

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 865: Living Under Someone Else's Roof

Li Yan's legs went weak, and he collapsed to the ground.

"It... has nothing to do with me..." he saw the token hanging on Xie Pinggang's waist, and he was so scared that he trembled. "Sir, sir... I didn't commit a crime..."

"I was just walking around with something! I-It was my ancestor who asked me to do this in my dream. I didn't hurt anyone!" Li Yan added.

"I see that you're quite gutsy." He still dared to lie.

After Xie Pinggang confirmed this matter, he did not say anything more and turned around to leave.

If this kid was really innocent, he could pay the master to get rid of his bad luck for him so that he would not be implicated by his evil ancestor for no reason.

However, since he deserved it, he did not care.

After Xie Pinggang left, Li Yan still did not dare to move.

He knew what this master was talking about...

At that time, he did just walk around according to his ancestor's wishes, but later on, he could feel that wherever the reishi mushroom went, the people would have bad luck, and the severity would be different!

Later on, at night, he went to that mountain. The chilly wind made people very uncomfortable. At that time, he thought that perhaps... his ancestor had some extraordinary abilities. Therefore... he often prayed in front of his ancestor's tomb...

"Master Mo, shall we go?" Xie Pinggang asked.

"There's no rush. Something seems to have happened to his cousins. Young Master Xie, come with me to take a look?" Xie Qiao said.

"Something happened?" Xie Pinggang did not understand.

"Since Li Yan knows the abilities of his ancestor, how could he not complain to him?" Xie Qiao said.

"You mean... he pretended to know nothing, but in reality, he told the ghouls what kind of bullying he had suffered and then instigated the ghouls to take revenge for him? I asked around just now, his uncle's family treated him quite well. They didn't beat him up or scold him, and he lives a rather harmonious life with his cousins..."

"But... The ghouls told me that his descendant didn't have enough to eat and was beaten up. If these neighbors and the ghouls weren't lying, then he must have been talking nonsense to the ghouls," Xie Qiao added.

Li Yan had a benefactor.

Considering that he had lost his parents at the age of ten and was able to live a decent life until now, this benefactor must be a relative of his uncle's family.

His so-called being bullied was probably just his overthinking of living under someone else's roof.

Moreover, he had not gotten married at the age of seventeen or eighteen, so he could not help but secretly complain. He blamed the world for being unfair and his bad luck. If he thought too much, he naturally felt that everyone in the world was bullying him.

Of course, they still had to go in to see if that was the case.

Xie Pinggang went to investigate directly.

Xie Qiao also entered Li Yan's uncle's house, and indeed, she saw a cloud of sorrow and misery.

There were actually a few ghouls that followed the three sons from his uncle's family. They were all ghouls that had been tainted with blood and energy, so their influence was also greater.

Xie Qiao did not say anything else and directly put away the ghouls. This family was still confused, but because the people who came did not seem to be ordinary, they did not dare to say anything.

As soon as Xie Qiao put away the ghouls, the breathing of the three patients on the bed seemed to be much smoother.

"Master, are my children possessed? Are they alright now?!" The master of the house looked anxious.

The three sons began to fall ill one after another. They were muddle headed as if they had lost their souls. The doctor came by several times, but they just would not eat the medicine!

"They're healed." Xie Qiao nodded.

“Thank you, Master, thank you! I just don’t understand. My sons were fine, how could they be possessed...?” as he said that, he could not help but wipe his tears..
