

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 651: Death by Lust

Young Lady Dong was beautiful, and her entire body was filled with a graceful aura.

Her clear eyes were like water, and her spirit was like a rainbow. It was a good fortune, but... it was just that there was a red glow on her face. It was a love tribulation, and there were good and bad love tribulations. Now...

Xie Qiao pinched her fingers and calculated.

Xie Qiao did not know the girl's birth details, so she could only foresee by judging the current situation. The time, place, and the man's fate were used for the divination.

Following which, her gaze turned grim.

It was not good. Even though there were some variables, this tribulation would still be a little difficult to deal with. If she were to persist, she would definitely die of lust.

Xie Qiao's brows were tightly knitted together. After pondering for a moment, she took out a talisman and passed it to the lady. "This talisman... you should keep it to... help your marriage."

Xie Qiao shamelessly lied.

This talisman was used to clear one's heart.

It was because most women who were in love would only have good thoughts about the other party unreasonably.

Sometimes, more than half of a woman's love came from her imagination. Before this man did anything, the woman had already imagined a scene of intense love, so it was easy for her to remain infatuated.

When this talisman was in her hand, it could improve the surrounding aura, making her see clearer. She would also think about it carefully, so that her little bit of favoritism would not become an unbridled infatuation.

Young Lady Dong looked a little nervous. She glanced at Xie Pinggang and then took it.

Yuan Lingyin felt as if she had been ignored.

Xie Qiao felt her gaze, her expression remained the same. "Do you want to have your fortune read?"

Yuan Lingyin looked innocent and then nodded inexplicably.

"For you... this marriage will definitely not succeed at the moment, but you don't have to worry too much. You have the face of a proper wife. In the future, you will marry someone else as his wife, and..." Xie Qiao looked at her carefully, "You will have a good husband and good grandchildren, and you will probably marry low. You will have to endure for 20 years, and only then will you live well."

This Young Lady Yuan was upright, and she could help her husband build his family and career. Her palms were long and blushed, and her eyes were beautiful. They were high-spirited, and she would give birth to a son of a noble family.

However, her eyebrows were lacking in luck. The first half of her life would be a little rough.

When Yuan Lingyin heard that, her eyes actually lit up. “Do you think... that I will become the wife of the Fourth Prince in the future?”

She would not be so foolish as to think that she would become the wife of the Fourth Prince. After she returned home, her family would definitely take the initiative to break off the engagement. After all, she had been kidnapped and her reputation was tarnished. However, after breaking off the engagement...

Yuan Lingyin still had some expectations.

She did not have any feelings for the Fourth Prince. She had only seen him once.

When Imperial Concubine Meng chose her, her family agreed and did not ask about her opinion. In reality, she would prefer to be the official wife. Even if it was just an ordinary official, as long as she was in charge of a family, it would be better than anything else!

No matter how people sugar-coat about the position of a side consort, she would just be a side consort of the royal family...

Yuan Lingyin was nervous, but she did not dare to reveal her thoughts. It would be terrible if others knew about it...

Xie Qiao looked at Yuan Lingyin and smiled. “Your marriage should happen soon... We’ll find out within three months.”

“Three months?” Yuan Lingyin smiled in disappointment.

She understood.

She would be in such a hurry. Her father must be worried that she would embarrass the family, so... After canceling the engagement, he must immediately send her away to get married. If she was in such a hurry...

The candidate must not be too great. He must be a pushover. In the presence of the Yuan family, he would not be able to fight back at all.

Yuan Lingyin sighed.

When Xie Qiao saw that the two of them seemed to be deep in thought, she felt slightly relieved.

Their desire to die was finally suppressed completely.
