

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 812: Amazing!

People from Rong were not educated, and there was indeed a cannibalistic custom.

When Xie Qiao was at the Water Moon Temple, she had also heard many merchants talking about the people from Rong.

That place was warlike and worshipped martial strength. Horses and weapons were famous for their good quality, but they did not farm much and mainly grazed. Once there was a disaster, they could only rob. Not only would they rob for materials, they would also rob people.

It was said that it was a habit passed down from the previous dynasty.

The previous dynasty was destroyed partly because the emperor was muddle headed and could not help the people. Another part of the reason was that there were many disasters.

There were disasters everywhere, and it was the same for the neighboring countries.

It was fine if the local people suffered, but in order to survive, there were people from Rong who robbed people and cooked them. However, the imperial court did not care about it, causing the people to have no way of surviving. That was why the dynasty changed.

The current dynasty's attitude toward Rong had always been tough. At worst, it would just be a fight.

As everything in the countries was going well, the relationship between the two countries would only deteriorate occasionally.

They had not finished changing the cannibalistic rules on their side.

There were nomads in Qianyuan. Once these people ran into the people from Rong, the outcome would be terrible. Hence, this resulted in the female slaves of Rong being humiliated in Qianyuan territory.

The people were innocent, but it could also be considered an eye for an eye.

At this moment, the ghoul was angered by Xie Qiao's words and did not hide it anymore.

She looked at Xie Qiao coldly, she actually laughed arrogantly. "Do people from Rong deserve to die?! I was sold here when I was ten years old and learned how to please men every day. I have long forgotten what Rong was like! But because of these eyes, I was beaten to death!"

"What does it have to do with my sister?" Xie Qiao did not show any sympathy.

Of course, it was indeed pitiful for her to be sold.

However, Xie Xi did not offend her, right?

"Of course it has nothing to do with her." That ghoul laughed again, "I just... look at this little girl. I like her so much. Her voice is beautiful. Her father is the hero who killed the barbarians. I want to be her!"

Why was she destined to be a barbarian? To be a damned person from Rong?

She was unwilling. She wanted to be a lady from a wealthy family!

Xie Qiao was angered by the ghoul's words and laughed.

"Do you want to go to heaven? Do you want me to send you there?" Xie Qiao snorted. "You want so many things. I supposed you couldn't achieve them when you were alive, so you're doing this when you're dead."

"I'm not afraid of you. I'm in her body. If you dare to get someone to deal with me, your sister's life... Tsk, tsk, tsk..." the ghoul was rather arrogant.

Xie Qiao was not in a hurry.

If she could not even handle such a small matter, then what kind of master was she?

Not long after, the steward carried the things over.

The things were all moved from her courtyard, and they were helpful.

"What are you doing?" The vengeful spirit was a little fearful. She thought this young lady was a little scary, especially the aura on her body. She did not dare to get close to her, but she did not know why.

Xie Qiao had someone set up the table and was ready to start the ceremony.

Her face was calm. After she lit the incense, she began to ring the Taoist bell in her hand.

As soon as the sound was heard, the vengeful spirit felt that something was wrong.

“Eldest Sister, can you do it? Why do you look like that street swindler?” Xie Pinghuai was sitting next to her with a face full of distrust.

Xie Qiao threw out a talisman.

As she pointed her peach blossom sword, the talisman actually exploded in midair.

Xie Pinghuai looked at it and clapped in surprise. “Amazing! Eldest Sister, even the street jugglers are not as good as you!”

If his eldest sister were to wander in the world, she would definitely not starve to death!

Look at her skill, who would not give her money when they saw that?
