

The Return of the God of War [The Protector] Chapter 3187

I don't know what Levi Garrison is going to do to them.

Yelling one by one.

But they are still tough enough!

There is no possibility of repentance and apology at all!

I have been blaming Levi Garrison!

But Levi Garrison ignored it at all.

Roughly drag them!

If you encounter large rocks or trees ahead.

Levi Garrison didn't dodge either, and pulled them abruptly.

Either the stone shatters, or the tree bursts.

It didn't take long for a few of them to be scarred.

Soon after, the dragged people fainted.

They were really hurt too much.

Levi Garrison couldn't even scold Levi Garrison before he passed out.

One by one his voice was hoarse.

When they woke up, they had already been thrown in one place by Levi Garrison...

Black Sky Alliance Headquarters!!!

Levi Garrison had just rescued them from the Black Sky Alliance, but they neither appreciated nor recognized them.

Then Levi Garrison handed them over to the Black Sky Alliance and put them in the previous danger.

Let's see if it will be as they say – if God will kill everyone in the Black Sky Alliance.

Levi Garrison is looking forward to it!

Levi Garrison asked Jiao Tianyu to find out the Heitian League base camp.

It is located in a deep mountain in a third-level forbidden area.

hard to find.

Then he brought Sui Qingqing and his party all the way here.

Throw them at the Heitian League base camp.

However, Levi Garrison did not leave.

He had to take a good look. If he didn't save him, how could this group escape from the Black Sky Alliance?

What they said themselves was that they would not die here in the Black Sky Alliance?

They should not die!

Even if he didn't save him, someone else would save him!

Even the gods will send down thunder to kill them!

...

In short, even if Levi Garrison didn't save them, they would survive.

The people of the Black Sky Alliance will not kill them at all!

But Levi Garrison didn't believe it!

He wants to see if this group of people can survive the encounter with the Black Sky Alliance.

He did the good things to the end and sent them directly back to the base camp of the Black Sky Alliance.

Now he is standing on the top of the mountain, watching everything in the base camp of the Black Sky Alliance.

When Levi Garrison threw these people at the Heitian League base camp, the place soon became chaotic.

thought the enemy had invaded.

But the anomaly was soon discovered.

Not to mention the injuries, these people were tied tightly by a rope, and they all passed out.

Soon after, several people who had escaped from Levi Garrison before arrived.

Surprised!

"It's them! It's them! I know them! Sui Qingqing, Xi Mengxiang and Fan Yunpeng!"

"Huh? Strange? Weren't they rescued by the mysterious man? Why were they sent back?"

"Still tied up?"

...

Confuse!

So confused!

They can't understand the clues in this!

Competing with brains, I can't figure out what's going on...

"They feel thrown from a height, that's what God gave us!"

"They have a lot of resources! Just grab it!"

"Hey, there are these two little girls, they are really watery! I have been thinking about them for a long time! Later...hehehe..."

"And these three men, who are also fair-skinned, have some for you..."

"My beasts like it, so I will feed them. These two old beasts of mine can also eat them... Hahaha... Let's grab the treasures from them first!"

...

Since it fell into their base camp.

They didn't have anything to worry about, they just started to grab it!

After all, according to the information, this group of people brought a lot of heaven and earth treasures with them.

More than they thought!

Sui Qingqing and the others all fell asleep.

There was a vague feeling that someone was groping on them.

All of them woke up now.

“What are you doing???”

“Why? Who?”

The Return of the God of War [The Protector] Chapter 3188

Several people in Sui Qingqing woke up.

Immediately want to get up.

It's just that everyone was tied up with ropes and couldn't get up at all.

Instead, several people slammed into each other fiercely.

After the reaction came, everyone looked around.

Surprised to find in an unfamiliar environment.

All around them are people.

He also looked at them with fiery eyes, especially the few harassers beside Sui Qingqing came out.

“Where is this? Who are you?”

Several people asked in horror.

“This... this is a member of the Black Sky Alliance!!!”

Fan Yunpeng recognized it

What? Black Sky Alliance?”

The others trembled all over, and their faces showed unprecedented horror.

They also recognized it.

Especially the few people who were close to Sui Qingqing, weren't they the ones who escaped in front?

Where is the Black Sky Alliance?

They took a cursory look.

There are at least hundreds of people around!

This is the nest of the Black Sky Alliance, right?

Why so many people?

Incredible!

"Let me tell you where this is? This is the headquarters of the Black Sky Alliance!"

"You guys are so brave, there is a way to heaven, you don't go, and there is no way to hell, you just go!"

"You don't run far away, you even bring it to the door yourself! Hahaha..."

...

Hearing everyone's laughter, everyone is going crazy!

"What? Black Sky Alliance Headquarters???"

The seven people in Sui Qingqing are going crazy! ! !

How did they come to the headquarters of the Black Sky Alliance?

They won't come to this place even if they are killed!

correct!

Suddenly they thought of Levi Garrison!

Before falling into a coma, Levi Garrison tied them with a rope...

Remember!

It's him! ! !

"This bastard! He even brought us to the headquarters of the Black Sky Alliance! I killed you!"

Sui Qingqing shouted loudly.

"Damn it! He actually cheated on us?"

Fan Yunpeng was about to explode with anger.

"How can there be such a bastard? Aaaah..."

...

At this time, they suddenly remembered that Levi Garrison asked them to thank them, but everyone treated them like that.

It is said that Levi Garrison saves himself by himself, and it has nothing to do with them at all.

He also said that Levi Garrison saved them for substantial benefits.

It was because of the beauty of Sui Qingqing and Xi Mengxiang, to get them!

In the end, they even said – "Let you be saved?", "We will be saved by others without you!", "We should not die, we will not die in the hands of the Black Sky Alliance!", "Even if there is no With you, God will also hack the people of Heitian League to death!"

These are complete nonsense.

Where is the god hacked to death?

When it is in danger, it is called Tian Tian not working, and the earth should not be able to!

Is there anyone else to help?

They are not angels, and they never saved the world in their previous life!

Why should anyone save them!

It was just luck that they met Levi Garrison and helped them solve the Black Sky Alliance.

Everyone's heart is like a mirror – if there is no Levi Garrison, all of them will be dead today.

Sui Qingqing and the others will also face the miserable end of becoming tools!

As a result, they got used to being domineering and domineering, and they were not good things, and they were not good things.

Where can I know how to be grateful to others.

It's fine without a rake.

This is their normal way of doing things!

Insulting Levi Garrison like this!

Levi Garrison just wanted to see if this group of people could escape the danger if he didn't save them.

Understood!

At this moment, they finally understood why Levi Garrison sent them to the headquarters of the Black Sky Alliance.

Just to verify their absurd statement – without Levi Garrison to save them, they can escape from the Black Sky Alliance!

If no one comes to save them, God will also send down the thunder to kill the people of the Black Sky Alliance!

It is estimated that Levi Garrison sent them to see if it would be like what they said!

Who might be watching in the dark?

The Return of the God of War [The Protector] Chapter 3189

After Sui Qingqing and the others sorted out all this, they subconsciously looked at the surrounding high places.

It was really expected by them, Levi Garrison was really observing from a high place.

“Now that you are in the hands of the Black Sky Alliance, how can you escape?”

“Let's see if it will be so lucky, someone will come to rescue you!”

Several people from the Black Sky Alliance laughed wildly.

There is none!

Where is there anyone to save them!

It was good luck to meet a master to save them!

Their luck was ruined abruptly by them!

They killed themselves, everything is their own fault!

How can you treat your benefactor like that?

Isn't it right to say thank you?

Also blame the benefactor for bad intentions!

Abruptly to other issues!

Only now did I know that it was the benefactor!

Just know to cherish it!

regret!

Just so sorry!

They're going crazy!

You can't blame Levi Garrison for all this, just blame them for being cheap!

Are you saying you can escape without anyone?

Now the scene is reproduced!

See how you escaped from the clutches of the Black Sky Alliance?

"Come on, grab it!"

The people of the Black Sky Alliance started to grab the treasures from them.

After a while, the treasures on everyone's body were cleaned up.

"The rest is to divide them! Hehe..."

Everyone looked at the crowd with terrifying smiles.

Sui Qingqing and the others were all frightened.

One by one panicked.

Regret to the extreme!

If they were given another chance, they would definitely say thank you to Levi Garrison.

wrong!

He should kneel down and kowtow a hundred times to repay him for saving his life!

But where in the world is there any regret medicine?

At this time, I saw a burly man about two meters tall.

He even led seven or eight wolves to the field.

After these eight wolves were affected by the spiritual energy, they became bigger and more terrifying.

“Then these will belong to my babies!”

The burly man looked at Fan Yunpeng and the others and smiled.

The eight mutated wolves he was holding in his hand couldn't hold back the smell of blood.

Roaring wildly at Fan Yunpeng and the others...

“what!!!”

“Save us?”

“We were wrong...”

Fan Yunpeng and the others were struggling frantically.

It's just no use calling anyone now!

Regret is of no use!

They were praying that someone would come down from the sky to save them!

But impossible!

The only thing that fell from the sky was the mutant wolf that had been hungry for three days.

After the burly man let go, the eight mutant wolves rushed towards Fan Yunpeng and the other five.

“Bang bang bang...”

“Ah ah ah...”

At first they could still struggle, and then there were bursts of screams.

The strength of these mutant wolves is too powerful.

Even if they are not injured, they are unable to deal with their strength at their peak, not to mention that they are injured like this.

Soon they became food, from head to toe.

Even the bones, these wolves, will not let go.

Sui Qingqing and Xi Mengxiang witnessed everything from the side—the shocking picture of their companions being eaten up by the wolves, and there was nothing left.

They were going to be terrified.

The body can't stop shaking!

The cold sweat also kept coming.

They're all going to be stupid!

So sorry!

The two of them cried directly.

Cry so much that it rains!

The Return of the God of War [The Protector] Chapter 3190

The figure of Levi Garrison was all in his mind.

What's up with an apology and a thank you?

Just move your mouth!

What if Levi Garrison wanted them?

Wouldn't it be nice to have a relationship with a superpower?

...

Seeing their companions like this, they all cried.

"They are ours!"

Everyone in the Heitian League saw Sui Qingqing's two stunners, and they were all crazy.

Pick up the two and go...

Next, their fate is even worse than Fan Yunpeng and the others!

In the end, the two of them had to die, and they were tortured to death, both physically and mentally!

Fan Yunpeng and the others at least died quickly without much pain!

But Sui Qingqing and the two will be miserable next.

The two struggled desperately, but no one would come to save them.

The people who saved them were forcibly turned into enemies by them!

"Hahaha, it's delivered to the door, what are you struggling with???"

"Ha ha ha ha....."

Everyone in the Black Sky League burst into laughter.

Not bad!

There are so many treasures from heaven and earth, and there are two beauties.

Seeing that everything was over, Levi Garrison also left.

"It turns out that God will not hack them to death! You are lying!"

Levi Garrison just wanted to verify whether what they said was true!

The result is not...

There were screams in the valley.

Levi Garrison also left.

He continued to explore in the first-level forbidden area, trying to find some treasures.

Really let him collect some good stuff.

“It’s just that the recovery time of the spiritual energy is too short. Otherwise, nourished by this rich spiritual energy, in a few years, there will definitely be an absolute magic medicine!”

Levi Garrison muttered to himself.

time is too short.

Now there are heaven and earth treasures everywhere.

However, it will take years to accumulate the treasures of heaven and earth that can unlock Levilia’s poison, and it will definitely not work in a short period of time.

Hope is still on Yan Zangsheng and the magic medicine he possesses.

really.

Now the matter of Daxia’s genius doctor can’t be hidden.

Known by the whole world.

Every national power casts crazy and fiery gazes.

It doesn’t matter if you are a genius doctor or not.

After all, as long as it’s not intractable diseases, people’s physique can be solved by inhaling a little spiritual energy.

What everyone mainly thinks is that Yan Zangsheng can change the physique of the human body and create a means of deity.

During this time, many artificial means of creating gods have emerged.

Among them, the Hydra method on the War Bear Country side is the most efficient.

Successfully created a god.

Ready to start mass production.

However, the efficiency is much worse than that of Yan Zangsheng.

Basically, as long as the resources and personnel are in place, Yan Zangsheng is almost 100% effective.

How can this make people not jealous?

Everyone wants it!

Daxia naturally expected this as well.

Someone will definitely come to rob Yan Zangsheng.

It is difficult to keep Yan Zangsheng.

They also specially called Tian Ce Young Commander to protect Yan Zangsheng.

For this purpose, the common plan of Yanlongwei and Tiancefufu is to ask the divine doctor to create more gods for Daxia.

After deliberation, Yan Zangsheng agreed.

There are many candidates for the creation of gods, in addition to Tiancefufu, there are also the group of people from Kunlun College at that time.

Qinglong and Qilin are the first choice.

It takes resources to create gods.

Need a lot of heaven and earth treasures and aura crystals.

Treasures of Heaven and Earth are used to improve and strengthen everyone's physique, while Reiki crystals guarantee a large amount of high-purity Reiki.

There are not many stocks in Daxia.

Two gods have been created, and the resources that have been saved have been exhausted.

Who will rely on the next resources?

Levi Garrison!

Everyone quickly thought of one person, that is Levi Garrison!

In the past, it was just the group of people who morally kidnapped Levi Garrison to attack his resource idea.

Now everyone needs Levi Garrison's resources.

It's best to divide it up a bit.

"Let's discuss with him, shall we?"

"It just so happens that he is in Daxia, this is a good opportunity for us! We have to hurry up!"

Levi Garrison just came back.

A group of people came up.

The four chiefs of Yanlongwei, the Dragon Head God General of Tiance Mansion, and several other great generals.

There are also two gods created by Yan Zangsheng recently – Long San and Long Wu, the two apprentices of the Dragon Head God General.

"Is something wrong?"
