

# THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 977: Bring Prosperity to the Family

After Xie Qiao asked, Feng Yingying did not think much about it and directly nodded.

“We have met before. When my husband and I were not married, we had met before. That Commandery Princess was very good-looking and also wealthy. On the day of the wedding banquet, I covered my head and only vaguely heard the sound and saw the clothes she was wearing, Later, I heard the

steward say that the Commandery Princess was not invited to the wedding banquet. I don't know why she came, but because of her noble status, it would be bad to treat her terribly.” Feng Yingying said very carefully.

“Then what did the Commandery Princess say?” Xie Qiao asked again.

“You're asking this question... because she isn't lovesick, but possessed? Recently, I have been hearing that the Commandery Princess is not feeling well, and I feel quite guilty... but if she is sick, she should not look for Master.” Feng Yingying frowned slightly.

She did not like the Commandery Princess.

That person liked her husband and wanted her to give up her position. No matter how good-looking she was, she would only feel disgusted.

However, she thought the girl was still young and only started to fall in love. It would be a pity if she lost her mind because of this.

“It’s not that she’s possessed. She just lost her soul. I’ll look for it and bring it back to her when I find it,” Xie Qiao said casually.

“Then we’ll have to look for it. It’s rumored that this happened because of my husband. It’s really terrible.” Feng Yingying sighed.

Yu Xian saw her like this and said, “Master, although we don’t like the Commandery Princess, we still hope that she can get better. Ms. Ying’s life would be better if she gets better.”

“What do you mean?” Xie Qiao did not understand.

“It’s all that gossip outside. They can say anything they want.” Yu Xian was so angry that she clenched her fists.

Feng Yingying did not hide it. “Some people say that Lancheng and the Commandery Princess are a match made in heaven, but he married a lady from a small family like me. I don’t bring honor to the family. Because the Commandery Princess is very sick, and some people say that I may have poisoned

her... I really have a grievance to complain about. Firstly, the Commandery Princess didn’t drink the tea I poured, and secondly, she didn’t touch the pastries I made. Could I have spit out a few drops of saliva and poisoned her to death?

“They only want to say what they want to say. Who cares about others?” Feng Yingying was also very depressed.

Her husband was too good.

However, she never felt that she was not worthy!

Yes, she came from a small family, but she was diligent and sensible. She was reasonable, virtuous, and good-looking. If her husband married her, she would definitely bring prosperity to the family, so he would not criticize her!

“After the marriage, Lancheng’s colleagues should have some contact with each other, but after the rumors spread outside, those women did not dare to invite me out, for fear of offending the Prince’s Residence,” Feng Yingying added.

Xie Qiao understood.

It would be bad to offend such a noble family. Even if Wen Lancheng was the new top scorer, his foundation was not stable. It was quite troublesome for such rumors to spread at this time.

“Then do you know if the Commandery Princess spoke to Master Wen that day? How long did she stay?” Xie Qiao asked.

“She did.” Feng Yingying felt a little awkward and glanced at Xie Qiao, she said honestly, “That day, after the ceremony, I was sent back to my bedroom. My husband went with me and drank the wedding wine. He had to deal with the guests at the front, so he left. But when he reached the door, he was

blocked by her.

“Twas inside. I wanted to sit in a reserved manner, but I heard a familiar voice. I couldn’t ignore it, so I sneaked to the door and listened.”

Feng Yingying did not feel that there was anything wrong with what she did.

After going through the ceremony, Wen Lancheng became her husband, her own husband. She could not be at ease when he chatted with the young lady who admired him. She had to understand the content, or it would be detrimental to the relationship between the husband and wife in the future..
