

# The Return of the God of War [The Protector] Chapter 3191

Levi Garrison asked.

“One word for the king, now Daxia urgently needs your resources!”

“Now the genius doctor has a way to make the gods appear, but we lack resources!”

The Dragon Head God General said.

The four leaders of Yanlongwei also expressed urgency.

Now the major forces are competing.

Daxia has no gods, not even the ability to protect himself.

Not to mention competing with others.

Finally, a genius doctor appeared, and they didn't want to miss this opportunity.

“We know that these resources are used by you to detoxify Levilia! Levilia is also from our Tiance Mansion! We don't want to see her in an accident!”

“Now we only hope that you can share a little bit! Solve the urgent need!”

“In addition, we will persuade the genius doctor, maybe he will detoxify Levilia!”

The Dragon Head God treats them with sincerity.

Beg Levi Garrison.

“Okay! If you can use it, I will give it to you!”

Levi Garrison said.

In fact, resources are dispensable to him.

But Daxia couldn't use it at all before.

Now that it's used, it's okay to give it a bit.

Levi Garrison brought a group of people to the aircraft of the Brain of God.

“Leave a little and give them the rest!”

Levi Garrison made a lot of money.

Almost all the resources of an aircraft were given to Da Xia.

Everyone was amazed to see so many resources.

Long San and Long Wu’s eyes lit up when they saw it.

These resources they need more than anyone.

After all, becoming a god is not the end, it just absorbs a lot of spiritual energy.

They can also be stronger.

However, being powerful requires massive resources.

No, are the resources in front of you coming?

The two were even more excited: “Why don’t you tell us the secret of the resources? We are self-sufficient!”

In their opinion, Levi Garrison can tell the secrets of resources to the Apocalypse Empire.

Why can’t you tell them?

Levi Garrison turned his head and glanced at Long Sanlongwu: “It’s useless to tell you! You have no qualifications and strength to come out!”

“Ho ho...”

Long Wu smiled contemptuously.

Long San also snorted coldly: “Don’t say it, don’t say it! What reason are you looking for!”

These two are already gods!

In their opinion, as long as Levi Garrison told the secret of the resource, would they still be able to get it?

Levi Garrison can take it out himself, why can’t they take it out?

Just don’t want to tell them.

Casually weave a reason.

Levi Garrison really wanted to take them to the first-level forbidden area.

The secret to telling them their resources is here.

However, after they got the resources, they immediately went to the magician without stopping.

Time is precious.

When resources arrive, create gods immediately.

War Bear Country.

Inside the Hydra base.

“Strange! I almost thought this Great Summer Doctor could detoxify Levi Garrison’s daughter?”

“Yeah, why is he so resistant to Levi Garrison, he won’t detoxify his daughter to death!”

“Levi Garrison didn’t have any festivals with him? Is there anyone who doesn’t want Levi Garrison to detoxify his daughter! It’s exactly the same as destroying the blood exchange record before!”

...

Not only does Hydra think so, but even the organization of revenge Hydra is also very puzzled.

There are still people who don’t want Levi Garrison’s daughter to detoxify.

Control the magic doctor tightly, and don’t give any detoxification.

When they learned that there was a genius doctor in Daxia, they all thought that Levilia’s poison was about to be solved.

Thinking about it now is too much.

Although someone has arranged everything in advance.

“Levi Garrison, have you seen it? There are many people who don’t want your daughter to detoxify, hahahaha...”

# The Return of the God of War [The Protector] Chapter 3192

Hand over the resources to Daxia Hou.

Levi Garrison didn't expect them to persuade the genius doctor to detoxify Levilia.

He already knew that Yan Zangsheng would not detoxify Levilia because of persuasion by others.

The person behind him must be resolved.

But people have been staring at it for so long, and there is no clue to control Yan Zang's stranger or power.

There is no whereabouts of the magic medicine.

This made Levi Garrison gradually lose his patience.

He has reworked other inversions.

Next, he looked for the whereabouts of Zhen Mosi while looking for the treasures of heaven and earth.

Levi Garrison did not return that night.

And in their temporary base.

Levilia slept on the ice bed and was temporarily blocked by ice.

There are layers of experts around.

Levi Garrison did not give Jiao Tianyu and the others to Da Xia.

They also have to help themselves, and protect the safety of Levilia when they are not there.

But this night.

Suddenly, a ghostly figure quickly approached here.

It actually went around from the layers of masters.

Even Jiao Tianyu's companions are more powerful than the gods.

But no one found out...

This ghostly figure finally approached the location of Levilia's ice bed...

Levi Garrison, who had been exploring all night, came back the next day.

The first time he went to see Levilia.

But after arriving at the residence, I saw that the ice bed shattered.

torn apart.

Although it doesn't melt.

But it was violently shattered...

Levilia fell to the ground.

After the freeze was over, the strongest poison had already struck.

This attack is worse than ever.

Levilia even has traces of dryness.

He was obviously a child, but silver hair appeared on his head.

The whole person is even more dead.

Levi Garrison was anxious.

He quickly picked up Levilia and forcibly suppressed the poison.

Rao was him, and it took a long time to suppress the poison.

But Levi Garrison knew that the next attack of the poison would be stronger than the next.

This means that it is more and more difficult for him to suppress.

Especially when there is no ice bed.

Temporarily unable to freeze the toxin, then the attack will become the norm.

If not treated in time, Levilia is really dangerous.

“Yan Zangsheng!!!”

Levi Garrison clenched his fists tightly.

This guy can obviously detoxify Levilia, but he can't!

Urgent.

He can really tie this kid!

And who the f\*ck ruined the ice bed???

Did that god kill him?

“Did it deliberately target me Levi Garrison? Deliberately not let my daughter detoxify!”

“Don't be sneaky if you have the ability, come here if you have the ability!!!”

“Don't let me find you! Otherwise, I will definitely cut you into pieces!”

“Wait, I will definitely catch you out! I swear by Levi Garrison! I must avenge today's revenge!”

...

Levi Garrison guessed that there was a high probability of destroying the ice bed and that it was a group of people who controlled Yan Zangsheng.

This is definitely another group of forces.

But the people who came to destroy the ice bed are very powerful.

Unexpectedly, the sound of overseas Chinese affairs sneaked in and destroyed the ice bed without knowing it.

If it wasn't for him running, no one would know that the ice bed was destroyed.

When Levi Garrison told everyone that the ice bed had been destroyed, everyone was stunned.

There were 80 people in total, but less than 50 of Jiao Tianyu and the others went out to work.

There must be at least thirty people guarding here.

These 30 people are all top-level experts, and someone has quietly passed them to destroy the ice bed.

And the ice bed is so hard, if it is to be destroyed, there must be some movement.

But there is not.

Absolute super expert!

“Could it be that there are such masters lurking in Daxia? I suspect that it is Daxia! Judging from these two incidents, it is definitely not a force outside Daxia!”

“Teacher Ye, who did you provoke in Daxia?”

...

Everyone said.

This reminded Levi Garrison.

With such a terrifying force, who else can Daxia have?

The town magician?

## The Return of the God of War [The Protector] Chapter 3193

He guessed that only the strong people of Zhenmo Division could ignore this group of students like this.

There are not many like this in Daxia.

After all, there is no god at all.

But if you talk about yourself, you must have a deep hatred for yourself.

Town Magic Division?

how is this possible?

That is the existence of legend.

Levi Garrison had nothing to do with them, no matter what.

Who would that be?

Someone you know?

Tiance Shenshuai and these people have that kind of strength.

He really can't think of who?

There are many people who have hatred with him, but there are absolutely no such powerful ones.

Can't imagine who it is!

No one else would have imagined such an existence!

"It can't be done like this!!!"

Levi Garrison took Levilia directly to find Yan Zangsheng.

"Yan Zangsheng confesses the people behind you! Otherwise, I will kill you! It's okay not to save my daughter, but I can't kill my daughter!"

After Levi Garrison arrived, he directly questioned Yan Zangsheng.

f\*ck I don't need you to detox.

Why the f\*ck am I being polite to you?

Provoked, he may directly kill.

Levi Garrison's intrusion directly disrupted the normal progress of Yan Zangsheng.

"One word side by side king, what are you doing?"

"Didn't you see that the genius doctor was busy?"

...

Long Sanlongwu immediately scolded him because he was a god.

The others were also displeased.

No matter how much they respect Levi Garrison, they will be angry at this critical moment.

"What's wrong?"

Yan Zangsheng raised his head and asked.

"The man behind you ruined my daughter's ice bed! Now she's got a poison attack..."

Hearing this, Yan Zangsheng looked at Levilia, a trace of unbearable flashed in his eyes.

But then it returned to normal, looking at Levi Garrison and said coldly: "What does your daughter's matter have to do with me? I didn't do it! And I won't detoxify your daughter, so why are you looking for me?"

Yan Zangsheng guessed that he really wanted to take action to detoxify Levilia.

He just glanced at it and knew how serious Levilia's toxin attack was now.

But he can't!

Resolutely not to mix things up with Levi Garrison!

Levi Garrison sneered: "I understand, it's a group of people who control you not to detoxify my daughter and destroy my daughter's ice bed!"

"Tell me who is behind the control of you? Otherwise I'll kill you!"

"Boom..."

Levi Garrison's terrifying murderous aura overflowed.

Covers everything here.

"Levi Garrison, what are you doing???"

"You still want to kill the magician?"

Long San and Long Wu immediately stopped in front of Levi Garrison.

"It is absolutely impossible to stand shoulder to shoulder with the king!"

The four leaders of Yanlongwei rushed up and hugged Levi Garrison.

Now Yan Zangsheng is the baby of Daxia.

How could Levi Garrison be killed?

"Okay, very good! I'll find them sooner or later! Just wait!"

"And I can solve my daughter's poison myself! I can do it without you!"

Levi Garrison left after leaving a sentence.

Yan Zangsheng didn't raise his head the whole time, and his expression didn't change.

I don't care about Levi Garrison at all.

But he said silently in his heart: "I hope you will never meet them, otherwise your end will be miserable!"

difficult!

Everything is so hard now!

Not only could they not find a way to treat Levilia, but some people frantically prevented Levilia from detoxifying.

Levi Garrison collapsed a little.

Why haven't the people from Zhen Mosi appeared?

Why can't I find the second half of the Poison Sutra?

After the dark doctor who came to know all this, he also sighed for a while.

Even more angry!

I'm still brooding about the ice bed being destroyed!

"Mr. Ye, it's now a critical moment!"

"In abnormal times, you have to use abnormal methods! In the past, there were many evil methods to detoxify! But we stopped them all!"

"There are quite a few ways to crook the door! But even if it can be detoxified, the side effects will be huge. For example, the whole person is completely crazy, completely reduced to a demon and this kind of heresy..."

"Therefore, many people who offered bounties offered such methods or poisons used to fight poison with poison were rejected by us one by one!"

"But now Levilia is like this, I suggest starting from this direction! No matter what Levilia will become, no matter what he will be, detoxify first!"

...

Doctor Dark said a last resort.

Levi Garrison was silent.

He didn't want to touch this evil method.

He wanted to detoxify Levilia, and he wanted Levilia to recover normally without any side effects.

But even if this evil method is detoxified, it will not make Levilia normal.

This is something Levi Garrison is unwilling to touch even when he dies.

But now there is no way.

Had to resort to this wicked method.

“Let me think about it first?”

Levi Garrison is very chaotic.

I don't want to make any decisions on this for now.

But soon an unexpected thing happened –

At this time, Hydra actually contacted Levi Garrison.

Claiming they have an antidote.

It depends on whether Levi Garrison believes it or not.

Trade if you believe...
