[/ The Return of the God of War \[The Protector\]](#)

He expects that Zhen Mosi can surprise him.

Even the North Pavilion drew his attention.

He was looking forward to it.

At the same time, vigilance has indeed decreased.

After all, they all know who the enemy is and when they will attack.

Coupled with the self-confidence of his own strength, it is natural to ignore these.

He even had to go to sleep.

Just waiting for the enemy to come to him.

I have to say that Gong Qianqiu is very powerful and expected everything.

The only thing she couldn't grasp was Levi Garrison's strength.

In the end to what situation.

She had guessed everything else.

"Master! When the time comes, let your mother, Levilia, and sisters still hide?"

"It's not about questioning your strength. If the main monarch and the others are by your side, you may be distracted. In case the magic artifact of the Sifang Pavilion is really powerful..."

Xiao Feng put forward this idea again.

Levi Garrison thought about it and nodded: "Well, it makes sense! Actually, I'm not worried about Levilia's strength. But I'm worried about other people, and then I have to distract Levilia and me!"

"Master, when the time comes, I will fight alongside you with some brothers. Let's make some preparations and catch them off guard, shall we?"

Xiao Feng is also full of fighting spirit.

Levi Garrison waved his hand: "No, you hide with Levilia and the others, it's better for me to deal with it alone!"

"I... ok, Master..."

Xiao Feng originally wanted to stubbornly help Master, but thinking of his own strength, he still held back.

He needs to get stronger!

This can help the master to bear more;

It can also avenge the Azure Dragon (Qinglong) five:

More worthy of Gong Qianqiu!

He's still far from it.

You must follow Gong Qianqiu's footsteps and train hard.

"Okay, you don't have to hide elsewhere. I have already built an underground palace in this place, you can just hide in it!"

Levi Garrison said.

"Ah? And the underground palace?"

Xiao Feng was surprised.

"Well, this is something I developed a long time ago, I thought it would not be used, but I don't think it is still used now!"

Levi Garrison smiled.

"Okay, everyone get ready, I'll wait for the enemy to come next!"

the other side.

Gong Qianqiu felt that it was not enough.

It would be better if the strongest aliens could come.

But now she can't contact the strongest alien.

After all, the strongest alien race is too secretive now.

"Well, why don't you try to release a message in the ghost market and see if the Xuanming aliens can come?"

This strongest alien race is called Xuanming Alien Race, but few people actually know the name.

Just heard that it is called the strongest alien.

Gong Qianqiu is very understanding.

She even has some treasures from the Xuanming alien race.

Such as contact their token, mark and so on.

"If you disperse all these to the ghost market, I think the Xuanming aliens will contact us! Tell them all the information about dealing with Levi Garrison!"

Gong Qianqiu still decided to give it a try.

## The Return of the God of War [The Protector] Chapter 3527

[/ The Return of the God of War \[The Protector\]](#)

This can increase a little more certainty.

I have to say that Gong Qianqiu's move still worked.

The message of the ghost city really reached the Xuanming alien race.

"What? Zhen Mosi wants to deal with Levi Garrison?"

After seeing these high-level members of the Xuanming Alien Race, they immediately became interested.

There was a burning look in his eyes.

How could they possibly have no idea?

A group of people shouted that they were going to kill Levi Garrison.

“But the master told us not to touch Levi Garrison for the time being! Let us be honest!”

But some people put forward the master’s advice.

Now everyone’s face changed.

“However...the main force against Levi Garrison this time, the Sifang Pavilion has taken out the artifact of the town pavilion! They are the main force! As for us, we just need to find opportunities in the dark!”

one said.

“Yes, yes, we will observe it secretly when the time comes, and then make a decision based on the situation!”

“If Levi Garrison is strong, then we won’t take action. But once Levi Garrison is at a disadvantage, hehe...”

“If we can’t beat it, we won’t shoot. If we can beat it, we will help kill Levi Garrison!”

“Yes! This is basically no loss for us!”

“We don’t send many people out! Even if the master knows about it, he won’t blame it!”

Xuanming aliens are also involved.

They will send ten top experts to ambush in the dark.

It’s time to see the situation.

These ten masters are far higher than the ones they sent to deal with Levi Garrison before.

Each of them also holds artifacts of the Xuanming alien race.

In the face of attacking Levi Garrison, they dare not and will not go.

If they can act as killers, secretly attack Levi Garrison or make up for the knife, they are definitely first-class.

Gong Qianqiu also learned of the news that the Xuanming alien race was going to take action.

What gave her a headache was not knowing when the Xuanming aliens would take action.

She also cannot control this Xuanming alien.

She can infiltrate the major factions of the Zhenmo Division, but only the Xuanming aliens can't.

But the advantage is that the Xuanming aliens suffered a loss from Levi Garrison last time.

This time they will definitely take the form of an assassination.

Not sure when, where or how.

But precisely this uncertainty is what Gong Qianqiu needs.

Because of this uncertainty, even she doesn't know, let alone Levi Garrison.

This can bring Levi Garrison the biggest threat.

Then cooperate with the assassins she invited and the secret shots of the masters of the eternal kingdom.

Greater grasp...

No one would have thought that Gong Qianqiu was the leader of the plan to assassinate Levi Garrison.

## The Return of the God of War [The Protector] Chapter 3528

[/ The Return of the God of War \[The Protector\]](#)

However, there are factors other than the Gong Qianqiu variable.

That was the mysterious force that controlled the genius doctor Yan Zangsheng.

Since knowing Levi Garrison's strength, they have been in a state of avoidance because they are afraid of revenge.

For fear that Levi Garrison would find them.

In fact, Levi Garrison is also looking for it, but the focus is now on the Xuanming alien race.

Where can I take care of others?

Otherwise, these people would have been found long ago.

They also knew what would happen if they were found by Levi Garrison.

They were afraid of the day when Levi Garrison found them.

However, the news that Zhen Mosi wanted to deal with Levi Garrison secretly, somehow reached their ears.

This immediately cheered the group up.

This is their turning point.

The best way to eliminate fear is to get rid of Levi Garrison.

Of course they don't have this strength themselves, but now they have a chance.

Zhen Mosi is going to deal with Levi Garrison.

This is their best chance.

They must unite with the major factions of the Town Demon Division and deal with Levi Garrison together.

Only by killing Levi Garrison can it be done once and for all.

This is yet another factor of uncertainty.

Also a very powerful force.

The pressure on Levi Garrison's side is also increasing.

There is also the Eternal Kingdom dispatched this time, also quietly.

After all, they are not a frontal attack, but also a sneak attack.

They directly passed the Sky Shield Bureau, quietly sneaked into Daxia, and deployed the required strength in advance.

Even the Sky Shield Bureau doesn't know about this.

Otherwise, the Black Hawk agents would have informed Levi Garrison long ago.

Gong Qianqiu also arranged his insidious layout one by one.

Just waiting to attack.

However, Gong Qianqiu had some doubts, and she could not contact Xiao Feng.

She also wanted to inquire about the situation on Levi Garrison's side.

But Xiao Feng actually disappeared.

Didn't even leave the base camp.

But for Gong Qianqiu, it is also beneficial.

Xiao Feng could not contact them, at least it means that Levi Garrison hid them.

Levilia is also hiding.

At that time, if Levi Garrison fails, Levilia will be safe.

She can still get Levilia through Xiao Feng.

In the blink of an eye.

It came three days later.

The masters of the major factions of the Town Demon Division have secretly assembled.

## The Return of the God of War [The Protector] Chapter 3529

[/ The Return of the God of War \[The Protector\]](#)

Even the four town hall artifacts were all taken out!

Wufang Pavilion has five town pavilion artifacts.

East Sword!

West Gun!

South knife!

North Array!

Middle bow!

Dongge Town Hall Artifact – Suppressing Demon Sword!

The artifact of Xige Town Pavilion – the Son of Heaven Spear!

Nange Town Pavilion Artifact – God Weeping Knife!

The artifact of Zhongge Town Pavilion – Jiutian Bow!

Except for the trapped dragon formation in the north pavilion, the other four pavilions of the town pavilion artifact can be used at will.

After all, the sleepy dragon formation is in front of the North Pavilion.

You can't take it with you!

This time, the genius of the Sifang Pavilion applied to the ancestors and borrowed all the four artifacts.

To deal with Levi Garrison together.

Not only that.

The geniuses of the Sifang Pavilion were also dispatched together.

There are ten unparalleled talents in Wufang Pavilion of Zhenmosi, and they are known as the future of Zhenmosi.

Of course, only the North Pavilion does not have this kind of arrogance.

Originally found two of them, but they were pryed away by the strongest Dongge.

At present, the East Pavilion has four arrogances, and the other three pavilions have two each.

Soon all the top ten arrogances came.

The East Pavilion has the largest battle, and the four Tianjiao are——

Dugu Tuo, Baili Wan'er, and Chu Xinghe and Chu Qingshuang were brought from the North Pavilion!

The West Pavilion is Shangguan Tianfeng and Zhong Haiqiu.

The South Pavilion is Han Jiuxiao and Jiang Tianqiong.

The middle pavilion is Li Zhuyue and Xu Zhetian.

Ten Tianjiao came in unison, and they were the backbone of this operation.

He will lead the masters of the Demon Suppression Division to kill Levi Garrison.

The town hall artifact was also brought by them, and these Tianjiao carried behind them.

These ten Tianjiao were extremely domineering, and their breaths swept the audience.

Whoever saw it was amazed.

horrible!

Unless the ancestors of the major factions are at the level, no one can compare to them.

Don't say anything about the ancestors of the small and medium factions.

Can't compare at all.

They are about ten people, but they are two decades old, but they are already the top masters of the Town Demon Division.

There are not many people who can beat them stably.

As expected of the answer to the future of Zhen Mosi.

The strength of the top ten Tianjiao has been extraordinary, plus there are four great artifacts.

Everyone is more stable.

This time the grasp is much bigger.

Coupled with the masters of the Magic Division, how could Levi Garrison not die?

They can't figure it out.

No matter how strong he, Levi Garrison, can he go?

Gong Qianqiu was also observing in the dark.

Now she just wanted to laugh wildly.

Before, although she was also a rare genius, her talent was excellent.

But compared with the top ten geniuses of Wufang Pavilion, it is still far behind.

After all, they are all geniuses.

In particular, Bai Xinghe and Chu Qingshuang, who had stolen the North Pavilion from the East Pavilion, were strong enough to challenge one of the Three Saints of the North Pavilion.

The gap between him and them is like a gulf that cannot be erased.

She could only look up, but there was no way to approach or catch up.

Because the more you catch up, the bigger the gap.

The growth rate of these ten people is the same as riding a rocket.

It is unique in the town magic division.

The prediction for them is that the future will be stronger than everyone in the town magic department!

Chasing them is impossible!

Gong Qianqiu had never had such an idea before.

But now since she has Levilia's practice, she always wants to compare with the top ten talents.

Now that the top ten talents are gathered together, she finally has a chance.

After this comparison, Gong Qianqiu's eyes showed ecstasy.

Since getting Levilia's practice, her strength has grown by leaps and bounds.

In the past, she could only look up to the eternal arrogances who were on the same starting line.

Now, except for the strongest Bai Xinghe and Chu Qingshuang, she is sure that everyone else will be able to draw a tie.

If she practices this practice for a while longer.

It is estimated that it will be able to catch up with the top Tianjiao.

This is the point of her ecstasy.

If combined with Levi Garrison's ancient sword, she will definitely be stronger.

And if she gets Levilia's roots, she will surpass these arrogances in minutes!

## The Return of the God of War [The Protector] Chapter 3530

[/ The Return of the God of War \[The Protector\]](#)

What a surprise!

Out of reach, she reached it easily.

Next, she will become the unreachable dream of this group of geniuses!

Will she have this day too?

Not by conspiracy, but by pure strength to be side by side with the top ten talents.

Of course, the top ten geniuses are super powerful, and this is beyond her surprise.

I thought I could surpass them after this period of growth.

Still no result.

If they take out the artifact of the town pavilion again, they will indeed be able to fight against Levi Garrison.

This is what surprised her.

The main force against Levi Garrison this time is strong enough.

Unexpected.

Several Tianjiao from Bai Xinghe stood in the field, their faces were cold and arrogant, and they all looked like I was number one in the world.

Although Levi Garrison is powerful.

First, they killed the thirteen factions of the Wolf Temple, and then let the Xuanming aliens suffer.

But they were not convinced.

Because they think they can do it too!

Even better.

In addition, there is a town hall artifact in hand.

None of them are afraid.

If it weren't for the sect bondage and exhortation.

These top ten geniuses all wanted to go to Levi Garrison alone for a while.

Even, they feel that it is shameful for the top ten talents to shoot together!

But there is no way.

Levi Garrison this monkey is quite powerful.

They have to come together!

Their strength, everyone present is convinced!

are led by them.

Just waiting for them to call the shots.

"Now a monkey outside is riding on our head to make a fortune, can you bear it?"

Bai Xinghe shouted.

"cannot!"

“Never let a monkey ride on our head of the town magician!”

Everyone shouted in unison.

“Then what should we do?”

Bai Xinghe shouted.

“Get rid of this monkey!!!”

Everyone shouted.

“Actually, Levi Garrison is not that strong at all. You see, none of the ancestors of the major factions are here, right? That’s because he is not worthy! We are enough to deal with him!”

The top ten geniuses despised Levi Garrison.

And the masters of the Demon Suppression Division are also full of confidence, and they don’t take Levi Garrison in their eyes at all.

“Okay, then let’s go!”

“I hope this Levi Garrison can be stronger, so that we can use the opportunity to get out of the town hall artifact!”

The top ten talents are still proud.

Although they carry the four great artifacts of the town pavilion.

But in their view, they don’t need it at all.

Wouldn’t use it at all.

Can be used better.

Show them how powerful this monkey is.

Immediately, the team of Zhenmo Division quietly set off and slowly approached Levi Garrison’s base camp.

Gong Qianqiu also acted immediately.

The slayers she hired were also dispatched.

One by one, they were buried in the positions they had researched in advance.

However, the overall position is in the rear of the Suppression Division army.

At the same time, Gong Qianqiu also informed the Eternal Kingdom.

The people of the eternal kingdom are all in place.

The Eternal Realm is dominated by surreal technology.

Quite a few of them are elsewhere.

But once the war breaks out, their support can arrive within tens of seconds.

Even within seconds.

Their ultimate strength makes Gong Qianqiu very satisfied.

This is comparable to the power led by the top ten geniuses.

Secondly, what surprised Gong Qianqiu was that there was still a group of powerful forces ambushing around, and they also wanted to attack Levi Garrison.

Unexpected, yet delighted.

"It seems to be Levi Garrison's other enemies. Hearing that Levi Garrison was in trouble, he immediately came to take revenge!"

Gong Qianqiu was full of surprises.

She set up her own game again.

At that time, use conspiracy and tricks to harm another wave of Levi Garrison.

"By the way, the Xuanming Alien Race has also sent a top expert, but it's not clear where they are and when they will shoot!"

Another message came from the subordinates.

"Great, their uncertainty is the biggest threat to Levi Garrison!"

Gong Qianqiu sneered.
