

The Return of the God of War [The Protector] Chapter 3540

“what?”

Everyone’s faces changed wildly one by one.

Has the pure body repaired to this level?

The key is this wave of attacks.

The major masters of the Town Demon Division lost half of it.

As a result, he couldn’t even touch the corner of Levi Garrison’s clothes.

Just a shame.

“We have to unite! Otherwise we won’t be able to kill him at all!”

Bai Xinghe’s face was unprecedentedly solemn.

“Okay! Everyone must join forces!”

Other Tianjiao also understand this.

The power of Levi Garrison was unexpected.

Absolutely cannot keep him.

Otherwise, the disaster will be endless!

“Kill! Everyone joined forces to kill him!”

The top ten Tianjiao attacked first.

Their Qi-refining technique was directly turned into a substantive weapon, killing Levi Garrison.

The rest of the Demon Suppression Division masters also showed their abilities and killed all of them towards Levi Garrison.

“Kill!!!”

At this time, suddenly there was a thunderous scream from outside.

The densely packed strong man appeared again.

This made everyone present look stupid.

“Isn’t this the person from the Town Demon Division?”

The crowd wondered.

“But it can be seen that they are here for Levi Garrison! As long as you kill Levi Garrison, you will be our comrades in arms! Everyone kill!”

The crowd reacted quickly.

There are many people who have to deal with Levi Garrison.

Now that there is such an opportunity, they will definitely come to kill Levi Garrison.

“Let’s go together! We must not give Levi Garrison any way to survive! If he doesn’t die, we will die!”

This group of mysterious forces also used their ultimate power to kill Levi Garrison.

They were all crazy and came to kill Levi Garrison.

It means that the number of people in the army of the Demon Squad just now has not decreased at all.

Gong Qianqiu laughed when he saw this scene.

This group of people may not be able to threaten Levi Garrison at all.

But they can play the role of confusing Levi Garrison.

It’s for your own benefit.

The easier it is for the people she arranges to attack the possibility of Levi Garrison.

Gong Qianqiu immediately contacted others: “Next, we will kill Levi Garrison at all costs! Everyone pay attention to the timing of admission!”

The angels of the eternal kingdom have been observing the situation and are always ready to enter.

“Next, there is a good time to enter! That’s when the top ten talents use the four artifacts! This is the best time to enter! Everyone must pay attention!”

Miya Chiaki immediately reminded all parties of the time to enter the venue.

Now Levi Garrison is too powerful.

You must not wait until you have used the four artifacts of the town hall before entering the venue.

What if the four major town hall artifacts are of no use to him?

At that time, re-entering the field has already missed the best time.

Therefore, it is necessary to enter the field when using the four town pavilion artifacts, so as to ensure that the power of attacking Levi Garrison is maximized.

That’s the key.

Absolutely can not waste Zhenge artifact.

I want everyone to cooperate with the killing power of the Zhenge artifact!

Next, everyone is waiting for this moment.

“I believe that experts from the Xuanming alien race can also find the right time to enter!”

Gong Qianqiu’s eyes were very firm.

The screams of killing in the field are shocking.

When the group came out, Levi Garrison was a little stunned.

what happened?

Anyone else?

But he figured it out right away.

There must be other people who want to kill themselves.

Will not miss this opportunity.

The top ten Tianjiao came first.

All of their strongest qi refining techniques were displayed.

It is bound to cause damage to Levi Garrison.

In particular, Bai Xinghe and Chu Qingshuang's qi refining technique was displayed.

Cover the sky.

It turned out to be pitch black, like an abyss.

Bai Xinghe's qi refining technique has condensed qi into darkness, covering everything.

Make this area his own.

Chu Qingshuang's qi refining technique condensed into an invincible sword and stabbed Levi Garrison directly.

The other eight Tianjiao were no longer rushing to kill Levi Garrison.

Instead, they attacked Levi Garrison in eight directions.

The ten people cooperated tacitly and did not leave the slightest chance for Levi Garrison.

The Return of the God of War [The Protector] Chapter 3541

Facing the attack and killing of the top ten talents.

Levi Garrison stood still, as if he was frightened.

"boom!"

Bai Xinghe seemed to hold the power of overturning the galaxy and bombarded Levi Garrison with a bang.

A sword condensed by Chu Qingshuang's qi refining technique also stabbed Levi Garrison.

The tricks of the other eight geniuses also hit Levi Garrison one after another.

This gave them hope.

Be able to defeat Levi Garrison.

Even the corners of Bai Xinghe's mouth showed a smile.

This time, Levi Garrison was either dead or injured.

One on one, they are not rivals.

But how can Levi Garrison be an opponent when the top ten talents are united?

"Die!"

Bai Xinghe showed a hideous color, and the terrifying power was going to smash Levi Garrison apart.

And Chu Qingshuang's Sword of Refining Qi also stabbed fiercely.

...

"Um?"

But the next moment, Chu Qingshuang's face showed surprise.

Because the invincible sword condensed by her qi refining technique was blocked, she could no longer move forward.

Not to mention penetrating Levi Garrison's body.

"this....."

Others have found it too.

Levi Garrison's physical strength exceeded everyone's expectations.

Any attack seems to be useless!

They encountered the same situation as Chu Qingshuang.

The power of the overturning of the galaxy in Bai Xinghe's hand actually disappeared like a mud ox into the sea.

surprise!

Shock!

What's going on here?

Today, everyone is within easy reach of Levi Garrison.

You can even see the smile on Levi Garrison's face.

"You little brats, are you enough? It's my uncle!"

The corners of Levi Garrison's mouth rose, revealing a meaningful smile.

"Boom..."

Immediately, it was like a star shattered.

Levi Garrison's body is like a vast and boundless universe, bursting out with terrifying power.

"puff!"

"puff!"

"puff!"

...

The top ten Tianjiao suffered from this terrifying force and were no longer invincible.

Not even a chance to block.

Everyone's body was thrown high and flew out.

The top ten Tianjiao flew out again and fell to the ground again.

This is still the case of Levi Garrison's mercy.

Otherwise, the top ten Tianjiao will definitely be smashed to pieces.

The town hall artifacts were not seen.

How could Levi Garrison let them die?

Shocked!

So shocking!

It was almost the most terrifying combined blow of the top ten Tianjiao.

May not be useful at all.

Levi Garrison couldn't be hurt at all.

So what level of horror does he have?

More terrifying than you might imagine.

In the town magic department, it is definitely in the top few.

No one can even do anything to him.

It's outrageous.

Who would have thought that a monkey outside was in such a situation?

Who would have thought of this?

The key point is that he can't even see through his tricks and strength.

Pure body repair?

Is there such a pure body repair?

At this time, the army of the Town Demon Division and the mysterious forces had already arrived.

"Come on, kill yourself!"

Levi Garrison entered the battle group with a pair of iron fists.

"boom!"

"boom!"

"boom!"

...

His pair of iron fists are like magic weapons, unmatched.

Everywhere he went, there were corpses flying around.

The Qi refining techniques of these masters are useless at all.

The defense can't prevent it, and the attack and kill are useless.

Apart from the large number of people, there is no advantage at all.

Tens of thousands of people are disappearing at a speed visible to the naked eye.

No matter how you unite, no matter how you form a battle formation.

There is nothing to do with Levi Garrison.

On the contrary, more and more people were killed and injured.

Levi Garrison has nothing else but to fight you head-on.

Directly to the bomb!

in a blink.

Half of them don't have it.

The top ten Tianjiao were seriously injured, and they immediately took the panacea.

This was absolutely impossible before.

It's a shame for them to take this elixir.

To deal with a monkey, do you still need to take an elixir?

Isn't that a shame?

It's rumored that they are still hanging out?

But now, there is nothing else to do.
