

The Return of the God of War [The Protector] Chapter 3551

They go all out.

They stabbed Levi Garrison one after another.

The decisive battle on the field came.

This is also the last chance to kill Levi Garrison!

There is nothing to miss!

In the face of the three attacks, Levi Garrison did not evade at all.

Let these three town pavilion artifacts stab yourself on your body.

“Clang!”

“Clang!”

“Clang!”

...

The sound of three metal clashes exploded, as if the whole world was shaking.

Everyone clearly felt that the sky and the earth were jumping.

It's just that the artifacts in the hands of Bai Xinghe's three people seem to be stabbed on the hardest thing in the world.

completely blocked.

Look up.

Levi Garrison didn't dodge in the slightest, and let his body be stabbed by the three artifacts of the town pavilion.

only.....

The three artifacts of the town pavilion could not penetrate Levi Garrison's body at all, but only stayed on the surface of the body.

The hardness of his body seems to exceed the sharpness of the three sacred artifacts.

What???

next moment.

The three of Bai Xinghe are going crazy.

Because they saw that the three town hall artifacts were damaged to varying degrees.

For example, the Suppressing Demon Sword is bent, and the degree of bending is getting bigger and bigger, but it cannot penetrate Levi Garrison's body.

And if you bend it further, it feels like the Demon Suppressing Sword is about to break.

As for the tip of the emperor's gun, it has been damaged and has been sunken.

The God Weeping Knife slashed horizontally, but it didn't succeed. Instead, there were a lot of blunt holes on the knife.

The hardness of Levi Garrison's body has reached the extreme.

Levi Garrison smiled: "As expected of a town hall artifact, not bad!"

It stands to reason that after the blade slashes on him, it will definitely be broken in half.

There are no results!

It's enough to show that this town pavilion artifact has two powers!

"Chichi!"

At this time, two nine-day bows and arrows also arrived as scheduled.

This is the last hope of everyone!

Bai Xinghe and the others are covering up so much for these two arrows!

Instead of being avoided by Levi Garrison, he was forced to follow!

"Clang!"

"Clang!"

...

Two Jiutian bows and arrows shot at Levi Garrison in unison.

Levi Garrison didn't block it, and of course he didn't deliberately block it.

Let the two arrows pierce through yourself.

It was just two arrows hitting Levi Garrison's body, and there were only two sharp sounds.

It did not penetrate Levi Garrison, but left two white marks on him.

His body is too strong.

Not only can withstand his terrifying power.

The key is that when the super spiritual pulse erupts, his body is quenched by the strongest spiritual energy storm.

It has the strength it is today.

These four town pavilion artifacts cannot be penetrated at all!

"Crack!"

"Crack!"

Not only that.

Two arrows were also broken.

The physical strength is terrifying.

crazy!

Everyone here is going crazy.

Dead silence.

No one would have thought this was the case!

At this moment they understood one thing.

Levi Garrison didn't say dodge, just stood here and let them kill, they couldn't kill them.

The four artifacts of the town pavilion cannot penetrate his body, let alone others.

fear!

horrible!

Gong Qianqiu was about to cry.

Why is Levi Garrison so powerful?

Invincible!

God-defying!

The four town hall artifacts can't kill him, so who can kill him?

I can't imagine it!

At this moment, the entire Town Demon Division and the Eternal Realm were silent.

They are also always watching this battle.

Seeing Levi Garrison like this, they were really scared.

All fell silent.

His pure body cultivation is so terrifying!

Simply lawless.

So many masters, so many tricks, and even the four major town pavilions have come.

Still can't kill him!

How do I go on like this?

Anyway, this also declared their failure.

No matter what tricks are used against Levi Garrison.

A complete failure!

Despair spreads in everyone's heart!

This is not the most critical.

The Return of the God of War [The Protector] Chapter 3552

The most important thing is that despite this, in the end they didn't even test Levi Garrison's true strength.

Now everyone understands that there is still a long way to go before Levi Garrison's true strength.

This is completely against Gong Qianqiu's plan.

In Gong Qianqiu's view, even if Levi Garrison cannot be killed in this battle, at least he can measure his true limit.

But there is none.

Far from there.

Now the four artifacts of the town pavilion can only leave white marks on Levi Garrison.

As for the hidden weapon poison, these are useless at all.

It couldn't penetrate Levi Garrison's body at all.

For a while, Gong Qianqiu couldn't think of any way to kill Levi Garrison.

This is also the self-confidence-destroying blow of the top ten talents.

One by one was originally high above, and did not put anyone in his eyes.

As a result, after meeting Levi Garrison.

Only to find out that he is God.

The difference between ceiling and floor tiles.

It turned out that they were sitting in the well and watching the sky.

This psychological destruction is actually more serious.

Let them estimate that they will never be able to lift their heads again.

The road ahead is severely affected.

After all, such a seed has already been planted in my heart.

If you adjust your mentality, it is motivating.

If it can't be adjusted, it is a big mountain that can never be crossed, and it will become their nightmare.

All the strong players in the field did their best.

It is not Levi Garrison's opponent at all.

Not to mention killing him.

The powerhouses of the Eternal Kingdom saw that the situation was not good and wanted to flee.

But it was too late, Levi Garrison had already set his sights on them.

"kill!!!"

A loud shout.

The Demon Suppression Sword, the Son of Heaven Spear and the Divine Weeping Sabre in the hands of the three arrogances of Bai Xinghe bounced off their hands, flew out, and smashed into the crowd of powerhouses in the Eternal Kingdom.

And the Jiutian bow and arrow that had just been broken into four sections also flew out and began to shuttle through the crowd of powerhouses in the Eternal Kingdom.

"Bang bang bang..."

"Pfft!"

"Pfft!"

"Pfft!"

...

No matter how insane physique they have, or what high-tech suits they have.

In front of the four town pavilion artifacts, it is not enough to see at all.

They were all pierced!

The battle suit shattered and the body shattered.

Levi Garrison is able to block these four artifacts.

But no one else can.

In front of the four great artifacts, they are as fragile as tofu.

It penetrated with a single touch.

In the end, none of the thousands of powerhouses sent by the Eternal Kingdom remained.

All were killed.

Of course, the heavyweight is that fleet!

But the fleet has long been wiped out.

Whether it was people or aircraft weapons, they were all pierced by Jiutian bows and arrows.

Not a single one remained.

“Next, it’s your turn!!!”

Levi Garrison took a fancy to the Suppression Army and the mysterious forces.

see.

They started to run away.

Escape all over the mountains and plains.

Only Levi Garrison smiled.

“Boom...”

He stepped on it, and the ground began to shake.

Terrible fluctuations rage across the land.

No matter where they fled, they were shocked by this terrifying fluctuation.

“Bang bang bang...”

No one can stand it.

One by one burst into a cloud of blood on the spot.

died!

All dead.

Except for the top ten talents in the field, all the other enemies who came to kill Levi Garrison died.

Not one is left.

The whole army is wiped out!

The Eternal Kingdom played for the first time, and it also ended in complete annihilation.

No one thought of this.

Gong Qianqiu's eyes turned black, and he was about to stand unsteadily.

What kind of monster is this?

How is he so strong?

Gong Qianqiu couldn't imagine it.

How could this make any sense to him?

I.....

It's outrageous.

Xu Qingya and the others were right!

At this time, Levi Garrison shouted at the surrounding: "Friends who have been observing in secret, why don't you come out to play?"

This voice scared Gong Qianqiu to the core.
