

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 591: Drag Her Out and Beat Her Up

Pang Hanwei actually had the time to buy clothes this early in the morning.

Moreover, these clothes and jewelry did not seem cheap.

She must have been taken to the Bai residence last night and changed into new clothes early in the morning to attract Zhao Xuanjing's attention.

The Bai family was in a mess now, yet she still had the time to do that.

Logically speaking, it was quite difficult for Young Lady Pang to inherit the family business since she was not in the genealogy book. However, they had recorded every word when they went to the Bai family to investigate the case.

Madam Bai had acknowledged the child herself, so the words in the testimony could be used.

The Bai family had no heir, so how could they care about whether it was a female b*stard or not?

At that moment, Young Lady Pang's face was flushed red from Zhao Xuanjing's rebuke.

However, she was a person with confidence.

At that moment, she even sat down and said to Zhao Xuanjing, "My Mother has let me down. I've been living a hard life all these years, and now it can be considered as compensation for me.

“You... are my benefactor. I want to thank you for helping me. If you didn’t investigate the case, my background would always be a mystery,” the young lady added.

Xie Qiao was obedient and said nothing.

Zhao Xuanjing frowned slightly. “You are too annoying. Get lost.”

“The Bai family is mine now. Even if I marry someone in the future, it will be the same, do you know that? I didn’t sleep last night. The steward checked the accounts with me last night. The Bai family is really wealthy. The properties and assets are worth 400,000 to 500,000 taels of silver!” Pang Hanwei was getting more and more straightforward.

With so much silver, even Xie Qiao wanted to marry her.

Pang Hanwei had heard from the old steward that the person in front of her should be the Crown Prince of the current dynasty.

She used to be lonely and alone. Indeed, she did not have the right to be close to such a noble person. However, now that she had so much property, she should be worthy, right?

Although she was a merchant, she was not asking to be the legitimate wife, right?

Moreover... As the Crown Prince, he should need money to win over people’s hearts. Did she not just happen to satisfy his needs?

Therefore, at that moment, Pang Hanwei looked very expectant.

“Four hundred thousand to 500,000 taels of silver? That’s a lot.” Xie Qiao’s face was full of surprise, then, she slowly said, “Earlier, Madam Bai obtained the access to sell incense to the imperial palace. With that, the money would definitely roll in. However, in the future, it will be difficult for the Bai family to do that. Young Lady Pang, you should be careful with your money.”

In this world, everyone sought fame and fortune.

As the Bai family had a small connection with the imperial city, no matter what business the Bai family did, it would definitely be smooth sailing.

Could it still flourish in the future?

Madam Bai was promiscuous. The women of Xun County were ashamed of her, how would they be willing to buy her family’s incense?

Outsiders would also be acting according to the wind. By losing the connection with the imperial palace, the incense made by the Bai family would probably rot in the warehouse.

Even though 500,000 taels of silver was a lot, if the business collapsed, the silver would be consumed very quickly.

If she were Pang Hanwei, she would stay at home and settle the accounts. She would see which businesses were going to be cut off and be prepared to lose money.

“You’ve been targeting me. Didn’t they say that the six roots of sensations of monks are pure and clean? What’s your attention to always staying by the Crown Prince’s side at such an age?!” Pang Hanwei’s words were quite vicious.

Xie Qiao’s hand froze, and she almost choked.

“Slap her 20 times.” Zhao Xuanjing frowned and added, “Drag her out and beat her up.”

A b*stard dared to be so arrogant. She deserved to be taught a lesson.

Zhou Weizong was an emotionless blockhead.. When he heard that, he immediately stood up and dragged Pang Hanwei out.
