

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 929: I Hope You Can Understand

Sang You was very resistant to the bed and to himself. He fumbled around and took out a piece of white jade.

He had seen a lot and could tell at a glance that this jade was of high quality. "Where did you get it?"

"Senior sister gave it to me. I heard that Meng Yin's ghouls are in it. If Senior Brother doesn't like it, you can tell senior sister later and remove the ghouls away... Well, senior sister... is a Taoist master. She can capture souls. She's very powerful." His voice sounded awkward.

Did he... really believe it?

He did not know. He had never seen it before.

However, after thinking about it for so many days, he finally came to a conclusion. Senior sister would not lie to him about such a big matter.

His mind was in a mess. It was terrible.

"Senior sister is naturally the most powerful. Teacher told me earlier." Sang You nodded. He was still a little weak, "Senior sister won't dislike my appearance... It's too ugly. I don't have any disposition at all. My appearance isn't what it used to be..."

Sang You sighed after he finished speaking.

“Senior Brother, what about Meng Yin? He’s a ghoulish...” he did not know if the ghoulish existed or not.

“I know. I dreamed about it.” Sang You did not care. “He can stay in this jade, it doesn’t matter.”

Jiang Jinlu and Sang You had a good relationship. Hearing his words, he thought for a while and asked seriously, “Senior Brother Sang, do you think ghoulish exist? But we can’t see them, right? But why some people can? Is there really people who cultivate this world? If that’s the case, doesn’t it mean that

even attaining the dao and becoming immortal is not a dream?”

Sang You reclined. “The world is so big that there are all kinds of strange things.

“Although I’ve been lying unconscious recently... Junior Brother, believe it or not, it seems like there’s someone else’s life in my mind. The Meng Yin you mentioned, I actually know him very well...

“But I’m also sure that I’ve never seen that person before. This kind of thing can be considered very mysterious and weird, right?”

Jiang Jinlu was a little speechless.

He really wanted to convince himself, but every time he tried hard, the scene of his mother’s death would appear in his mind, and he would think of that witch’s unbridled way of harming others.

Once he believed Xie Qiao, it would be like betraying his mother.

He had to think carefully.

Jiang Jinlu wanted to say something, but she stopped himself. Sang You had not fully recovered yet, so it was not suitable to have a long conversation with him.

Moreover, he did not want to talk about this at all. He only hoped that he could wash his face and make himself smell good!

Forcing himself to hold his body up, Sang You dressed up in a “flamboyant style”.

‘When Xie Qiao appeared, she was really dumbfounded.

Earlier, when Sang You was lying on the bed, although she could see that his looks were not bad, his temperament was somewhat affected by his sickly appearance. However, at this moment, this person’s hair was neatly combed and he even stood upright stubbornly. He was wearing a royal blue ice silk

robe and a crown of jade on his head. His face was slightly ruddy.

And that smell

Xie Qiao was very familiar with it. It came from rouge and powder.

It was really thick with the fragrance of flowers. What a coquettish person!

“This disciple has made Teacher worried.” He cleared his throat and then bowed to Li Shiyao. After Li Shiyao asked him to sit, the fragrance became even stronger the moment his robe was lifted.

Xie Qiao looked at the waist of her junior brother.

There was actually a fragrance bag hanging on it!

His junior brother cared more about his image than she did! He was already so sick, yet he still tidy himself up so neatly. He was simply a role model for the rest of them!

Xie Qiao's eyes revealed a look of admiration.

However, Xie Qiao coughed dryly and said, "Junior Brother Sang, have you seen that white jade? The quality... is amazing, right? It costs 5,000 taels of silver. Remember to pay me back later. Of course, I've also prepared a welcome gift for you, but it has nothing to do with this... This is a life-saving gift, so

it's terrible for you to owe me that. I hope you can understand."
