

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 656: Spend it for Me

The voice seemed to be on fire. It was not enough to just shout. The ghoul had even reached out to strangle Xie Qiao.

However, the moment he touched Xie Qiao, his hand bounced back and a big hole was burned. He was in a daze and his eyes were red. "I'm already dead, and you're still bullying me..."

Not long after, Xie Qiao dug out something wrapped in cloth.

She opened it and looked at it...

"There's so much silver. It seems like he was paid a lot of money?" Zhao Xuanjing smiled faintly and spoke lightly.

"It's a pity that we can't spend the silver simply since the ghoul is unwilling to let go. It's easy to be cursed." Xie Qiao sighed.

The ghoul was stunned when he heard that. "Yes, yes, yes! Give it back to me! It's mine!"

"It's true that it's yours, but how did you earn this silver? Tell me honestly, I'll burn some joss paper for you later." Xie Qiao suddenly turned around. Looking at the air, she smiled leisurely. "This silver is no longer useful to you. A dead person should spend the money that's meant for the dead. You don't have any relatives, so you don't even have a person who would burn you joss paper, right?"

The male ghoul looked dazed and did not react.

He moved around and found that Xiao Qiao's eyes were staring in his direction!

Could she see him?!

"A person like you who has done bad things will definitely be punished even if you go down there. If you don't have a lot of joss paper burnt for you, I'm afraid your life won't be easy. So, you'd better accept it obediently, or else..." Xie Qiao took out a talisman. "I'll turn you into ashes."

Zhao Xuanjing raised his eyebrows slightly.

Look at this master's smug look. There was nothing unattractive about her.

"You can burn joss paper for me?! I'll talk. I'll answer whatever your question is. Why are you scaring me? I didn't say that I won't cooperate with you!" The ghoul was very sensible.

After he died, he met many of his kind.

Some of them were quite rich, and their families would burn food and clothes for them.

He had even gone to the market for the dead, but he could not afford anything.

He had nothing, so he went home and stared at the wealth he had earned when he was alive.

He was really unwilling. He had been poor for more than 20 years, and everyone bullied him. He had done great evil and earned money. He had wanted to marry a wife, but he died in the blink of an eye!

He died inexplicably. He did not understand why!

This ghoulish was quite obedient. Xie Qiao did not expect that, so her attitude was a little more amiable. "You are one of the people who kidnapped the two young ladies of the Yuan and Dong families that day, right? Tell me, who are your peers? Who asked you to do this?"

"So you're here for that! Are the government officials so good at handling cases now? They can even communicate with a ghoulish like me! I admire their effort!" This person was careful, "I can definitely tell you, but you... have to fulfill my wish first!"

"Spill." Xie Qiao was used to hearing the ghoulish' conditions.

These dead people would be more excited when they met a living person who could see like she did.

"I don't want to do a good deed with this silver. Go spend it for me and help me buy things! Of course... buy it according to my request!" The ghoulish said quickly.

Spend his money?

With the ghoulish's permission, it would not matter that she spent the silver.

"Sure." Xie Qiao agreed.

The ghoulish let out a breath of cold air and followed Xie Qiao.

Xie Qiao was not afraid that he would run away. If the ghoulish that had made a deal with her dared to renege on it, she would find him and settle the score with him no matter what!
