give you a chance to take revenge. If you have so much free time, there's no need for you to keep an eye on me here. Wait until nightfall. When you go home with my brother, my Eldest Brother will be waiting for you at home. If you want to take revenge, I can shut the door. You can even use a knife or a spear. I'll get him to stand there and let you attack him three times. If you can't kill him, then you're useless.. You'll stop doing such useless things in the future," Xie Qiao said again.

As for her eldest brother... It did not matter.

"I will kill him!" Zhou Kaiyun was fierce like a toothless tiger.

"Okay," Xie Qiao's tone was relaxed, she did not care at all.

Zhou Kaiyun ran away.

However, the ghoulish stayed.

Xie Qiao said slowly, "The academy is full of Yang energy. If you don't want your soul to scatter, wait in my carriage."

Her voice was so soft that no one noticed it.

The ghoulish seemed to be confused. It raised its head and looked at Xie Qiao in confusion, "Are you... talking to me?"

"There are no other souls here except for you," Xie Qiao's tone was still calm, "Stay outside. How dare you come here with such thin dark energy? Do you think it's not enough for you to commit suicide once? Do you want to do it again?"

After Xie Qiao finished speaking, she glared at the soul and left.

So what if Young Lady Qiu was dignified?

Even if she had died, she would still be a member of the Zhou family, right? Would the stigma still not be washed away?

Moreover, she still had a child.

If she was from the Qiu family, if their relationship was good, and her husband did not know about the murder, then she would just be exiled and go with him. So what if the Emperor was far away? So what if she was poor? With her husband and son by her side, she could just live as usual.

If her husband was vicious, then it would be easier to deal with him. She would sign the letter of divorce and bring her son to live life.

It was not necessarily bad to linger on at death's door.

Once she was dead, she would be done with it. However, why did she still refuse to go down and hovered around in the human world? Was it not for the fact that there was someone she was worried about?

Xie Qiao's tone was a little fierce.

However, this ghoul had been floating around for so long, and no one had been able to see her.

Now that Xie Qiao suddenly spoke to her, she was very excited. Naturally, she listened to her obediently. She went outside to look for the Xie family's carriage and waited obediently inside.

Inside Orchid Courtyard, everyone already knew that Xie Qiao was going to the Peony Courtyard.

"Master Lu is really too much. How could he let you go? It's rare for our Orchid Courtyard to have someone as smart as you. If you go to the Peony Courtyard in the future, won't our Orchid Courtyard lose again?" Someone could not help but say loudly.

Their Orchid Courtyard was suffering.

They had only suppressed the Peony Courtyard once, and in the future... They could never be able to raise their heads again!

"Sister Xie, can't you say more nice things to Master Lu? I don't want you to leave," Qin Liu was the most upset.

Xie Qiao smiled at her, "It's okay. We can't stay in this academy for long. It's the same everywhere."

She was already 17. It was time for her to get married!

Although it was hard to say who she would marry, she could not stay in the Xie family until she was 20, right?

“No, I won’t let you go!” Qin Liu was a little stubborn, “I’m going to find the dean! The academy loves silver beans the most. I can pay silver beans to let you stay!”

The corner of Xie Qiao’s lips twitched.

It would be terrible, right?

“That’s right, Young Lady Xie. I didn’t like you in the past, but now... Every time the teachers gave a lecture, if you were here, I would look at you and think that this lecture was quite interesting. So you can’t leave. I’m willing to pay silver beans too!” Another person also stood out.
