

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 777: Devil

Xie Pinggang was not a fool. He knew that the killer could not have bought the silver ring powder himself. As long as it passed through someone else's hands, it would be easy for him to push the responsibility to someone else. He did not know how many times he had handled similar cases.

It would be difficult to catch the real killer.

Staying here was just a waste of time. It was better to go back and start investigating the silver ring powder again.

"Yes," Xie Pinggang agreed straightforwardly. He asked someone to capture the granny and take her away.

Xie Qiao did not stay any longer either.

After leaving the Dong Residence, Xie Pinggang spat, "F*ck you!"

"I understand that you've lost your wife. But in front of your sister, you should speak more elegantly. Don't startle her." Zhao Xuanjing glanced at Xie Pinggang silently.

Xie Pinggang exhaled. "I've just been engaged. Although I'm not very satisfied with that, since it's decided, she's mine. I'm looking forward to it, and now she's gone..."

At this point, Xie Pinggang suddenly came over. He asked Xie Qiao in a low voice, "Oh right, you saw her by the Dong family's first daughter's side just now. What... does the ghoul look like? Is she following her and looking worried, or... does she look like she has a grudge?"

After all, they were sisters. It was normal for them to be worried about their own sister after death.

"She had her arms around her neck.

"She was eager to eat her," Xie Qiao added.

Hearing this, Zhao Xuanjing and Xie Pinggang were both stunned and surprised.

"So... the murderer... is most likely her b*stard sister?" After Xie Pinggang said that, he was a little angry, "This woman is an ill-intentioned devil?! She could even do such a thing to her own sister. F*ck, is there poison in her brain? How can she be so vicious?!"

Although he had also attacked his own brother, his intentions were good!

However, this Dong Xiyun... was simply a devil! It was simply outrageous!

Xie Pinggang had seen many vicious women. It was not unheard of for women to kill their husbands or even their children. However, those people had suffered a lot since they were young, which resulted in their extreme personalities.

However, Dong Xiyun...

She also had a stepmother. However, the Dong family had an extraordinary status. No matter how powerful this stepmother was, she would not do what a common stepmother would do. Even if it was for the sake of dignity, she had to be able to endure it.

Moreover, Dong Xiyun was the first daughter of the first wife!

With such a status, she had already attracted the attention of outsiders. Fortunately, no one could betray her. Otherwise, the spittle could drown the stepmother!

Moreover, looking at the stepmother crying for Second Young Lady Dong, she did not seem to be unkind.

Even if she felt wronged in her heart, why must she kill her own sister?

Xie Pinggang had a rather healthy brain, so he could not understand Dong Xiyun's intention.

Xie Pinggang asked someone to send the "suspect" back to the criminal division, while he sent Xie Qiao to Fortune Pavilion.

"When you go back, will you mention this case to Senior Sister Mo?" Zhao Xuanjing was not used to Xie Qiao's extremely obedient appearance.

At this moment, she was as weak as an ordinary person who did not know how to capture a soul.

She lowered her head, maintained her posture, and held a handkerchief in her hand instead of something like a horsetail whisk or a compass...

The bamboo basket was no longer there, and she spoke much less. The imposing manner that she had when she was a master guiding the world was completely gone. She was completely at ease!

“Of course I have to tell her. If it was an ordinary ghou, it wouldn’t matter. However, that ghou has resentment. I must get Senior Aunty Mo to step in and solve the problem so as to avoid hurting others and myself!” Xie Qiao nodded with a serious expression. She was like an obedient child who was talking about the master she worshipped..
