

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 784: Bullying the Customer

Dong Xiyun could understand these words.

None of them were pleasant to hear, especially the last two sentences, which were hell and mountain. This witch meant that she would die, right?

Did she predict that she would die, or did she want her to die?!

Not only did Dong Xiyun not believe it, she even laughed mockingly.

“Master, did you mistake me and my sister? She’s the one who died, and I am the one who lives. I am unlucky now, but who will be unlucky all their lives? Everything will be fine!” Dong Xiyun was out of her mind.

It was impossible for her to marry an ordinary person for the rest of her life.

She would definitely live well, and in the future, she would live even more gloriously than anyone else!

Was she not just an imperial consort?! Even if one was now an imperial consort, in the future, she would only be a princess. There were princes everywhere in the capital, she could still be a princess!

Whoever mocked her or looked down on her, she would make them pay in the future!

Dong Xiyun’s eyes were filled with resentment. She looked even more determined than before.

Xie Qiao did not feel scared when she saw her expression.

Dong Xiyun's facial features were not like this from the start. She was a shrewd person, so there were many variables. Previously, she did look wealthy.

However, now, in her eyes, it was like a grave next to a mountain.

There was no way out.

Perhaps it was because she was too hot-tempered, but her appearance was really terrible. The bridge of her nose was turning green. In her eyes, it was as if it had been broken.

If the bridge of her nose was broken, it would cause trouble for her, and she would not win the case.

Xie Qiao smiles in her eyes. She said slowly, "Young Lady Dong, you are haunted by a ghou and have bad luck between your eyebrows. You really have no way out. If you don't believe me..."

Xie Qiao took out a small bottle. "Do you dare to let me touch your eyes?"

"What's this?" Dong Xiyun glanced at the thing and said sarcastically, "This is a trick used by a fraud like you, right? Do you think I will fall for it?"

"Young Lady Dong, you are exaggerating. If you put this thing on your eyes, you will see your bad luck. If you don't want to try it, that's fine." Xie Qiao said and was about to put the thing away.

"Your tactic of retreating in order to advance won't fool me," Dong Xiyun snorted.

“That’s right. You’re much smarter than your sister. Your foolish sister knew that it was a sure-death situation, but she still ran into it. Now, she can only be a wandering soul and stay by your side, full of resentment,” she said, Xie Qiao looked behind Dong Xiyun.

Dong Xiyun knew what she was doing. She was trying to scare her.

“I don’t know what you’re talking about. Death is like a lamp going out. My sister’s fate was bad. She has already left. Master, it’s better not to talk about her.” Dong Xiyun was still very calm.

After saying this, Dong Xiyun stood up.

She thought that Witch Mo would be of some use, but now it seemed that she was just a fraud who was lying through her teeth.

She did not have much ability.

“Shopkeeper Chang,” Xie Qiao called out.

Shopkeeper Chang immediately blocked the door of the compartment.

“Master Mo, are you bullying the customer? How dare you?” Dong Xiyun frowned. Clearly, she did not expect Master Mo to be so unruly!

Xie Qiao smiled. “That’s a great description.

“The quality of your bracelet is not bad. When you come to my Fortune Pavilion, I will definitely give you things that are worth more than what they are worth. How can I let you suffer a loss?” As Xie Qiao spoke, she walked in front of Dong Xiyun.

“I said, if I want you to see your bad luck, you will do as I said.” Xie Qiao said seriously, then, she said to Shopkeeper Chang, “What are you waiting for? Grab her arms and don’t let her move. Don’t let a single drop go to waste!”

Shopkeeper Chang was a little flustered. T-The other party was a young lady. He could not use force, right?

However, the boss threw a knife at him and he obediently followed immediately.
