

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 763: I'm Sorry

Xie Qiao really did not think that Xie Pinggang was good.

However, beauty was in the eye of the beholder. The young lady had taken a liking to him. She guessed that even if Xie Pinggang had scolded her a few times, the young lady might still think that Xie Pinggang was manly!

Xie Qiao felt a little rueful in her heart. She looked at Second Young Lady Dong. "No matter how good Young Master Xie is, he won't be able to live to enjoy it... Whether this is good or not, it has nothing to do with you."

According to her birth details, Second Lady Dong and Xie Pinggang were not a good match.

However, not everyone in this world believed in their birth details.

Xie Pinggang was her eldest brother, but she could not be bothered to care about matters like him marrying a wife. She was only responsible for explaining things that she knew to this young lady.

Young Lady Dong was stunned for a moment before she stood up and prepared to leave.

Xie Qiao was afraid that she would forget, she said, "Leave this place within three days and come back after a while. This calamity can be resolved, so don't delay it. Also, before you leave, you shouldn't see Xie Pinggang. His birth details don't match yours, so I'm afraid there will be conflicts."

Young Lady Dong turned around and glanced at her, then she bowed to her. "Thank you, Master Mo."

After saying that, she left.

Xie Qiao looked at her back and shook her head silently.

This young lady's calamity was probably caused by her family. Although she did not know what it was, the issue was quite serious.

If Dong Yiyun could survive this year, her fate would not be too bad after a few years of rough luck in her marriage. She could be considered to have made do with everything. In this world, there were countless ordinary people like her.

Dong Yiyun left Fortune Pavilion aimlessly. She let the coachman ride around the city and arrived near the criminal division.

She asked to stop the carriage on the road that they had to pass by.

She seemed to be looking forward to it, but she was also a little worried and nervous. She sighed from time to time and could not help but look outside.

However, she remembered that the master said that she had to resolve her bad luck and could not see Young Master Xie..

She hesitated again.

Her mind wandered and unknowingly, she had been waiting there for more than an hour. Xie Pinggang led a group of people out on an errand.

“Young Mater Xie!” In the carriage, she could not help but pull open the curtain and shouted at Xie Pinggang.

Under the scorching sun, her face was steaming hot and her sweat was dropping.

Xie Pinggang glanced at her and thought for a moment. He got the others to go first and led the horse to the side of the carriage. “Do you want to report the case?”

“Report the case?” Dong Yiyun was stunned.

“Your father said that you were bullied this morning and insisted that I did it. I don’t know whether I did it or not.” Xie Pinggang snorted.

Dong Yiyun smiled helplessly when she heard that. “Brother Xie, for such a matter... if I report it, I won’t be able to live either.”

“What does it have to do with reporting the case?” Xie Pinggang frowned. He suddenly thought that women were coquettish nowadays. He said, “Since you are not here to report the case, then why are you here?”

‘I just want to see you...’

Dong Yiyun muttered in her heart, but she was too embarrassed to say it out loud.

“My father... went to your house to inquire about the marriage. I’m sorry.” Dong Yiyun was nervous.

“It’s nothing.” Xie Pinggang really did not care.

There were many people who wanted to look for trouble. What was that even?

“I... I...” Dong Yiyun did not know what to say. She hesitated for a while and asked, “Brother Xie, if you were me... What would you do?”

Xie Pinggang did not understand.

He was not familiar with this young lady, so why was she asking him about this?

“You... were framed by someone?” Xie Pinggang asked.

Dong Yiyun nodded.

“Then that’s simple. If I were you, I would make the other party upset if I was upset. However, you girls are different from men. Men can throw caution to the wind. It doesn’t matter if our reputation is clean, but you guys are different. Therefore, you can only swallow this matter....”
