

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 575: She's So Childish

Xie Qiao was indeed a little scared this time.

Just like Pang Xiyuan's spirit, the ghouls in this place were probably terrible as well.

They must have a terrifying appearance and aura. The others simply could not see the appearance of those things, unlike her, who had to watch those evil things pounce on her...

The trauma that Pang Xiyuan had left on her lingered, so it was better to slow down.

Xie Qiao carried the basket on her back and was about to leave.

Elder Li's face was solemn, and he was about to leave with his men.

However, just as Li Qingyu reached the entrance of the temple, the top of the gate that had been stripped of its beam suddenly collapsed, and the old and worn-out wood smashed toward his head.

With a thud, Xie Pinggang reacted quickly and kicked Li Qingyu away, avoiding the disaster.

Xie Qiao turned around. "Although you're experiencing bad luck, you still have a benefactor around. Don't be afraid."

Li Qingyu could not accept it.

Xie Pinggang kicked his lower back. Now, he felt that his entire waist was numb. It was too painful!

“Master, can we get rid of the disaster?” Elder Li doted on his grandson.

Xie Qiao shook her head. “It’s just his bad luck. Suffering from some shock is nothing.”

There was something wrong with the Li family’s grave. Although the three evil weapons and the infant spirit’s bones had been taken away, the temple was still there. The clash of fate was still there. As a member of the Li family, Li Qingyu was not like Elder Li, who was righteous and had a body that was invulnerable to all evil, it was normal for him to suffer a little.

Elder Li sighed.

As long as Li Qingyu could keep his life, it would be fine.

Li Qingyu got up in a sorry state and found that his body was covered in the black dog’s feces...

He had an extraordinary background. Since he was young, there was not even a speck of dust on his body. How could he have touched such a thing?!

Immediately, he vomited.

Xie Qiao was amused.

After all, he was a man. How could he have such low tolerance?

It would be beneficial for him to man up in the future if he suffered more.

Xie Pinggang also snorted, with a look of disdain, he said, "You're throwing up? Kid, you must be made of dough, right? Back then when the barbarians besieged the city wall, I even personally scooped up feces and smeared it on the city wall! Am I still not eating and drinking as usual? All I've got to do is to wash my hands, no?"

When the barbarians attacked the city in the beginning, they would sometimes use the aerial ladder and shoot arrows. There were too few things that could be used in the city.

They did not even let go of feces. Pails of feces were stuck on the wall, and the stench was unpleasant. It also increased the difficulty of the enemy's attack.

"Feces can fertilize the fields, Young Master Li. It's spring now, and it's a good time for planting. If you go to the villages and take a look, you will definitely see a large pile of compost. Fruits and vegetables are grown on these things. What's wrong with that? Are you going to eat it?" Xie Qiao added with a smile.

Zhao Xuanjing looked at the brother and sister bullying him, and the corners of his lips could not help but curve.

Xie Pinggang was a big, honest rock. What he said was completely unintentional.

Xie Qiao was different.

She was very shrewd.

She was quite great at teasing people.

Li Qingyu vomited even more violently. Although Elder Li felt sorry for his grandson, he did not mind that these young people were fooling around.

Moreover, if Xie Pinggang had not kicked Li Qingyu, his grandson's head would have been hit.

After Li Qingyu vomited, he still had to follow the convoy.

After walking for a while, he actually saw a field. Xie Qiao ran to him. She pointed at the pile of feces and smiled at him kindly.

“Your Highness, look at Master Mo. She's quite childish!” Xie Pinggang grinned at the Crown Prince.
