

The Return of the God of War [The Protector] Chapter 3553

[/ The Return of the God of War \[The Protector\]](#)

This sound really scared Gong Qianqiu to the point of splitting his liver and gallbladder.

don't find me!

It's not me!

If she is discovered and found by Levi Garrison now, then all her success will be in vain.

This is what she doesn't want to see.

Levi Garrison is really too powerful.

Once encountered with him, he will surely die.

but.....

Wrong!

It seems that Gong Qianqiu is in control of the situation on the field and is clear about it.

In fact, she is far, far away.

In fact, it is her subordinates who control the situation, and then send the information back to her in a timely manner.

It is her subordinates who should be discovered now!

not her!

In addition, many people in the town of magic and the eternal kingdom are watching around.

In this way, many people came to observe.

But it's never myself.

Gong Qianqiu is very happy at this moment.

Fortunately, I arranged it in advance, hiding in a far place to observe.

Instead of dangling around Levi Garrison's base camp at close range.

Otherwise, it will be useless.

Sure enough, it was not what Gong Qianqiu expected.

In the next second, Levi Garrison burst into an unparalleled aura.

"puff!"

"puff!"

"puff!"

...

Everyone who was observing around exploded into a blood mist one by one!

Many of Gong Qianqiu's subordinates also died tragically.

This is the majesty of Levi Garrison!

No one can violate it!

Gong Qianqiu couldn't help shivering.

As long as you move forward a little, you are afraid that you will die.

Luckily didn't go.

survived.

Luck is indeed on his side.

Gong Qianqiu didn't care about anything else and fled immediately.

They just sent people to observe at a place far away from Levi Garrison's base camp.

She herself dared not take the risk again.

Soon, Levi Garrison fought at the peak, defeated the Demon Suppression Division, the Eternal Kingdom and other masters spread throughout the world.

Everyone was silent.

The specific strength of Levi Garrison is being rearranged again.

Stronger than ever!

Peak to the extreme!

Who can be his opponent now?

unimaginable!

The Town Magic Division suffered heavy losses, and the Eternal Kingdom also suffered heavy losses.

This is the first time that the key eternal kingdom has truly entered the WTO, and the entire army has been wiped out.

Terrible!

Now everyone has a new understanding of Levi Garrison.

His strength is terrifying and desperate.

What if it's the Town Demon Division?

What about the eternal kingdom?

Not his opponent!

This can be regarded as a blow to the Xuanming alien race!

Originally, they were like the top ten geniuses, and they never put Levi Garrison in their eyes.

But now, they have to pay attention.

Levi Garrison is too powerful.

may directly threaten them.

Zhenmosi is afraid of them Xuanming aliens, but Levi Garrison is not afraid.

What's more, he possesses such terrifying strength.

It didn't take them seriously at all.

It's a tough question for them all.

I sent so many people twice in a row, but it didn't have any effect.

Xuanming aliens are also afraid that the master will blame him.

They all told them not to provoke Levi Garrison.

The Eternal Kingdom is also a little desperate.

I already knew that dealing with Levi Garrison would have to pay a huge price.

Now I thought it was a good opportunity, but in the end, the whole army was overthrown.

also exposed himself.

This time, he has completely forged a relationship with Levi Garrison.

All started to fear.

I'm afraid it will be Levi Garrison's revenge.

Who can stop it?

Levi Garrison's base camp.

There are only the top ten talents alive now.

But they were all injured to varying degrees.

The only Xu Zhetian who was not attacked by Levi Garrison was injured more seriously.

After all, he endured unbearable strength to pull the Nine Heavens Bow, twice.

The second time, it was two arrows.

His body suffered horrific damage and was about to fall apart.

The top ten Tianjiao looked at Levi Garrison without any contempt or disdain.

[/ The Return of the God of War \[The Protector\]](#)

There is only fear!

Deep-rooted fear!

They have never seen such a powerful existence!

This battle destroyed their self-esteem and even their souls.

Everything they were proud of was defeated.

It is no exaggeration to say that the top ten talents are now like walking dead.

The human soul is gone, and the spiritual energy is gone.

The eyes are full of emptiness.

After all, the top ten talents have never been defeated!

They cannot accept any failure.

This defeat is a complete collapse for their hearts.

The top ten Tianjiao looked at Levi Garrison dumbly.

They knew they were dead, too.

Levi Garrison will not let them go.

Their hearts are dead, and they are not afraid of death.

Waiting for Levi Garrison to kill them.

"I said, you repair everything that is damaged! When it is repaired, you can leave!"

Levi Garrison's voice sounded, startling the top ten geniuses.

Levi Garrison didn't even kill them?

Are you going to let them go?

This is incredible too!

"You...you won't kill us?"

Shangguan Tianfeng asked.

Levi Garrison sneered: "If I wanted to kill you, I would have killed you early on! What? Is it difficult to kill you? Isn't it a simple matter?"

Not wrong.

For Levi Garrison, killing the top ten talents is just a snap of his fingers.

"I'll leave a seedling for the town magician! Don't kill you! Hurry up and fix these damaged places for me!"

"It's okay if you want to take revenge on me, go back and practice hard! You are still far away!"

...

Levi Garrison's remarks made everyone's eyes shine.

Levi Garrison didn't even kill them?

Everyone wakes up.

Not to kill them, of course.

No need to seek death, right?

As a result, the top ten Tianjiao immediately got busy and repaired Levi Garrison's place as much as possible.

From now on, this place will be listed as a forbidden place where countless people dare not come.

I couldn't find where Levi Garrison was before.

But what's the use of finding it now?

Tell you where Levi Garrison is, and you don't dare to come.

The top ten Tianjiao were busy for a long time, and finally the repaired place was repaired.

But all ten people were injured to varying degrees, and now they all feel like they are dying.

“When you’re done packing, get out! Still want to stay and eat?”

Levi Garrison’s voice sounded immediately.

“it is good!”

The top ten Tianjiao immediately fled.

For fear that Levi Garrison would leave them behind again.

“Wait!”

It was just that they had just run halfway when Levi Garrison’s voice sounded.

This frightened a few people.

Could it be that Levi Garrison is going to regret killing them?

“Take all your rubbish!!!”

Then, Levi Garrison’s voice sounded again.

“Huh? The trash we left behind?”

Everyone was stunned.

And nothing was left behind?

Not to mention rubbish.

“Four town hall artifacts!!!”

Bai Xinghe suddenly remembered.

What?

You actually said that the four town pavilions artifacts are rubbish?

Levi Garrison is the first person!

When they actually left, they thought of the artifact of the town pavilion and wanted to take it away.

But dare not!

In their opinion, the four artifacts of the town pavilion are the treasures among the treasures, and Levi Garrison is afraid to keep them.

They took it away, fearing to be courting death.

Therefore, they only left after leaving the four artifacts.

Even if Levi Garrison didn't want it, it was like a trophy.

It is reasonable to stay.

After all, they all failed.

But who would have thought that Levi Garrison would be disdainful of the four artifacts of the town pavilion, and even considered it to be a garbage-like existence.

this.....

Eye-popping.

Unexpected.

But think about it, with Levi Garrison's strength, he is fully qualified to treat the four town pavilion artifacts as garbage.

The top ten Tianjiao quickly fled from Levi Garrison's base camp with the four town pavilion artifacts.

After everything was quiet, Levi Garrison asked Levilia and the others to come out of the underground base.

In everyone's opinion, it must be a mess here.

But when I came out, I was a little scared.

The base camp was clean.

However, there are also traces of damage, but the overall impact is not very large.

It's very different from what they imagined.

What happened to the battle just now, although everyone has not seen it with their own eyes, they can still feel it.

Levi Garrison actually won?

All had smiles on their faces.

the other side.

As soon as the top ten Tianjiao left, Gong Qianqiu received a message.

Now no one dares to stare at Levi Garrison's base camp.

Except for Miya Chiaki.

She still took the risk and sent people to watch.

"He actually didn't kill the top ten talents? This is a bit unexpected!"

Gong Qianqiu was surprised.

"Not only that, Levi Garrison doesn't even want the four artifacts! Throw it to the top ten talents like garbage!"

Hearing the report from his subordinates, Gong Qianqiu's eyes lit up fiercely.

Gong Qianqiu asked with hot eyes: "What is the current situation of the top ten talents? What is the degree of injury?"

"Everyone was seriously injured! The combat effectiveness is negligible for you!"

"Yes, Xu Zhetian in the middle pavilion feels like he is going to die! Bai Xinghe and the others are also seriously injured!"

"It is estimated that Levi Garrison felt that killing them was meaningless, so he let them go!"

...

Hearing that the Ten Great Talents were seriously injured, Gong Qianqiu laughed.

"This is my chance!"

"Not only can I get the four artifacts of the town pavilion, but it can also intensify the hatred between Levi Garrison and the Zhen Mosi!"

"Go! Immediately leave!"

Gong Qianqiu seemed a little excited.

The top ten Tianjiao hurriedly left from Levi Garrison with the four artifacts of the town pavilion.

Just want to return to their respective factions.

After all, not to mention that they are seriously injured now, they are still carrying the four artifacts of the town pavilion.

It is dangerous to be outside for too long.

Scary what to do.

"Whoosh whoosh..."

All of a sudden, a hidden weapon shot from the surrounding.

At the same time, there is a poisonous mist.

The top ten Tianjiao were seriously injured and tried their best to block the hidden weapon attack.

But several people were also hit by hidden weapons.

But they are not so lucky to face the poisonous fog again.

Everyone was more or less contaminated by the poisonous mist.

This poisonous mist will not kill them on the spot, but it will affect their root bones and limit their skills.

At the same time, a large number of masters appeared and directly attacked the top ten talents.

Soon the top ten talents were defeated.

All ten people passed out.

“What should I do? Did you kill it directly?”

The subordinates asked Gong Qianqiu.

“No, take them all! Killing them will leave clues! Besides, they are useful to me!”

Gong Qianqiu gave an order.

The top ten Tianjiao were taken away one after another.

Finally came to Gong Qianqiu’s secret base.

The top ten Tianjiao passed out, but Gong Qianqiu was still afraid that this group of people would recover.

So with a vicious method, a special nail was used to hit the meridians, root bones and every important part of the body.

Not only that, but the Ten Great Talents were locked and entangled with each other with special chains.

In this way, their strength cannot be recovered, they cannot absorb spiritual energy, and they cannot use their power.

After all, several people were seriously injured, but their skills were still there.

If it is not restricted, these ten arrogances will recover sooner or later.

Therefore, they can only be locked in this vicious method.

It means that their life gates are tightly controlled.

Gong Qianqiu, on the other hand, was fond of touching the artifacts of the four town pavilions.

“Great! It’s all mine!!!”

“Hahaha... and Divine Tribulation is also mine!”

Gong Qianqiu also took out the divine robbery and compared it with the four artifacts of the town pavilion.

She was full of excitement, indescribable joy.

[/ The Return of the God of War \[The Protector\]](#)

To say before that she can get the four artifacts of the town pavilion, don't say that other people don't believe it.

She just couldn't believe it herself.

In the previous West Pavilion, she had never even seen Tianzi Gun at a glance.

There is no right to place the forbidden place of the emperor's gun.

That feeling is high above, she is like an ant.

Even looking at it is a heinous crime.

But isn't it still in her hands?

Looking at the emperor's gun, Gong Qianqiu smiled.

Wasn't she playing with the artifact of Xige Town Pavilion?

Since Zhen Mosi came into contact with the outside world, her chance has come.

"Levi Garrison, I really have to thank you. If you hadn't appeared, I would have now? Four great artifacts and ancient swords, what do I want!"

Gong Qianqiu laughed wildly.

But soon, her face darkened.

Because the four town hall artifacts and the ancient sword are all in hand.

But no matter how powerful he is, he can only use one of them.

You cannot use all five at the same time.

Others need to cooperate.

If only these five weapons could be integrated into one.

Maximize power?

Wouldn't it be better?

Gotta find a way to make good use of it.

Get these five artifacts, absolutely can not be used as decoration.

Looking at the top ten talents, Gong Qianqiu smiled.

Once one by one invincible, unattainable!

She is not qualified to stand with this group of geniuses.

Zhong Haiqiu and Shangguan Tianfeng from the West Pavilion have always looked down on her!

Whenever she was in the West Pavilion, she always lowered her head to the two of them.

In terms of resources, they were also suppressed by these two people.

Even Zhong Haiqiu often insults her as a b*tch!

Shangguan Tianfeng didn't give her a good face either!

In addition, other Tianjiao, such as Bai Xinghe, Jiang Tianqiong, Han Jiuxiao, etc., she has seduced them.

But all failed.

As a result, this group of geniuses were all immersed in cultivation.

Second, this group of geniuses can't look down on themselves.

Therefore, Gong Qianqiu only hates everyone!

"Snapped!"

She slapped Zhong Haiqiu hard on the face.

He directly woke up Zhong Haiqiu.

"you....."

Zhong Haiqiu's face was full of disbelief.

“b*tch! Slap! Slut! Slap! Slut! Slap...”

Gong Qianqiu slapped her face with a slap like a vent.

The huge movement woke everyone up.

“You! Gong Qianqiu!!!”

...

After the top ten Tianjiao opened their eyes, they saw Gong Qianqiu with disbelief on their faces.

Just as they were about to struggle, they found that their bodies couldn't use any strength.

Every point of strength, the gate of life, is all locked.

Special nails were nailed into each place, and chains were used to entangle them together and lock them tightly.

“Gong Qianqiu, are you mean? Are you not letting us go? Are you courting death?”

Shangguan Tianfeng was used to scolding Gong Qianqiu in the West Pavilion, and immediately roared.

“Pfft!”

It's just that Gong Qianqiu raised the Xige Town Pavilion's artifact, the Emperor's Spear, and directly penetrated Shangguan Tianfeng's left shoulder.

“what!!!”

Shangguan Tianfeng let out a shrill scream.

What else did Zhong Haiqiu want to say, but Gong Qianqiu directly nailed her palm to the wall!

Everyone was silent now.

I also know that these people are controlled by Gong Qianqiu.

Next, it can only be slaughtered by others.

“Top Ten Talents? That's all!”

Gong Qianqiu sneered.

Bai Xinghe had already noticed Gong Qianqiu's strength, and he said in amazement: "You... when did you become so strong?"

Today's Gong Qianqiu is no less than them.

It was even comparable to himself and Chu Qingshuang.

Gong Qianqiu sneered: "Who made you a frog at the bottom of a well? There's another one out there who is more talented than you!"

She naturally meant Levilia.

"And this... This is Levi Garrison's calamity???"

"So you stole it!"

Bai Xinghe also recognized Divine Tribulation.
