

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 637: I'll Take Your Blessings

That man seemed to have noticed that he was being watched.

After a while, he sat across from Xie Qiao and asked for a bowl of tea.

"Taoist master, why are you looking at me?! Is there something on my face?" The man said.

"I'm looking at the light in your eyes. It seems good luck is coming," Xie Qiao said with a smile.

"Good luck?" The man laughed out loud. He looked like a real man. After laughing, he took out two copper coins and said, "I'll take your blessings!"

"But you've just made the money." Xie Qiao was a little surprised.

"Taoist master, you're dressed better than I do, but I saw you on the other two streets just now. You're wandering around and sizing people up. I'm afraid you're looking for some work just like me, right? Others hired me, so I hired you now. Although you've only said this much to me, I'm happy to hear it, and it puts me in a good mood. I can make more money later!" This person was very straightforward.

As Master Mo, Xie Qiao had listened to the flattery of others many times.

However, those words were mostly flattery.

Unlike the person in front of her, who clearly did not believe that she was a capable Taoist master, was talking so extravagantly.

Xie Qiao thought for a moment and took the two copper coins. "That was nothing. Since I've taken your money, I'll tell your fortune seriously."

After saying that, Xie Qiao took out a few more copper coins on her own.

After a round of divination, she smiled mysteriously and said, "Your Luck today is on the west side of the capital. When the sun sets, close your eyes and walk a hundred steps forward. When you bump into a person, follow that person for another 15 minutes. If you see an alley, walk straight in. When you have to stop, your luck will come."

The person looked at her with slight surprise. "You really performed divination for me? I don't believe in this."

"It doesn't matter whether you believe it or not. If you have nothing to do, why don't you just give it a try?" Xie Qiao was very calm.

This person saw her serious face and thought for a moment. Then, he grinned and nodded. "Okay!"

Xie Qiao liked her even more now.

She was straightforward and listened to her advice.

Since she had nothing to do, she was ready to follow this woman who was disguised as a man later.

This person did not stay in front of her for long and went to look for work. As she was dirty, the restaurants and bars kicked her out directly.

She was not angry and kept smiling.

If it were not for Xie Qiao's sharp eyes, she would have thought that this person who was getting more and more brave was really a man.

Soon, the sun set.

The person raised her head and looked at the setting sun. She thought for a moment before shutting her eyes. Then, she took large strides forward in the dark.

According to Xie Qiao's request, she took a hundred steps. With a plop, she really bumped into someone. She hurriedly got up and followed that person.

Xie Qiao followed behind her slowly.

This person walked...

In the end, Xie Qiao realized that they were in the alley where the Lin Residence was.

After a few more steps, she could see the Lin Residence's door!

At this moment, there seemed to be a commotion in front of the door. A person stood outside and pointed at Lin Yaxiang."Bah!" He said, "Are you saying that I touched your butt? Do you think you're worthy of that? You're a midwife who can't get married. You can't even compare to the ladies at the brothel!"

“You can make me leave today, but you have to pay me the wages you agreed to. Otherwise, I’ll ruin your business!”

Xie Qiao frowned deeply.

Lin Yaxiang’s face was filled with anger. She did not expect that her recruitment of a martial arts master would attract such a thing!

However, this person knew martial arts. Just now, he had already kicked the medicine rack in the house to pieces. If they really started fighting now, she would be the one at a disadvantage. Moreover, her brother-in-law had followed her father to visit a patient, and there was not a single man in the house. The children should be back soon...
