

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 813: Cause and Effect

Xie Pinghuai stared at it without blinking. He was still grumbling in his heart.

His eldest sister must have learned it from that old man in the Taoist temple, right? His father had said that the old master was a jerk. He would say terrible things too.

Sigh, he actually taught his beautiful eldest sister such a skill, her life was really too miserable.

Xie Pinghuai was very sympathetic, but he did not want to crush Xie Qiao's self-esteem, so he flattered Xie Qiao with all his might. "Eldest Sister, I'm serious. This move of yours is really great. However, it's more popular nowadays to spit fire from your mouth. What you did lacks drama. You should practice it again."

Xie Qiao was so angry that her heart ached. "Don't mess around. See that bucket of stuff next to you? Splash it at your sister."

Xie Pinghuai was puzzled, but he still nodded.

There were many things in that bucket. It was a mess, and there was a bloody smell. He could not recognize what that was.

However, his eldest sister asked him to splash it, so he did as she said!

He picked it up directly and splashed it at Xie Xi.

They were Xie Qiao's special five grains for warding off evil, and it was stained with dog blood. There was not much in her bamboo basket, so it was not enough for her to splash it on the ground.

After all, the one possessed was her biological sister, so she had to be gentle when using this method to avoid hurting her.

Xie Qiao did not forget to look at the bells. They were still tied on her wrist. They did not look as powerful as before, but they were still useful. With this thing protecting her, Xie Xi should be able to survive.

Xie Pinghuai moved quickly, and the ghoulish was restrained by Xie Qiao's talisman and it was directly splashed.

It became more ferocious.

Xie Xi, who was tainted with dog blood, grains, cinnabar, and other things, was like a furnace at this moment. To the ghoulish, it was not a good place to stay.

Almost instantly, the ghoulish jumped out from inside.

It still wanted to run.

However, it did not get out.

It was as if there was a barrier around her that made it impossible for her to leave.

Only then did she become extremely frightened. She looked at Xie Qiao with a fearful gaze. "I didn't kill her!"

“You didn’t? That’s because you haven’t had the time yet.” Xie Qiao did not stand in the ceremony with her at all. A few more Thunder Talismans struck her body, causing her endless pain.

That ghoulish seemed to have thought of something as she hurriedly said, “A-Are you Master Mo from the Fortune Pavilion...? I-I am willing to reincarnate. I have a dying wish...”

Her voice was anxious.

She was afraid that if she was a step too late, she would be beaten to death by Xie Qiao.

“My life was very tough! T-They said that you can avenge the ghouls. I was very miserable. I had been singing for more than ten years, and it was not easy for me to save up the money to redeem myself. However, before I could turn over a new leaf, I was beaten to death by someone because of the border war!”

Not only was she beaten to death, she had also suffered a very long period of abuse.

At that time, she was like a rat crossing the street. No one helped or pitied her.

She felt resentment in her heart, but she did not know who to hate.

She had nowhere to vent her resentment, so she hovered around. As she was a courtesan when she was alive, after she died, she could not help but follow that person around whenever she saw a good-looking girl. Unknowingly, she affected the other party.

She had resentment, so most of the people she targeted ended up in the dust.

Xie Qiao could see that this vengeful spirit was tainted with a lot of karma.

Therefore, at this moment, when she heard her words, her attitude was cold. "I usually send vengeful spirits like you down there, but this time, I'm afraid I'll have to make an exception."

She would think about how to deal with these vengeful spirits.

Most of them were simply sent down there. Whatever mistakes they had made, there should be a law for them to repay.

However, this one...

Xie Qiao looked at Xie Xi lying on the ground. Her pale face made her lose her kindness..
