

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 849: Isn't She Courting Death?

In reality, many ghouls were looking forward to being reincarnated.

However, after they became ghouls, they knew more than the living.

Hell was not a good place either. Those who were lucky would settle their karma and be able to be reincarnated. However, most ghouls had to suffer a little and pay off their debts before they could be reincarnated. If they did not... they would not have a good ending in their next life.

Therefore, those who still had their obsession were also a little afraid and worried. That was why they stayed in the world of the living for a long time.

There were many souls in the world of the living. As long as they did not break the rules, they would be safe and sound.

However...

The problem was that they had broken the rules!

The old Taoist master from the Yuxu Temple had chased after them before. Fortunately, they ran fast and did not suffer any harm!

However, they did not expect that there would be an even more powerful one. Look at this Taoist master. Her pair of yin-yang eyes had seen through them. They really did not dare to move even if they wanted to!

Once Xie Qiao arrived, she took out the soul-summoning bell and shook it a few times. While muttering to herself, she tossed a talisman again. In a short while, the spirit closest to her was trapped.

“Lead the way. Be obedient. My talisman won’t stand in the ceremony with you.” Xie Qiao was expressionless.

Zhao Xuanjing did not find it odd at all that she was changing her identity back and forth.

“M-Master!” The ghoul shivered, opened his mouth, and dropped his chin. He hurriedly put it on.
“Where to...”

“To find the location of the Grand Immortal. Is it a coffin or a cave? There must be a place to go, right?” Xie Qiao said slowly, looking very confident.

Her attitude made Xie Pinggang feel that this matter was settled.

“I...” The ghoul hesitated.

However, in an instant, the other talisman that the master threw out exploded with a faint flame. If the flame burned his body, his soul would probably be burned.

“Yes...” he quickly admitted defeat.

Xie Qiao then looked at Zhao Xuanjing. “Let’s go. Let’s find their nest first and take a closer look at the situation.”

These guards had enough Yang energy. The only one who lacked Yang energy was Qin Zhi. He had been staying in the city after they sent him back to the capital.

However, Xie Qiao still gave each of them some talismans to ensure their own safety.

In reality, these guards had wanted to search the mountain before Master Mo arrived, but the Crown Prince did not allow it.

The Crown Prince said that this place was filled with dark energy, and they did not understand the concept of yin and yang. If they accidentally touched something that they should not, it would be terrible.

They had already cooked and eaten a portion of the wild beasts on the ground, and the rest were tied up and hung on horses.

The two of them left with the goods, while the rest followed Xie Qiao.

“Master, are the people of your Taoist temple so full of justice when they see filthy things?” After taking a few steps, Xie Pinggang thought for a while and went up to ask.

Xie Qiao nodded. “More or less.”

After learning the skill, she naturally had to take some responsibility.

Even her good-for-nothing master, the old man, had to do some good deeds every year. Otherwise, all his skills would be wasted.

“My sister was born with terrible health. She lived everyday like it’s her last. Master, can you tell that wretched girl to mind less about this in the future?” Xie Pinggang was thick-skinned, “It’s not that I’m

stingy and selfish. It's just that she has been living an unusual life since she was young. She has been following the old master for a long time. Now that she has finally returned home, I hope that she can simply be a wealthy young lady and marry someone to have children in the future."

It was rare for Xie Qiao to hear Xie Pinggang speak so gently. She felt rather guilty.

However, before she could feel the warmth, she heard Xie Pinggang say, "That wretched girl is too reckless. She actually brought two other women who didn't know anything here yesterday.. Isn't she courting death?"
