

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 753: Destined to Be Beaten Up

Xie Pinghuai clenched his fists. "I can!"

"You do? I don't believe it. You've always been useless. You can't endure any pain. There's still some distance from the city gate..." Xie Pinggang thought for a while, "How about this? You kneel and kowtow to me, saying that you were wrong. You wouldn't dare to do it again in the future. You have to respect and be filial to me, your eldest brother. If I tell you to go east, you wouldn't dare to go west. In that case, I'll let you get on the carriage and bring you home. I'll even get a doctor for you. How about that?"

"I don't need it! Why would I want to admit my mistakes to you!" Xie Pinghuai bared his teeth in anger.

He was wrong, but he was only wrong to his eldest sister!

Xie Pinggang, he had let his eldest sister down!

Previously, he had said that he could get promoted and become rich because his eldest sister had helped him in the Zhou family's case!

However, he had long forgotten about it now!

"You don't need it? Are you sure you can return alive?" Xie Pinggang smiled. "Forget it. If you say you don't need it, then I won't insist. I'll rush all the way here to collect your corpse tomorrow morning!"

Then, he said to the crowd, "Retreat!"

The Xie family members hurriedly left.

Soon, Xie Pinghuai was the only one left.

Although he had drunk water, he was still hungry. His legs were weak, he had no strength.

However, he had to go back!

He could not let Xie Pinggang look down on him. When he returned, he would learn martial arts from his master and avenge his sister!

He was filled with rage and he had made up his mind. He gritted his teeth and looked around.

Xie Pinggang, this b*stard, was really ill-hearted. What kind of lousy place did he bury him and his eldest sister? Other than weeds and trees, there was nothing else. There was not even a path!

He gritted his teeth, plucked some grass, and ate some grass roots. The bitterness was hard to swallow, but in order to survive, he endured it.

After filling up some things, he found a harder branch to support himself and walked forward step by step.

He just did not know where he was now...

He had to walk out of this forest and see the road before he could ask the pedestrians!

“Eldest Sister, I can’t dig you out now. Wait for me, wait for me to return. When I have the ability to make money in the future, I will find a good place to bury you!” Xie Pinghuai rubbed his eyes and sniffed with a determined look.

On the other side, Xie Pinggang had already walked quite far away.

“First Young Master, is Second Young Master going to be alright? Look, he doesn’t look too well. Will he...” the steward was very worried.

Although second young master was mischievous, he was still a reasonable person. His master would never bully servants like them.

In his opinion, second young master was still young and did not know anything, but he should be able to understand, right? It would definitely be better when he was older!

“He won’t die. There’s food all over the ground. Even if he gnaws on the soil, he won’t starve to death. As for that small injury, it has long healed. Even if it cracks, there will only be a little bit of blood. Don’t be afraid.” Xie Pinggang was still calm.

His thoughts were different from the steward’s.

This ignorant person would not become sensible suddenly. He would have to experience some triggers and feel the pain in his heart before he would change!

The drama had already come to this point, could it be stopped?

He had to make him grow wiser!

“After you return, get the first young lady to stay at Master Mo’s or the academy. Don’t go home for the time being. Oh right, tell that girl Chun Er not to follow her. When she sees this kid, don’t say anything. Just stare at him.” Xie Pinggang thought for a moment and said.

He had already received the letter. The Lin family had temporarily moved to the village outside the capital.

At home, he would let Xie Qiao disappear for a few more days. Only then would the show be better.

“Got it.” The steward answered obediently.

“When he returns, if he asks about the first young lady, all of you better keep your mouths shut.” Xie Pinggang was looking forward to it.

Although he had done it ruthlessly, who asked this idiot to be so incompetent?

He was destined to be beaten up for being useless!
