

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 828: Go After Them!

Yu Xian was first shocked when she heard Xie Qiao's words, but then she was actually somewhat suppressing her excitement as she said, "I know that there are definitely filthy things in the world. Back then, when I came all the way to the capital city, I really encountered many strange things..."

"So now... Should we think of a way to capture them, or should we look for a master?" Yu Xian hurriedly asked again.

She knew of a master. That master had guided her back then and allowed her to enter the Xie Residence.

Unfortunately, that sage had disappeared in the blink of an eye and they had never met again.

Xie Qiao revealed everything. Only then did she take out the talisman she had with her and cast one out.

Those ghouls were not fools. When they heard Xie Qiao and the others chatting, they immediately ran away.

The talisman seemed to have been blown away by the wind. It rose and fell on the ground, following the direction of the ghouls.

After a few breaths, the pattern on the talisman seemed to have landed on the ghouls' body. Only then did the yellow paper fall to the ground, not moving at all.

With this talisman, she could find out where the ghouls had gone.

It would be fine if she did not see ghouls like them who could do bad things. However, if she saw it and did not care, it would be bad for her.

Since she had cultivated and learned the ability to capture souls, she could not just stand by and watch.

“These ghouls are in a special situation. I’m going to keep a lookout and scout out the way first, then I’ll think about how to deal with them,” Xie Qiao said in all seriousness.

Sometimes, she would take action herself to deal with such a situation.

However, it was different now. After scouting the way, she would bring Zhao Xuanjing along and nourish his dragon energy. In the future...

It would be easy to make him yield if he became fat.

With his insignificant amount of dragon energy now... Tsk, it would be a little ineffective if she used it to inscribe talismans.

Xie Qiao rubbed her nose with a serious look on her face.

Yu Xian was not willing to let Xie Qiao go alone. She dragged Xie Qiao and refused to let go, insisting on going with her to take a look.

Feng Yingying had never seen anything like ghouls. Even hearing about it gave her goosebumps. However, she braced herself and wanted to see the world.

They went back to ride in the carriage. Xie Qiao held the compass in her hand and “pointed” at the direction of the compass.

They had actually left the city.

They walked along the main road, and they were still moving.

The carriage took nearly four hours to stop.

To be honest, Xie Qiao did not expect it to be so far away.

“With the weather, I’m afraid I won’t be able to make it back tonight...” Xie Qiao frowned. This was the trouble of capturing ghouls. There were too many variables. There was no problem for her and Yu Xian to sleep outdoors, but Feng Yingying...

Wen Lancheng would probably be angry.

Feng Yingying was also quite conflicted, but she did not have any intention of blaming Xie Qiao.

She was the one who wanted to follow them.

“It should be fine... With Master Yu around, Lancheng should be more at ease...” Feng Yingying braced herself and said.

It was impossible for her to be at ease.

She had lived for so long and had never spent the night outside except when she was on her way to the capital.

“I’ll think of a way to inform them.” Xie Qiao thought for a moment. She took out a brush and paper from the bamboo basket and wrote a letter. Then, she tied it to the saddle and patted the back of the horse. “Go back the way I came. Go home to look for my father...”

“Young Lady Xie, are you sure it can understand you?!” Yu Xian could not help but be suspicious.

“I don’t think it can understand the last part, but it shouldn’t be a problem for it to go home.” Xie Qiao tried her best to be confident.

After walking for two hours, she thought the situation was bad. However, since she had already come, it would be a wasted trip if she returned. Moreover, her talisman also had a time limit with its effect. She would definitely not be able to find these ghouls tomorrow.

She had no choice but to keep going after them..

Chapter 829: Done For

It was actually not too late. It was not even dark yet.

Xie Qiao’s carriage still had quite a lot of snacks and food inside, so they did not have to worry about going hungry.

After letting the horse go, the three of them looked around while the coachman waited in place.

They had just entered the mountain path.

There did not seem to be anything special about the mountain. There was only a sense of mist and thick clouds, which gave it an otherworldliness.

“There doesn’t seem to be anything special about it.” Yu Xian looked around, then shook her head.
“There’s no sign of it at all?”

“After the sun sets, it should be different.” Xie Qiao could feel a sense of danger.

Before the sky turned dark, Xie Qiao took out a copper coin and began to perform divination.

Yu Xian looked even more curious.

Young Lady Xie could do this? This scene...

Yu Xian could not help but think of that Taoist sage from back then. She was also like this, solemnly holding something and chanting...

Right, their figures were almost the same, and their movements... were exactly the same!

Yu Xian kept thinking that something was strange.

However, Xie Qiao was performing divination seriously, so she was too embarrassed to disturb her.

After coming over for a while, she tilted her head and said, “Young Lady Xie, how is it?”

Before she came to the capital, she would not have believed in fortune-telling. However, things were different now. When she saw this fortune-telling master, she could not help but feel a sense of respect for her!

Those who knew fortune-telling were all amazing!

Xie Qiao frowned and said, "Not too good."

Not only was it bad, there would be a calamity.

She was done for. She did not look at the almanac before heading out today. She was going to fail!

It did not matter if she died on her own. There were also Feng Yingying and Yu Xian, two innocent young ladies. If they were killed because of her, she would not be reincarnated as a pig or a dog in her next life, right?

Xie Qiao's face seemed to be covered in a layer of ice. Then, she took out three stacks of talismans from the basket.

Together with the coachman, each of them stuffed a stack of talismans into their arms.

"Keep them. Don't lose them. This place is bad. There will be bad luck." Xie Qiao was very solemn. Then, she pulled out a few red ropes from the bamboo basket. With some tricks in her hands, she weaved the red ropes into a strange shape and hung them on the carriage.

Yu Xian could not understand it either.

However, Xie Qiao looked serious, which scared the two of them.

“If it’s too troublesome, we can leave now, right?” Yu Xian thought for a moment and asked.

“We can’t get out. Do you believe it?” Xie Qiao said.

Humans and animals were different. Humans were more likely to bring bad luck, and their auras were more complicated. If the horse went back alone, it would definitely have a smooth journey. However, if it brought people with it, it would probably have to circle around this place.

“What do you mean...?” Yu Xian was curious, but there was no fear on her face.

“We bumped into that ghoul today, and our bodies are more or less stained with some bad luck. Therefore, as soon as we entered this place, we should have been trapped. We can’t leave for the time being.” Xie Qiao thought for a moment, and seeing that it was still early, she simply said, “Leave this carriage for now. If you don’t believe me, I’ll take you home.”

Yu Xian nodded. It was still early anyway, so she would give it a try.

Feng Yingying did not feel how terrifying the surroundings were, but she did not dare to say anything after hearing Xie Qiao’s words.

Whatever the two sisters said, she would follow. She was very obedient.

Yu Xian remembered that the path into the mountains was not too far away, so it should be quite easy to recognize it. She called the shots and led the way.

Step by step, she moved toward the outside.

However, after 30 minutes, she saw the carriage.

Yu Xian was a little confused. She pointed in the direction she had been walking in and then pointed at the carriage. "Are we... lost?"

"Yes." Xie Qiao's eyes flickered.

Lost... Hah, they were going in circles..
