

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 800: No More Wishful Thinking

Aunt Dan immediately cried out in grievance. She even mentioned her deceased sister, who was Master Dong's first wife.

However, at this moment, Master Dong only thought of her faults.

She had to bear this sin even if she did not want to!

To the public, if they said that this aunt had ill intentions to encourage her first daughter, causing her to go astray, the Dong family could at least have some dignity remained!

He could not tell others that his direct daughter was born to be a sinner, right?!

It would be this aunt's wickedness that led to the family's improper conduct. It would not be his daughter who had a problem!

Otherwise, the Dong family members would hate him in the future!

If he could salvage the situation, then so be it!

Moreover... This child was indeed raised by this concubine of his. Now that she had committed such a huge mistake, she could not escape the responsibility!

“Father! What do you mean?! You’re not going to save me?! My sister committed suicide. What does it have to do with me if she doesn’t want to get married and court death?!” Dong Xiyun was anxious, she struggled aggressively and wanted to rush toward Master Dong. However, the moment she stepped out, the ghoul that would appear and disappear at times appeared before her eyes!

“Ahhhhh!” She waved her arms and legs and fell to the side, clutching her head.

“It’s not me, it’s not me!

“It’s all your fault. You’re the one who wanted to compete with me for the Fourth Prince. You’re the one who found out things that you shouldn’t know. You brought this upon yourself. It’s none of my business!

“Why did you go against me... If you hadn’t always sided with that young lady, I wouldn’t have harmed you...” Dong Xiyun looked extremely pitiful.

Master Dong did not understand these words.

Who was that young lady...?

After a while, he looked at Aunt Dan and suddenly came to a realization.

After his first wife passed away, one of his two daughters followed Aunt Dan, and the other followed his concubine. This concubine of his had probably told her constantly that his second daughter was a traitor and that she had forgotten about her biological mother, so...

Master Dong’s heart was filled with resentment!

He regretted it so much!

Xie Pinggang frowned as he looked at the young lady's frantic and frightened expression.

He knew that Master Mo had applied cow's tears on her eyelids. When he had followed Master Mo here, she had told him about it.

However...

This young lady could only see some ghouls. Was there a need for that?

His sister and Master Mo could see these ghouls every day. If they were like her, would they not have been scared to death long ago?!

She was really timid...

However, Xie Pinggang felt a little uncomfortable in his heart.

They were all ladies. Look at this scene in front of him. It was just nothing too severe, yet she was crying like a ghoul and howling like a wolf. However, that foolish sister of his would only be scared to the point of her heart palpitated and she would not make a sound.

That foolish girl was quite pitiful.

While Xie Pinggang was doing his work, Xie Qiao remained silent.

At this moment, Dong Xiyun was crying on the ground. Xie Qiao looked at the ghoul whose resentment was gradually dissipating, she said to Dong Xiyun, "Your sister said that everything she had told you was

the truth, none of them was a lie. She gave you a chance and decided to keep your secret for the rest of her life, but you didn't believe her. Now you... deserve what's happening to you."

Dong Xiyun suddenly raised her head and stared at her.

It was all true...

Hah, was it all true?

She did not believe her! Even now, she still did not believe her sister. She was not at fault!

Xie Qiao picked up the talisman and looked at Dong Yiyun who was floating in the air. She said, "Do you have any last wishes?"

"Brother Xie..." Dong Yiyun's ghoulish face looked at Xie Pinggang and tears fell from her eyes.

She was too naive and did not listen to the master's advice. If she... listened and went far away, she might still have a chance to marry Brother Xie three years later.

However, now... They were separated from two worlds, and they were no longer fated to be together.

She had even caused Brother Xie to lose his fiancée right after they got engaged. It was hard to imagine how difficult it would be to get married in the future.

She had lived... too foolishly. She had let down her mother who gave birth to her, the stepmother who had raised her, and Master Mo who had helped her. She had let down Brother Xie four times. She had truly suffered a crushing defeat.

“I have no more wishful thinking.” Dong Yiyun’s voice was ethereal and faded, and there were tears in her eyes. She smiled faintly..
