

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 940: Guessed It

After all, the spirit of this little girl never thought that a Taoist master would suddenly appear one day to fulfill her wish.

Therefore, at this moment, she was still a little confused.

Should she take revenge, or... let her family live a more comfortable life?

Perhaps it was because she was too aggrieved and pitiful when she died, but at this moment, when she thought of her family, she was still a little confused and resentful.

Why did her mother agree to send her to the brothel? Why did they listen to Master Ma and abandon her.

She was willing to do it for her father, but she also felt uncomfortable and sad.

"Thope you can get this charlatan to return the money to my mother so that he can't swindle others... That's all." The ghouel thought carefully and finally made a decision.

She knew that if she asked for too much, she would not be liked and would not get anything in the end.

Thinking carefully, the reason why she hated Master Ma was mainly because he cheated her family of the money. For the money, he did not hesitate to ruin her life.

“Sure.” The corner of Xie Qiao’s mouth curled up as she agreed.

After she finished speaking, Xie Qiao left a harmless tasliman on her body, mainly because she was worried that she would go missing.

“How much longer do you want to chat?” The old fraud was a little impatient.

This peer was a little scary.

Her gaze was too convincing, as if there was really something dirty next to him!

“We’ve just finished chatting.” Xie Qiao smiled, then she looked at the old fraud. “I talked to this spirit and found that you have a big debt that causes your temple to turn black. This is very difficult to solve. How is it? Do you want me to tell you fortune for you?”

Xie Qiao played with the silver in her hand.

“Hmph...” the old man scoffed. “We’re all in the same profession, so I’m very familiar with your words! But for the sake of the silver, you can do whatever you want.”

‘When he said this, Xie Qiao smiled.

She took out a turtle shell and placed copper coins inside, shaking it.

Looking at the pattern of the copper coins, Xie Qiao frowned and then looked at this old man carefully.

‘When she got closer, the lines on his face were very clear.

“You... have two fathers?” Xie Qiao suddenly said and added, “Yes, it’s wide and square. It shows that your father is a rich man. However... your ears are uneven with red and white. If you look carefully, your ears are a little different. One is big and the other is small. Therefore, although you had the

protection of your elders when you were young, your family is declining and your family is ruined.”

The old fraud’s face trembled.

She was being serious in telling his fortune.

However, what she said... was actually quite accurate.

“Although your father’s generation was wealthy and noble, it damaged your karma and it should be on you. Therefore, when you were around 12 years old, you had great ups and downs, and the difference was huge.” As Xie Qiao spoke, she gestured for him to open his palm.

“There are three tribulations in your life. One is affected by your elders, one by a woman, and the other one should be on you. It hasn’t arrived yet, but it will soon.” Xie Qiao was mysterious, “If I’m not wrong, you had a son in your life, but unfortunately, he died early, right?”

About what happened to his son... She only guessed it.

This person was old and had experienced too much. Many things could no longer be seen clearly.

The wrinkles on his hands were a little flat, and there were too many wrinkles on his face. It was hard to tell.

However... When she got closer, she saw the old fraud's belongings. There was an old and faded toy inside. The color was a little dirty and dark. It was probably owned by his family.

Things that were too detailed could not be seen, but Xie Qiao figured out that he had no children, no wife, and was a lonely old man..
