

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 565: Top-notch Blood

They looked at Xie Qiao who seemed to be very busy, but they had no idea what she saw.

At that moment, the vengeful spirit across from them saw Xie Qiao's action and sneered, "You have some skills..."

This Taoist master's fragrance was really strange. She was very young and fragrant. Her face must be fake. Her figure was really good, and her appearance must be pretty too...

"Come and accompany me. I will definitely dote on you the most..." The vengeful spirit opened his purple lips and said.

"Get the f*ck off!" Xie Qiao could not help but curse.

The corner of Zhao Xuanjing's lips twitched.

Xie Pinggang's eyes widened.

Li Qingyu gulped hard.

The voice of the vengeful spirit echoed in her ears, and it was somewhat charming. Xie Qiao immediately chanted the Heart Cleansing Sutra. Then, she took out a coin-sword and the Taoist sanqing bell. With a blow from her mouth, the talisman fire burned in the air.

She took out the most powerful talismans and struck them out.

A moment ago, the vengeful spirit was still acting flirtatious, but at the next moment, his whole body was malevolent, and he was screaming and wailing!

“Your Highness, don’t you think... The sound of the wind is a bit strange?” Xie Pinggang still found it quite strange.

He had never seen such a scene before!

“What Master Mo heard is probably not the sound of the wind.” Zhao Xuanjing’s eyes were rather deep, and there was a bit of heartache in them.

Xie Qiao had become a master at such a young age. Doing things that other Taoist masters could not do seemed magnificent, but how would others know about the hardships?

It was a terrible thing to be able to see ghouls.

Previously, when he went to the Yuxu Temple to have cow tears on his eyelids. He had also seen ghouls once. He really... did not want to see them again.

Some ghouls were similar to living people, but most of them had terrifying looks and stubborn personalities. They came and went without a trace and would suddenly appear before his eyes. What was revealed might not be their face, but it could also be the internal organs.

Who could bear to see such a scene every day?

“Tsk, Master, you’re quite impressive. My Eldest Sister can see spirits too, but she doesn’t know anything. She’s so scared by spirits that she cried,” Xie Pinggang said with disdain.

However, after he finished speaking, he suddenly felt that something was wrong.

He turned his head and saw that the Crown Prince was looking at him sinisterly.

“I won’t say much, lest I delay the Master’s business.” Xie Pinggang knew when to shut up.

Zhao Xuanjing thought about what the Taoist master had said at the Yuxu Temple.

He was a member of the royal family, and he had a dragon bloodline. Even an ordinary breath of energy gave off the dragon bloodline. The ghouls in the world both liked and feared this dragon energy.

The so-called liking was because if they could absorb a little bit of dragon energy, they might be able to change their fate of reincarnating in their next life or the fortune of their descendants.

The reason they were afraid was because if the dragon energy was too rich, they would definitely not be able to possess him.

His father would definitely not be contaminated by these evil things because he had sufficient dragon energy.

As for him, it was because his own energy was lacking that he was an exception. Otherwise, the evil spirits would not dare to linger around him at all...

At that time, the Taoist master said that if he was in danger, he could try using his fresh blood. The energy contained in this bloodline was definitely much purer than other blood.

He had tried it once before, but it was useless. Now...

Zhao Xuanjing looked at Xie Qiao's anxious and disdainful look. He suddenly took out his dagger and slashed his hand.

Xie Qiao turned her head abruptly.

Top-notch blood! It was much better than dog blood!

Xie Qiao's eyes lit up.

She quickly squatted down to get a porcelain bottle and threw it over. "Don't waste any..."
