

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 845: The Grand Immortal

Xie Pinggang glanced at the others. Unfortunately, it was dark, so he could not see their expressions clearly.

After thinking for a moment, he stepped forward and said to the Crown Prince, "Your Highness, why don't... we get the guards to stay away?"

The Crown Prince understood his intentions and did not stop him.

The group of guards formed a circle and were some distance away from Xie Qiao. At this moment, they should not be able to hear her voice.

"When Master Mo interrogates the ghouls, she usually uses some talismans to scare them and say some vicious words. Don't be like a little girl. Just say some vicious words," Xie Pinggang instructed Xie Qiao.

Xie Qiao nodded.

Then, she said to the ghouls, "Tell me now, or your soul will be destroyed!"

"Yes, that's right." Xie Pinggang nodded.

Zhao Xuanjing pursed his lips. At this moment, he looked at this future brother-in-law. He looked very dumb.

How could such a foolish person have such a smart and sensible sister like Xie Qiao? Could it be that this brother-in-law was picked up from the mountains?

The ghoulish was already uncomfortable from being imprisoned by Xie Qiao's talisman. Now that he heard her, he said weakly, "W-We are here with the Grand Immortal..."

"Brother, he said that he is the Grand Immortal's lackey," Xie Qiao passed on the message in all seriousness.

Xie Pinggang frowned. "Then ask him, who is the Grand Immortal? Is he alive and dead, where is he hiding, and why does he want to harm people?!"

Xie Qiao continued to pass on the message, looking dumb.

Xie Pinggang sighed. This young lady was so foolish that he had to teach her.

The ghoulish was obedient. He shivered as he spoke. "The Grand Immortal is the same as us... But he's very powerful. We will become more and more powerful if we follow him... When Grand Immortal was still alive, I heard that he was a pirate... If we don't listen to him, he will swallow us. H-He has a very powerful treasure..."

Xie Qiao became more serious.

It was probably not an easy task to be able to summon so many ghouls.

"Since your boss is so powerful, why isn't he around?" Xie Qiao asked again.

The other spirits had already run far away when Xie Qiao had trapped the starving ghoulish.

It seemed that they did not expect her to be so powerful.

They were all hiding in the distance, watching.

The starving ghoul did not speak. The trembling ghoul looked extremely weak. Xie Qiao thought for a moment and said, "Is he imprisoned somewhere and can't move?"

Thinking about it, she thought something was wrong. If he could not move, it would be impossible for him to recruit so many underlings.

"This Grand Immortal can swallow you alive, but I might be able to make you a poor person for the rest of your life. Every time you reincarnate, you will be poor and starve to death." Xie Qiao's face was flushed red as she said big words.

She really did not have this ability.

It was not like she was the King of Hell.

However, she could communicate with both worlds. To this ghoul, she was probably an unfathomable big shot, so he would definitely be a little afraid.

Sure enough, when she said that, the starving ghoul revealed a terrified expression!

He would starve to death for the rest of his life!

He did not want to!

The feeling of being hungry was too painful. His body was like a hole that was never filled. He would always be missing something!

“Although the Grand Immortal can only be confined around the coffin, he has a descendant... His descendant could bring him to capture us...” the starving ghoul was extremely afraid.

Xie Qiao was surprised. She thought it was just a matter of the ghouls. She did not expect it to involve the living.

“In other words, the descendant is not here tonight, so although your Grand Immortal knows that we are here, he can’t come and kill us?” Xie Qiao smiled faintly.

At this time, the night was dark and gloomy. They could not make a move at this time. By the day, their strength would definitely be greatly weakened.

However, they had to find out who this descendant was..
