

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 642: Stone Hammer

The two of them were exchanging blows when all of a sudden, Yu Xian made a feint, as if he was going to launch a sneak attack from behind. Xie Pinggang was caught off guard, and just as he was about to defend himself, he felt a pain in his abdomen.

Xie Pinggang grimaced and sucked in a breath of cold air.

Where the hell did this stone hammer come from?! Why did it hurt so much when he hit someone?!

Lin Yaxiang had been worried. In the beginning, she was worried about Mr. Yu. She was afraid that he would be beaten up by this Young Master Xie. It be very pitiful if that happened.

Now... she was worried that this Young Master Xie would despise Mr. Yu after being beaten up.

“Are you in pain? My fist was trained from punching sand. I’m afraid that you won’t be able to take it.” Yu Xian still had a concerned look on his face.

Xie Pinggang wanted to curse out loud.

He could not take it?

It was a burning pain, but as a man, what was this insignificant pain?

“Let’s not fight anymore!” Xie Pinggang snorted. “I’m not good at fighting anyway. If you fight me with a blade, you’ll definitely lose!”

“You can try.” Yu Xian scratched his head. “But I don’t really like blades. They look rude and ugly. I prefer a spear, they make me look more handsome.”

“Are there many talented people like you in Dong’an?” Xie Pinggang found it strange.

He had been practicing martial arts in the mountain stronghold since he was a child. No one had the ability to teach him, so he had to figure it out on his own. What he learned was actually the ability to adapt to changes. He mainly relied on his natural advantage.

However, this Yu Xian was different. Every move and technique of his seemed to have been learned and trained. He must have been taught by a famous master. Otherwise, he would never have been able to learn it to this extent!

“My Father was a young general of the Dong’an navy, but... he died. This ability is passed down through the family, so there are very few people as powerful as me!” Yu Xian said frankly.

Although he was called a young general, he was not particularly young.

When her parents gave birth to her, they wanted to raise her to be a delicate lady. They even gave her a name that sounded like an immortal. However, since she was young, she was taller than other little girls. Wherever she went, people would point their fingers at her.

This made her very upset.

Could a girl not grow taller?

Could a girl not be addicted to martial arts?

She might as well beg her parents to let her dress up as a man and openly learn from them. If anyone dared to speak ill of her, she would beat them up. If they did not listen to her, she would beat them up again. As time went by, they became sensible!

When her parents were still around, she was the little tyrant in that area. All of the little girls declared that they would marry her when they grew up. She was the little guardian of the girls.

Unfortunately, later on, her own guardians were gone.

From then on...

Yu Xian sighed. Her grandparents could not understand her outfit. For the past three years, they had locked her in the house, not even letting her out of the yard.

Every day, they forced her to embroider flowers, forcing her to walk like other people. The people in the house treated her harshly, saying that she had brought shame to the entire Yu family.

However, her father was independent a long time ago. When he was still alive, he did not interact much with them.

Now that they were gone, she was rightfully brought back to the family.

After the mourning period passed, they were arranging for her to get married.

Getting married was supposed to be a joyous occasion, and she did not object to it. However, she was not favored at home. The husband they chose was a terrible old man. How could she take that?!

She fled through the night!

She did not have a trusted servant!

She did not have gold, silver, or jewelry!

She had been eating plants and catching fish the entire way here!

Xie Pinggang still felt a little pain in his abdomen, so he subconsciously touched it. Yu Xian took a look and said, "This is a trick. It's an exclusive technique. Whoever is hit will be in pain for at least two days.. It's useless for you to rub it like that."
