

THE PRINCESS CONSORT HAS A LETHAL DESTINY

Chapter 988: One More Calamity

On the way to Prince Yong Lin's Residence, Xie Qiao slept for a while, but it did not help her spirit much. Her entire person was still listless.

'The maid Huan'er from yesterday had already been sent back to the residence. The princess already knew the ins and outs of the matter.

She was so angry that she had people drag her out on the spot and beat her up 20 times.

If her daughter was still alive, this maid who was hiding the truth could be spared. However, if her daughter was dead... she could not tolerate it!

After suffering for an entire night, when she saw the master today, the princess' heart jolted and she felt a little uneasy.

"Master, what's wrong?" The princess asked carefully.

"It's nothing. I was busy for an entire night yesterday and I'm not in good spirits." Xie Qiao's voice was a little hoarse and weak.

The princess let out a sigh of relief. "Master, you've worked hard. There are a few good old ginseng plants in the residence. I'll bring them to you in a while. You must take care of yourself."

Xie Qiao did not stand on ceremony and nodded. "Thank you."

The mountain ginseng plants in the Prince's Residence were definitely rare and top quality. It was good to keep them and make medicinal pills to be consumed.

She would just take less money.

Zhao Jialing was still crazy and silly today. As she was tied up, there were many bruises on her body. She looked quite pitiful.

If only she was a simple teenage girl.

Unfortunately, this girl was spoiled.

'Xie Qiao released her living soul.

As she chanted the incantation, the living soul went into Zhao Jialing's body. Almost instantly, she suddenly stopped moving. She was a little confused and a little scared.

She turned around and saw the princess. "Mother!

"I killed someone, I killed someone... I'm so scared!" Zhao Jialing directly shouted at the top of her voice.

This scream made the princess cry with joy. She rushed over and said, "It's okay, my child! That person didn't die! It's not your fault, he's a bad person, a bad person. You did a good job, you did the right thing!"

She was not wrong.

Zhao Jialing initially had evil thoughts, but after thinking about it, she actually did not do anything.

That Bao Yi was even more evil to her.

“I’m so scared, Mother... He bullied me, I almost...” How could Zhao Jialing still have an arrogant look?

The princess had someone loosen the rope and then comforted her daughter. Zhao Jialing’s heart was suffering a great deal, and she could not leave her side.

Xie Qiao handed over an ordinary jade pendant. “It’s used to nourish the soul. Wear it for 49 days.”

“Thank you, Master.” The princess quickly thanked her.

“and...” Xie Qiao glanced at Zhao Jialing. “She still has one more calamity.”

“Master, please enlighten me!” The princess’ heart skipped a beat.

“Don’t worry. Your daughter has a rich and noble fate. Logically speaking, she can marry a good young man and have a stable life for the rest of her life. However, there is still some bad luck on her body. She needs to let things go, don’t be angry. As she had lost her mind since her soul left her body, it’s

easy for her to have resentment. If she has resentment, no matter how good her fate is, it won’t be able to save her.” Xie Qiao continued.

‘When the princess heard that, she looked at her daughter worriedly. “Ling’er, did you hear that? It’s all thanks to the master who saved you this time. Otherwise, you would have been crazy and foolish for the rest of your life!”

Zhao Jialing's eyes were hazy.

“People out there say that you got lovesick because of a man. Think about it carefully. Do you feel comfortable listening to these words?” The princess did not spoil her child. The reason why her daughter behaved like this was mainly because this child had been pampered by the people around her since

she was young, She had not suffered any blows.

Now, she did not mind giving her daughter a few more blows so that she would understand some things in the future!
