

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 872: The Three Financial Backers

Mo Chusheng's appearance was not comparable to these two scheming junior brothers, but it was not bad either!

Moreover, she was less worldly compared to them. In terms of temperament, she definitely could not lose!

She could not use her strengths to avoid her weaknesses and remove her makeup, but she could bring out her image as an expert!

Xie Qiao smiled faintly in the wind. Zhou Weizong and the others were dazzled by what they saw.

They almost knelt down.

The three masters he had to serve had all gone out of their minds, right?

Was it not perfect to wear a black, blue, or gray robe when going out? It was clean and practical. If they encountered danger on the road, it would be better to avoid being conspicuous!

However, they were actually wearing white together. Did they not find it attention-seeking?!

Moreover, the bearing of these three people was simply like the bright sun and moon. People already did not dare to look at them too much. Now that they were so exquisite... Oh no.

By the roadside, many people could not help but look over.

Xie Qiao swept the horsetail whisk in her hand and smiled slightly. She nodded slightly and got into the carriage.

Xiao Yurong and Zhao Xuanjing followed closely behind. After they got into the carriage, the convoy set off!

Mengjiabao was not very far away, but it was not close either.

Xie Qiao's carriage was the best one. After all, she was the eldest senior sister. Now that they were out, they were valued according to their seniority. The Crown Prince's status was useless at the moment.

She focused on inscribing talismans.

She inscribed one or two talismans, it was very smooth.

They stopped twice on the road, but it was not long. It was not until evening that they arrived at an inn in the wilderness to rest.

This inn was beside the official road, and business was good. Xie Qiao was not in a hurry to get off the carriage. When her two junior brothers settled down first, she lifted the curtain at the end of the carriage.

The two junior brothers were actually quite sensible, walking over to help her.

Xie Qiao nodded slightly, full of air.

In terms of heart and mind, her junior brothers could not be compared to her, the eldest senior sister!

“Senior Sister, are you tired? The upper room is ready.” Zhao Xuanjing was like an ordinary junior brother at this moment, not putting on any airs at all.

“Let’s get something to eat first.” Xie Qiao smiled slightly, but she still maintained her bearing, not revealing the slightest flaw. No matter how one looked at her, she was a Taoist master in the city.

At the moment, the people sitting in the inn were all dumbfounded.

The waiters were all stunned on the spot.

Zhou Weizong had come a step ahead and arranged the rooms. However, at this moment, when they saw the three distinguished guests, the waiters could not help but gulp.

The shopkeeper slapped the waiter’s head. “Hurry up and serve the tea!”

“Eh? Eh!” The waiter felt as if he was stepping on cotton.

This... was an inn. It was in the middle of nowhere and the back of the inn was empty. The guests were all travelers!

Even those masters who got out of the carriage looked exhausted. They did not look very energetic, unlike these three...

It was obvious that they came from an extraordinary background and had a lot of wealth!

“As your senior sister, I have the responsibility to take care of you when we’re out. What do you want to eat? Feel free to order. All your expenses along the way will be charged to my account.” Xie Qiao smiled kindly at her two junior brothers.

Xiao Yurong was flattered. “It is my duty to show respect to you, Senior Sister. How can we let you spend money?”

“In that case, Senior Sister will only pay for my food. Eldest Senior Brother will pay for himself. Don’t worry about it,” Zhao Xuanjing said casually.

Xiao Yurong looked at him in confusion.

His Highness was not short of money!

How much money could senior sister’s shop make? How could she spend so much money on them?

This journey... was still long to go. When they reached Mengjiabao, they had to spend money in many places.. Naturally, they had to take care of their senior sister!
