

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 518: Call Me That Again

Zhao Xuanjing smiled helplessly. He knew that Xie Qiao was criticizing him while pointing at someone else.

“Senior Sister is right. Elder Li should understand that. In the future, if you encounter such a situation again, just follow what was done earlier, which is to tie him up. Then, you can just press him to the ground and beat him up,” Zhao Xuanjing said with a smile. He cooperated seamlessly with Xie Qiao.

Elder Li thought Master Mo did not mean that.

Xie Qiao was feeling guilty now.

She was not sure if she should continue to pretend in front of Zhao Xuanjing.

If she had already been discovered...

She did not dare to think about it.

After all, she had said many things as his eldest senior sister. If he had seen her true color long ago, would it not be embarrassing?!

In her life, she could lose everything, but she could not lose her dignity.

She was an expert. If an expert's true color was exposed and was caught by someone, would her reputation not be ruined?

Xie Qiao had many thoughts in her mind right now.

As Li Qingyu stayed awake, more and more things appeared in his head. He thought of many things.

Other than the foolish things he had often done in the past year, there was also the conversation Master Mo had with the air. She had said many things that he could not understand at that time.

"Master Mo, was there really a ghouI next to me? Was it... her?" Li Qingyu asked.

"Yes. When Qingming Festival comes, you can go to the Fortune Pavilion and personally send her away," Xie Qiao said frankly. "But now that she has resentment, she can't be released. If she misbehaves again, I'll have a lot of work to do again."

Obviously, Li Qingyu's mind was clear now.

Even though Xie Qiao did not see the sign that the ghouI wanted to marry Li Qingyu, if the ghouI wanted to do something exciting and the fondness remained, it would increase the difficulty of Xie Qiao's work. Who would Xie Qiao vent her exhaustion from all the work by then?

Li Qingyu did not say anything but respectfully bowed to Xie Qiao.

"Thank you, Master Mo...I feel sorry for her. Is there anything else I can do for her?"

"Yes, you can burn things and do some good deeds for her. In addition, your Grandfather has agreed to put her name in your family's genealogy book, making her your wife. You must do what you promised the spirit, or else it will harm your karma," Xie Qiao added.

“Don’t worry, Master. I will not break my promise.” Li Qingyu did not refuse.

He owed that girl.

If he had stood up and stopped his third brother when he found out that he was going to make her his concubine, this would not have happened.

Xie Qiao was not used to Li Qingyu’s sudden politeness.

“You...” She looked at him hesitantly. “Can you call me an old witch again?”

Li Qingyu blushed. “I was being rude. I have to thank Master Mo for waking me up by hitting me.”

“Nonsense, when did I hit you?” Xie Qiao frowned. “A child shouldn’t lie.”

Yes, she did not hit him directly.

However, she made his grandfather to get someone to throw him to the ground.

It was impossible to say that Li Qingyu did not have any temper at the moment. In fact, he was still a little irritated, but he could suppress it. Especially now, in front of outsiders, he knew that he could not lose the Li family’s dignity.

The sudden change of his temper had made him seem uninteresting. Xie Qiao was rather bored at the moment.

“Old Master, let me take a look at your house again,” Xie Qiao said.

Elder Li immediately nodded when he heard that. He personally led Xie Qiao and walked through the courtyards.

He had six sons. Even though half of them were gone, other than the three concubines who had lost their children, he had descendants with other concubines. Therefore, Xie Qiao had to take a look at every courtyard.

The Li Residence was so big that it would take more than two hours to walk through it.
