

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 599: A Blessing, Not A Curse

After the Crown Prince and Xie Pinggang left, Xie Qiao stayed alone in the room. She held a cinnabar brush in her hand and prepared to continue inscribing the talisman.

However, when she put down the brush, she paused for a moment. A talisman was destroyed.

Xie Qiao thought for a moment and took out a copper coin to calculate her fate in marriage.

She rarely did that for herself because she could not figure it out clearly.

At this moment, she had nothing to do, so she decided to give it a try.

After a round of deduction, it showed that she had a great fate in marriage. Xie Qiao felt a little more at ease.

Then she thought about it and felt that... Zhao Xuanjing's luck was great. It was so good that she really wanted to do some careful research. If this marriage was successful, she could be completely unrestrained in the future!

Thinking of this, Xie Qiao still had some expectations.

The Crown Prince was good at everything. Although he had a ghoulish following earlier, he even made that ghoulish into his guard. It stayed far away and did not dare to get close. In this case, he really had no flaws at all.

Xie Qiao quickly adjusted her state of mind and did not dawdle anymore. She fell into a happy state.

However, she did not indulge in that state for long.

There was still a serious matter to be solved.

The ghouls in the temple... were really not easy to be gotten rid of.

Forget it that it was a place with dark energy, three people had died in it.

During the day, there were no traces of ghouls, but some ghouls liked to come out after dark.

The formation set up by the feng shui master should correspond to the time. At night, when it was the right time, the dark energy would be strong. If one could not withstand it, everything would be over.

At this moment, Xie Qiao did not want to continue inscribing talismans, so she went out to buy something.

Da Xiong did not come along, so she could only buy an ordinary rooster.

She also bought a cow, sheep, and pig. The black dog from before was still there, so these were enough.

These kinds of livestock were covered in enough human energy, so they would be a great help.

She waited until the next afternoon. She left when she got almost everything ready.

“This temple was built for the Li family. The vengeful spirits raised by the evil energy inside will target the Li family members more. If Li Qingyu appears and blood is shed, the smell will definitely attract all the spirits. However... it’s quite dangerous,” Xie Qiao said to Elder Li.

“Is it life-threatening?” Elder Li frowned.

“It’s possible.” Xie Qiao nodded. “I’m afraid that he’s too timid and will faint from fright. If he passes out and his soul is unstable, the possibility of an accident happening will be high.”

Li Qingyu looked as if he was facing a great enemy at this moment.

Hearing that, he said cautiously, “Will everything be okay if I don’t faint? Also, if I don’t go, will it affect you capturing the spirits?”

After what happened to Zhao Xuzhi, as a good friend, he went to visit him.

Seeing that Zhao Xuzhi’s neck had been bitten by a snake, it was really quite scary.

He also secretly asked around about Zhao Xuzhi’s subordinates.

Those people said that it was the truth. They even said that if they did not have Master Mo’s talismans with them, they might have been trapped in the temple and killed by the snake!

Listen to what they said!

How could he not be scared?

How much food did he have to eat to grow so healthy? If he died, the Li family would suffer immensely!

Li Qingyu felt like his soul was flying away before he headed there.

“It’s okay if you don’t go, but the ghouls hide themselves quite well. I’m afraid I won’t be able to capture all of them.” Xie Qiao’s eyes were clear.

Elder Li sighed.

“It’s my Li family’s business. How can I let Master work hard alone?” Elder Li was very polite. “Let this child go with you. If you need him to do anything, just say it. It’s a blessing, not a curse. Even if it’s a curse, we can’t avoid it.”
