

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 758: Resentment

Dong Xiyun could not help but feel nervous. She knew better than anyone that her younger sister was the most likable!

She had even won her stepmother's heart. She treated her like her own daughter in every way!

If such a person wanted to...

Dong Xiyun inhaled a breath of cold air and felt a little distracted.

She said goodbye to Qi Huai casually and then took a leave of absence to go to the Gulan Academy.

She was not there. Dong Yiyun was not there again!

What did she do? Could it be... she went to see the Fourth Prince again?

No wonder the Fourth Prince ignored her recently. Dong Yiyun must have said bad things about her in front of him!

The more Dong Xiyun thought about it, the more she thought it was possible. Her eyes burned with anger, and her expression could not help but become ferocious.

Dong Yiyun!

Did she not like that boorish guy from the Xie family? Why did she not focus her attention on that guy? Why was she targeting her fiance?! !

Dong Xiyun returned home aggressively. Not long after, Dong Yiyun returned as well. However, she did not want to see her eldest sister. Even if her eldest sister came looking for her, she would find an excuse to get rid of her.

Dong Yiyun felt a chill in her heart. Earlier, when she was kidnapped together with Young Lady Yuan, it was her own eldest sister who had done it!

How was she supposed to face this sister again?

Anyway, her sister was going to be married off next year, so it would be better to see less of her in the future, right? The Fourth Prince was a good person, and he could be considered caring and considerate toward her eldest sister. In the future, when she lived a happy life, that stubborn temper of hers could also be changed.

Dong Yiyun thought naively, but she did not know that Dong Xiyun had already made her a bad person.

Dong Xiyun firmly believed that this sister must have gone to seduce the Fourth Prince. Otherwise, she would not have avoided her like this!

Her viciousness surged.

She had to quickly marry off this sister, or...

If her sister did something vicious first, then she could not be blamed for being ruthless!

Dong Xiyun did not lack money. Over the years, she had taken in many underlings. Even her own sister's courtyard had many underlings!

Her resentment was so strong that she could not tolerate it for even a day.

That night, she used the most dangerous method on Dong Yiyun.

She had the granny use incense on Dong Yiyun's personal maid servants to drug them.

The maid servants who were on night duty were all knocked out. In the quiet night, someone went in and tiptoed into Dong Yiyun's room. Looking at the person on the bed, he felt a little uneasy.

However, due to the orders of the first young lady, he dared not disobey her.

He squinted and took off the second young lady's clothes. Then, he hung her underwear on the windowsill.

The floor was messy with women's clothes. There was even a little blush on Dong Yiyun's face. Her entire person looked even more alluring. They did not let go of her hair, making it look like she was suspicious.

The first young lady wanted him to really rape her, but... he really could not do it now!

Although he, Wang Wu, was not a good person, he was always willing to have sex with others. The person in front of him was a lady from a noble family, and the surroundings were dead silent. W-What if his person suddenly woke up when he was indulging in it?

Anyway, he only wanted to destroy the second young lady's reputation. What he did would be the same!

He took off all of the clothes. It did not matter whether he raped her or not.

After doing all this, Wang Wu walked out. Before he left, he shouted at the courtyard, "There's a thief!"

After ensuring that he could wake up all the other women and maids in the courtyard, he scurried away without a trace.

The people in the courtyard were indeed awake.

Even those who were not awake were also woken up by Dong Xiyun's spies. For a moment, the courtyard was in chaos!

One by one, they ran out with their clothes on, only to see that the window of the second young lady's room was actually open! There was even a man's underpants hanging on it!
