

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 792: Wicked Deeds

Early in the next morning, the Taoist master from Yuxu Temple personally went to the Dong Residence.

Yuan Changzi held a compass in his hand and looked around. When he entered Aunt Dan's courtyard, his brows were tightly furrowed.

He formed a hand seal with one hand and released yin and yang energy. When he opened his eyes, he could faintly see the evil energy around him. He knew that there should be a ghoul in this residence, and it was not an ordinary ghoul.

He obtained his ability through cultivation, so naturally, he was not as good as Master Mo who was born to be proficient in both worlds. Moreover, his cultivation was lacking. He only had some senses and could not see too clearly.

"Master, my daughter was initially fine, but yesterday, she suddenly said that she saw something filthy. I wonder what kind of poison that Witch Mo of the Fortune Pavilion gave her. Do you think you can treat her?!" Master Mo had been worried for an entire night, now, he felt that he had aged a few years.

"Fortune Pavilion? Master Mo Chusheng?" Yuan Changzi was stunned.

"Yes, it's her! My daughter said that she put poison on her eyelids..." Master Dong said quickly.

Yuan Changzi was stunned, then he walked to Young Lady Dong.

He looked at her eyes.

Cultivators could see some energy, so it was not difficult for him.

“It’s not poison, it’s just cow’s tears. This daughter of yours only saw some ghouls because of the cow’s tears, and there’s a vengeful ghoul on her.”

“Cow’s tears?” Hearing this, Master Dong did not quite understand.

Was it not poison?

“Cow’s tears are quite rare. In my Taoist temple, only a few drops have been accumulated over the years, and they have to be used together with a talisman. Generally, people are reluctant to use them casually.” Yuan Changzi smiled.

If these cow’s tears were used casually, would everyone not be able to see the ghouls? This would mess up the world.

However, for some reason, Master Mo wanted to use it on this young lady.

Yuan Changzi thought a little bit and looked at the young lady again.

He was shocked when he saw her.

She had a pretty face, but... She looked like she was drunk and had an evil energy on him. It was not a good sign, right?

Furthermore, she had the appearance of a criminal!

This young lady probably had a blood debt on her!

Thinking back to the evil energy he felt in this room, Yuan Changzi immediately understood.

He had also interacted with Master Mo before. That person looked unfathomable, and did not seem like a scoundrel who would casually persecute ordinary people.

Now that he saw this young lady's miserable appearance, he also understood that this young lady must have done something evil to be taught a lesson.

Using precious cow's tears to teach this young lady a lesson...

Master Mo was quite rich...

Master Mo had to bear the consequences to have done that to her. For some reason, he thought it was better for him to ask first so that he would show respect to the senior.

If she was more capable than him, then she would be a senior. There was no doubt about it.

"The effects of a cow's tears aren't that great. It'll be fine in a day's time. Besides, this penniless master doesn't have a good way to treat it... Now that your daughter is asleep, let her sleep. When she wakes up, there might still be some side effects, but in a few days' time, it will all be gone." Yuan Changzi said anyway.

Master Dong nodded.

It was great that it was only a problem that could be solved just by closing her eyes.

“It’s just that...” Changzi Yuan panted heavily, instantly worrying Master Dong. “What she sees will be gone, but it’s bad in other aspects. Moreover, your home isn’t exactly clean... I think you should... hire Master Mo to have a look.”

“Why would I want to hire that witch?” Master Dong did not understand.
