

The Return of the God of War [The Protector] Chapter 3531

Soon, all the masters around Levi Garrison's base camp gathered to complete it.

They came with a bang.

These people consider themselves secretive.

But Levi Garrison, who was sleeping at the base camp, had already noticed it.

"It's finally here! Hope you don't let me down!"

Levi Garrison couldn't help sitting up and stretched.

As for Levilia, they all hid in the underground base of the base camp.

No one will know where they went.

Outside.

The troops from all sides of the Town Demon Division have completed the encirclement of Levi Garrison's base camp.

Looking at the base camp that appeared not far away, everyone in the town magic division was excited.

But what makes everyone puzzled is that the top ten talents are not scattered in every direction, but gathered together.

According to everyone's guess, if you want to attack Levi Garrison's base camp.

The top ten talents should be scattered all over the place, and then the four major artifacts of the town pavilion should be distributed in four directions, so as to maximize their power.

It can also prevent Levi Garrison or those around him from escaping.

Just not there.

The top ten geniuses are all gathered together.

All of them looked poised, with their hands on their backs, and there was no sense of urgency on the eve of the war at all.

They seem to be doing something trivial.

"Tiantianjiao, Chu Tianjiao, I think your top ten talents should be scattered everywhere, and then arrange the four major town hall artifacts in four directions, so that you can deal a devastating blow to Levi Garrison!"

"That's right! It has to be like this. Once you attack Levi Garrison, you must kill him with one blow. You shouldn't leave Levi Garrison any way back!"

"Although Levi Garrison is a monkey, he is not weak and cunning!"

...

Everyone looked at the top ten Tianjiao and suggested.

It's just that the top ten Tianjiao looked at each other in dismay, and then all laughed.

"Haha, do you still use this against a Levi Garrison?"

"No, ten of us can be together! And I don't think the artifact of the town hall needs to be taken out! It is only used to stabilize the military's heart, and it is not useful at all!"

"To deal with him, it is estimated that two of our ten people will be enough!"

"Even Brother Bai and Beauty Chu have the strength to defeat Levi Garrison alone!"

...

They are all arrogant and arrogant.

What they saw, experienced, understood, and came into contact with were unimaginable to other people present, and even said to be a fantasy.

Their circle and strength are things that this group of people can't touch in their entire lives.

In the eyes of these people, Levi Garrison is powerful, but how powerful.

threat to them.

But in the real powerhouse circle of Zhenmo Division, Levi Garrison is nothing.

Their top ten talents come together, even if it is to give Zu Levi Garrison face.

This will also be Levi Garrison's greatest honor in this life – let ten of them come together to shoot.

“Later, don't rob me! Let me kill Levi Garrison alone?”

At this time, Han Jiuxiao of Nange suddenly said.

Xu Zhetian of the middle pavilion immediately said: “That's not possible! Levi Garrison must be mine!”

Shangguan Tianfeng from the West Pavilion also said: “Mine! Don't grab it! Give me a face!”

“That's not good! Everyone is here, how can you go all the way for nothing?”

Jiang Tianqiong and Dugu Tuo also participated.

This group of arrogance is blind to everything.

They all wanted to kill Levi Garrison alone, and they all started arguing.

...

The other people from the Town Demon Division were stunned.

what happened?

Levi Garrison was actually taken as prey?

The top ten talents are hunters.

In order to fight for the prey, everyone quarreled.

At this time, Li Zhuyue, the female arrogance of the middle pavilion, sneered: “Okay, stop arguing!”

“If it's time to kill Levi Garrison, let's see who can kill him first! We haven't beaten him for a long time! With this opportunity, let's see who kills Levi Garrison first!”

This time, Baili Wan'er and Zhong Haiqiu both nodded.

Female Tianjiao is no exception, and the fighting spirit has already ignited in her eyes.

Even the first female Tianjiao Chu Qingshuang nodded: "Let's compare each other? I won't give you any chance!"

arrogant!

confidence!

This is the attitude of the top ten geniuses.

They didn't take Levi Garrison in their eyes at all.

Just as the prey of their game.

It's not that they are arrogant, just looking at them, Levi Garrison's strength is just that.

What Levi Garrison can do, they can do it easily.

How could they look up to Levi Garrison?

Of course, they didn't know about Levi Garrison's defeat of the Three Saints of the North Pavilion and the forced retreat of tens of thousands of masters in the North Pavilion.

At present, only Gong Qianqiu knows.

If they had to know in advance, how dare they be so arrogant?

Therefore, in their concept, Levi Garrison is strong.

But at most they are on par with them.

How to look high?

Not to mention that they carry the artifact of the town pavilion.

This is absolutely useless at all.

“Okay, let’s get ready to attack!”

“Remember, you killed other people around Levi Garrison! Levi Garrison is ours!”

The ten arrogances gave orders to the Suppressing Demon Division army.

It also gave others a boost in confidence.

The top ten Tianjiao are so confident, proving that they have a great grasp.

At least their preparations will not fall short.

Of course Levi Garrison and the others wouldn’t touch them.

It’s all up to the main force to solve it.

“Okay, everyone prepare to attack!”

The top ten talents are lazy, where is the atmosphere before the war?

“Everyone, let’s launch an attack, shall we? Hit him by surprise!”

“We rushed in from all directions and definitely caught him off guard!”

...

Everyone was excited and had already imagined the picture.

Levi Garrison was caught off guard by their attack.

It’s just that the ten geniuses all laughed.

“It’s ridiculous, we still have to attack? Is it shameful to spread it out?”

“Yeah, to deal with Levi Garrison alone, do we still have to attack?”

“No, attack directly!”

“We’re going in righteously!”

...

After finishing speaking, the top ten Tianjiao have already stepped out.

Vigorously walked towards Levi Garrison's base camp.

The others just followed.

"Notify brothers in other areas to keep up!"

The shrinking encirclement of the tens of thousands of troops of the Town Demon Division.

Gong Qianqiu has been observing secretly.

The killers she arranged also came together.

Distributed everywhere, ready to attack Levi Garrison.

If the town magic division army has entered the base camp.

This group of killers will also come together and enter the base camp to ambush.

Only in this way can Levi Garrison be given the ultimate move.

Moreover, she was familiar with the terrain in the base camp, and had already arranged it for these killers.

Let them be familiar with the base camp terrain, then hide and give Levi Garrison the greatest damage.

And the eternal kingdom too.

Gong Qianqiu gave them all the maps here.

It's to make them higher offense.

The Xuanming Alien Race has a map here for a long time, so there is no need to worry.

"The fun is about to begin!"

Gong Qianqiu is extremely looking forward to this.

However, Xiao Feng was puzzled by her, and she has not been able to contact her until now.

Don't know where to go.

There is no sign of leaving.

Is it still in there?

This is Gong Qianqiu's doubts.

In fact, Xiao Feng also wants to contact Gong Qianqiu now, but he is just hiding in the underground base, and there is no chance at all.

He is also thinking about Gong Qianqiu, if he rushes to contact him.

May expose Gong Qianqiu.

Might as well stop contacting.

"Boom..."

At this time, under the leadership of the top ten Tianjiao, the army of Zhenmo Division has come to the base camp.

They were upright and upright, and they sent out a movement that shook the earth and the mountains.

The place began to shake violently, birds and beasts scattered, and chaos was everywhere.

The town magician is here.

Still came swaggeringly.

Levi Garrison had already noticed it.

He originally thought that the group of people from the town magic department would attack him quietly.

Never thought of such a frontal attack.

"It's interesting, I hope your strength makes me more interesting."

Levi Garrison smiled lazily.

But it doesn't really matter at all.

The top ten Tianjiao stood in front of the base camp, and behind them were densely packed devil-suppressing masters.

When Bai Xinghe waved his hand, they roared in unison.

“Roar!”

“Roar!”

“Roar!”

...

The army of the Suppressing Demon Division let out a roar, as if the Nine Heavens Divine Thunder descended, blasting over the base camp, buzzing.

It was as if a catastrophe had fallen from the sky.

Bai Xinghe was even more stunned: “Levi Garrison!!! Come out and die! The Demon Suppression Division is here to kill you!”

The sound was so vast that it spread directly to every corner of the base camp.

Arrogant!

overbearing!

I’m here to kill you, not sneaking.

tell you directly!

I’m here to kill you!

This is the pride of the top ten arrogance.

Where the ten people stood, it was like a god standing in the dust.

“Boom...”

The aura on them instantly radiated.

Forming a series of terrible shock waves, it will directly destroy the entire base camp.

The buildings in front of them were all destroyed to pieces.

The shock wave that could penetrate into it all disappeared.

However, Levi Garrison still did not respond, nor did he come out.

This made the top ten Tianjiao a little angry.

They all came.

Levi Garrison hasn't come out yet?

That's not taking them seriously!

They are the strongest arrogance of the Town Demon Division, the answer to the future.

A monkey outside ignored them like that.

How could it not make them angry?

"If Levi Garrison doesn't get out and die, we'll come in!"

Xu Zhetian roared.

Almost every Tianjiao face is covered with frost!

This kind of thing never happened.

No one dares not give them face!

"A mere monkey is so arrogant? How unreasonable!"

Dugu Tuo, the most grumpy among the top ten talents, was already angry.

"Boom..."

He suddenly punched.

Almost all base camps will be destroyed, and all living things will be wiped out.

A terrible breath pervaded.

He has already stepped out.

"I'll kill him myself!"

Dugu Tuo has already stepped out!

“No! I definitely can’t let you take the lead!”

The other geniuses rushed out immediately.

After all, they are going to kill Levi Garrison in the competition, how can they let others take the lead?

“Attack! All-round attack!”

...

The army of the Town Demon Division sounded the horn of the attack, and from all directions, like a flood of beasts, they began to attack the base camp.

“kill!!!”

Tens of thousands of strong men attacked in unison.

It is much stronger than the force that attacked the North Pavilion at the beginning.

And the cohesion is too strong.

The last time everyone attacked the North Pavilion, everyone had a ghost, and everyone had their own little ninety-nine.

They all thought about how much benefits they could get from the North Pavilion.

But this time is different.

Everyone’s goal is the same – to kill Levi Garrison.

Therefore, the Town Demon Division is united as never before.

In addition to the top ten Tianjiao leading the army, they will not calculate each other, who will deal with Levi Garrison, afraid of death or something.

Instead, they scrambled to kill Levi Garrison, for fear that he would be killed by others.

They all started rushing to kill Levi Garrison.

This unity makes them stronger and stronger.

Gong Qianqiu and various killers, as well as the eternal kingdom are also slowly approaching.

Even ambush on the other side, that is, the group that controlled Yan Zangsheng was quietly approaching.

Even the top ten experts of the Xuanming alien race came to the vicinity, but they were not too close, and they kept waiting for the opportunity.

A war is imminent.

The top ten Tianjiao led the army into the base camp.

But instantly dumbfounded.
