

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 760: Send Her Away to Be A Nun

Master Dong first suppressed all the servants. The next day, he took a leave of absence and immediately went to the Xie Residence.

Xie Qiao was not at home, but Xie Niushan was.

Looking at Xie Niushan, Master Dong was very upset. He did not expect that one day, he would come looking for him and want to be in-laws with this kind of person!

What could he do if they weren't in-laws?

Although the eldest daughter had identified Xie Pinggang, but... there was no evidence?

They only suspected that he had done it, but they could not arrest him or make a ruckus on the streets. Otherwise, the eldest daughter's marriage would also be affected. So what else could they do other than being in-laws?!

That d*mned girl was willing to use all kinds of underhanded means to marry Xie Pinggang. How did he raise such a fool?!

His gaze was fierce.

Xie Niushan found it strange. "Master Dong, w-why are you looking for me?"

Master Dong held his breath. “There are no outsiders here, so let’s be frank. Your son has offended my daughter many times and now he has even raped her. What are you going to do about this? Don’t tell me you’re going to continue pretending to be ignorant?!”

“What?” Xie Niushan was stunned. “There’s such a thing? It can’t be, right?”

After coming to the capital, the father and son had exhorted the entire village.

There were nobles everywhere in the capital. They could not even do such a thing as robbing. They had taken a fancy to someone else’s little wife and openly asked for her hand in marriage...

His son was the one who brought this up first.

Therefore, even if he said that he had done something immoral while sleepwalking, he did not believe that Xie Pinggang would dare to do that.

“Why are you pretending to be muddle-headed! Last night, your son barged into my residence and did that filthy thing at midnight, but he ran fast and we didn’t catch him. Otherwise, even if I were to report this to the Emperor, I could chase your family out of the capital!”

“Hah, who are you trying to scare? Do you think I’m made of dough? Your daughter is going to be the Princess Consort. How can you fall out with me? I won’t admit it if my foolish son didn’t do it.” Xie Niushan looked at him with disdain. He could not help but eat a melon seed.

His face was ferocious.

Master Dong was so angry that he was in a bad mood.

“You mean you won’t agree to this marriage?!” Master Dong looked very serious.

"I don't know who this adulterer is. Even if my family lacks a daughter-in-law, I can't let my son be a living b*stard, can I?" Xie Niushan thought he was being very reasonable.

His son was really not that kind of lecherous person.

If he said that his son went out to kill people in the middle of the night, perhaps he would believe it.

"Have you asked your son? Where's Xie Pinggang? Ask him to come here! I want to ask him personally!" Master Dong did not want to say anything more to this bandit.

Xie Pinggang had not gone to the criminal division yet. Once he received the message, he obediently came over.

His height directly surpassed Master Dong's, and in an instant, his arrogance faded a little.

"That daughter of mine... is a lady from a noble family at the very least. If you really want to make enemies with my family, then you can refuse this marriage. After I returned, there's no other way than giving her a cup of poisoned wine to end her life, so that she won't embarrass our family!" Master Dong added.

Xie Pinggang frowned. "What does your family's business have to do with me? Why are you telling me this?"

Master Dong's face turned green with anger.

He felt his blood boiling and wanted to kill someone with a knife.

“They said that you climbed over the wall last night and raped his daughter,” Xie Niushan explained and added oil to the fire.

Xie Pinggang was stunned for a moment. “It’s nothing. Your daughter...”

He thought for a moment, “Are you talking about that Second Young Lady Dong? What an unlucky girl. She just came out from the tiger’s den, and now she’s in the wolf’s den? This is too tragic.. Did you do something terrible to her? Why don’t you send her away to be a nun? That might be better.”
