

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 761: Fated

Xie Pinggang really thought Second Young Lady Dong was quite unlucky.

She had already ruined her reputation once before, and it was not easy to save her. Now, something had actually happened. Tsk, her fate was not good, and it had to be changed by a master.

What else could Master Dong say?

He was so angry that he could not speak.

He directly flung his sleeves and left!

After returning home, he slapped his daughter in the face. He wanted nothing more than to kill her daughter on the spot. "Your heart yearns for him, but he doesn't take you seriously at all! And he even said that you're unlucky! He doesn't agree to this marriage! As your father, I've already done everything I can for you. I've lowered my head and proposed marriage, what else can I do?! How could I give birth to such a shameless wretched girl like you?!"

Dong Yiyun was completely stunned.

Dong Xiyun was not around, but these words had reached her in time. She only smiled faintly.

Even if the Xie family took in her younger sister, Dong Yiyun would not be able to have an easy life in the future.

What happened last night was just something out of thin air. As long as it was a man, who would be able to endure that?

Her sister had no other choice now.

Either she died or she could pester the Xie family and beg Xie Pinggang to marry her. Even if she married into the family, they would not treat her well.

Otherwise, her father could find her a family with a low background and marry her. He could say that he valued the young master's talent or that he had faked a life-saving grace. He could also make do with it.

However, no matter what, Dong Yiyun would never be able to do anything to her again in the future!

Nevertheless, using this trick would hurt herself.

There were quite a few people who knew about this matter, and they were not the most loyal people. The plan was too shaky. Before she got married next year, it had to be dealt with to avoid any trouble!

After Master Dong vented his anger, he locked his daughter in the house.

Only Madam Dong dared to come over and look at her.

"Silly girl, I know that you've been wronged, but you can't panic now. Let's think carefully about how to deal with this matter..."

"Mother, what else can we do? My life is ruined!" Dong Yiyun covered her face and cried.

“What nonsense are you talking about? You still have a long life ahead of you...” Madam Dong’s heart ached for her child. “I’ve thought about it for a little bit. If the Xie family agrees and you marry into their family, although you will suffer some grievances, you should manage it well. You should be able to live your life. If you don’t agree... Yi’er, I’m sure you have met my cousin, right? I’ll tell him about the situation, and you can marry into my family. With me around, no one can bully you...”

Dong Yiyun did not know what to do either.

She..

She admitted that she was incompetent. Even at this moment, even if she had a bad reputation, there was still a moment where she hoped to marry Xie Pinggang.

“Mother, I want to see someone...” Dong Yiyun thought for a long time before she finally said.

“Who is that?”

“Master Mo, she saved me. I want to see her... Maybe after seeing her, I will know what to do...” Dong Yiyun knew that her innocence was ruined. Even if she wanted to redeem it, she could not.

Something must have happened to those clothes and underwear.

In reality, she wanted to see Xie Pinggang more, but it was destined to be impossible. Therefore, if she met Master Mo, Master Mo might be able to give her an answer.

Madam Dong thought for a moment and nodded in agreement.

She let the maid servant stay in the house and secretly sent her daughter out.

Xie Qiao was not in the Xie Residence, so she really did not know anything about this matter.

Until Dong Yiyun came to find her. Looking at her dark and gloomy appearance, it was needless to say that something had happened.

“Master...” Dong Yiyun’s eyes were swollen like walnuts, but she did not cry at this moment. Instead, she took out some belongings and asked, “Can I ask you to perform divination for me? In my life, am I still... fated to be with.... Young Master Xie?”
