

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 809: Flirtatious Movements

Xie Pinghuai's eyes lit up when he heard Xie Qiao's words. "Really? Eldest Sister, don't lie to me!"

"Really." Xie Qiao smiled kindly.

Xie Pinghuai heaved a sigh of relief. "That's great. I'm used to eating the food that my aunt cooked. My aunt and cousins aren't around, I feel like something is missing. Moreover, I'm doing this for Xi'er's sake. Ever since Aunt left, she's been so bored that she's been learning music. She even got herself first place. It's really depressing."

Learning music, was that something his younger sister could do?

Even the Buddhist music in class did not match his family's temperament at all!

It was clear that she was terribly bored.

When Xie Qiao heard that, she asked, "She's learning music? What's going on?"

"She took music class. I heard that she didn't like the main classes she had. When she was free, she went to music class. When she came home, she'd always babble and sing... softly... To put it bluntly, I always think it sounds like what the women in the brothel sang... I've taken a look at it twice. I don't know where Xi'er learned it, but she occasionally had flirtatious movements when she sang." However, Xie Pinghuai was actually not very concerned about it.

It was just singing. It was not a big deal.

If her sister liked it, then she should do it. It would not make her lose a piece of flesh.

It was just that when she learned that, it was inevitable that she would be criticized by others. However, Xie Xi was not considered old. Usually, she would either sing in the music class or at home. Outsiders did not know about it, so it did not matter.

Xie Qiao could not imagine what her sister would look like when she sang.

“Are you sure it’s not a country song, but... the kind in the brothel?” Xie Qiao frowned slightly and paid more attention to it.

“Eldest Sister, it’s not like I’ve never been to a brothel. I know what the women in the brothel look like, just that kind...” as Xie Pinghuai spoke, he stretched out his hand and drew a seductive image in the air, then, he tilted his butt and covered half of his face with one hand. He shyly raised his eyebrows and said, “The songs are all about men, concubines, and lovesickness... Aren’t those the songs in the brothel?”

Xie Qiao was stunned. “This wasn’t what the music class teaches, right?”

She knew that the music class could be established in the Royal Academy because the songs sung in it could all be considered elegant.

Not to mention the Buddhist music, the rest were also made of poems and songs. The melody was mostly melodious and elegant. It sounded elegant and peaceful, and the songs were mostly about the spring scenery and the snow in the village.

The lyrics were all about the peaceful scenery of the common people, but there was nothing romantic about them.

“Let’s go.” Xie Qiao suddenly stood up, looking very serious.

“What’s wrong, Eldest Sister? Didn’t you say that you’re not in good health and can’t go to Eldest Brother to settle the score?” Xie Pinghuai shouted from behind.

Xie Qiao stopped in her tracks and turned around to look at him. “Settle the score? We can’t even beat a single finger of his when the two of us combined. I haven’t seen my sister for a long time. Can’t I take a look at her?”

Xie Pinghuai rubbed his nose.

He did not understand why his eldest sister got so aggressive out of nowhere.

However... Her fierce appearance did not have any deterrent force at all. She was not like that beast, his eldest brother, who would look like he wanted to kill.

Therefore, even though Xie Qiao’s attitude was not as friendly as before, Xie Pinghuai still followed behind her and boarded the carriage to go home.

When they reached home, it was already past noon.

Therefore, not long after, Xie Xi returned.

Just as Xie Pinghuai said, the moment Xie Xi returned, she immediately returned to her small courtyard quietly. After a while, she heard the sound of singing in the courtyard. Not only that, Xie Qiao also heard the sound of the pipa..
