

# The Return of the God of War [The Protector] Chapter 3560

The spiritual roots and bones of the top ten talents are all for their own use.

Using the root bones of these ten people can completely create a new swallowing root bone.

I just happen to know the master of this field.

hey-hey!

if( ) }

Such masters are usually aliens.

However, the Town Demon Division did not catch all the alien races in one go.

There is still a lot left.

A lot of loose repairs are.

if( ) }

It just so happened that she had a master who knew this.

Relying on the root bones of the top ten talents, extract the essence and create a devouring root bone.

Thinking of this, Gong Qianqiu began to laugh wildly.

Done!

Geek!

The hearts of the top ten talents of Bai Xinghe sank.

It's over now.

In the hands of this witch, who can end well?

They will end up with a particularly tragic end.

“Ha ha ha ha.....”

Looking at the top ten talents, Gong Qianqiu was already too excited.

if( ) {}

This is a tragic blow to the top ten geniuses.

It would be better if you just killed them.

But they can't accept the grinding of all their proud root bones into powder.

This is worse than death!

"Junior sister, please, please don't! Let us go!"

"Junior sister begging, we will treat you like a cow and a horse!"

Shangguan Tianfeng and Zhong Haiqiu have already begged for mercy.

The other arrogances began to soften.

Who is not afraid?

They can't imagine the scene where their root bones are poached and ground into powder.

"Hahaha... But as long as the roots of one of you are useful, I won't do it! It's okay! The future of my Gong Qianqiu has your credit!"

"I will keep you all the time until the day I see my peak!"

"Don't you want to defeat Levi Garrison? I will complete this matter! Carrying your dreams!"

Gong Qianqiu laughed.

Gong Qianqiu still put his hand on Zhong Haiqiu's shoulder: "Don't worry, I can do it! As far as the current practice is concerned, the speed of absorbing spiritual energy is dozens of times faster than yours!"

Having said that, Gong Qianqiu also started the exercises created by Levilia himself.

"Boom..."

Suddenly her right hand was like a black hole whirlpool, and Zhong Haiqiu began to show a look of extreme pain.

Because her power is being swallowed by Gong Qianqiu.

Continuously, one-tenth of his power was lost in an instant.

This made Gong Qianqiu very horrified.

The expressions of other people also changed greatly.

This can devour the power of others!

This is not the same as suction power\*\*.

In that case, if you absorb other people's skills, you still need to transform it into your own.

Moreover, they often expose themselves because their bodies are limited and cannot carry huge power at all.

Even after improvement, there is an upper limit.

But the magic of Levilia Gongfa is here, it is not to absorb the power, but to swallow it.

After swallowing the power, it directly becomes one's own thing.

There is no need to transform again, or because the body is not strong enough to bear it.

Because devouring skill will also enhance one's own strength.

Don't worry about bursting.

The more you devour, the stronger you become.

As long as there is a steady stream of power to swallow, then oneself will only become stronger and stronger.

The most important thing is that other people are absorbing spiritual energy, and this method is swallowing.

The speed and efficiency are naturally hundreds of times, thousands of times.

This made Gong Qianqiu suddenly enlightened.

It turns out that after Levilia's practice has a devouring nature, it can not only devour spiritual energy, but also devour other people's skills to strengthen himself.

Even some other forces between heaven and earth can swallow it up and strengthen itself.

After knowing this, Gong Qianqiu almost showed ecstasy.

Levilia has devoured the root bone, and the speed of her cultivation can't match her in her entire life.

But now she can devour other people's skills!

This is how she can catch up with Levilia and even Levi Garrison.

"Ha ha ha ha....."

Gong Qianqiu laughed like crazy.

I really didn't think of it, I just tried it and found this method.

## The Return of the God of War [The Protector] Chapter 3561

"what!!!"

Zhong Haiqiu's face twitched and he let out an extreme scream.

My body was so painful that I wanted to move, but every joint or other place was locked by special nails, so I couldn't move at all.

She felt like she was going to be sucked dry!

if( ) { }

Gong Qianqiu stopped quickly when he saw this.

If he swallowed it again, he felt that even Zhong Haiqiu could be swallowed whole.

Zhong Haiqiu couldn't completely swallow it.

She is still useful.

if( ) { }

At least she had to remove her root bone, and then absorb her power.

Looking at the top ten talents, Gong Qianqiu is like looking at his prey.

Just devour ten people's skills.

I absolutely surpass Levilia.

In order to confirm the phagocytic nature of the exercises.

She will not start with the top ten talents for the time being.

But there are others out there.

She slowly turned her head and looked at Xu Qingya and the three.

“not good!!!”

Looking at Gong Qianqiu’s devilish smile, Xu Qingya’s face changed greatly, and they had realized something.

don’t want!

if( ) { }

Their bodies began to tremble.

But how could Gong Qianqiu stop.

Those who are targeted by her will not be spared.

Soon, Gong Qianqiu began to use the exercises for Xu Qingya and the three.

“Boom...”

Soon, the exercises started, and they began to frantically swallow the power of Xu Qingya and the three of them.

In the blink of an eye, the skills of Xu Qingya and the three were completely swallowed up.

The three of them instantly aged more than ten years.

Gong Qianqiu only left them a breath and hung his life.

She also wants these three people to see the picture of her future domination.

Can’t kill for now!

“Hahaha.....”

Gong Qianqiu felt her own strength, and she laughed wildly.

Gong Qianqiu became much stronger in an instant.

This is still the three of Xu Qingya.

If you devour a little more power from the strong.

So she doesn't know how powerful it will be?

Then her practice became easier.

When there is a strong person who can swallow it, swallow it, and if there is no one, use massive resources to cultivate.

In this way, you will soon be able to catch up with Levilia's speed.

And now the top ten talents are under her control, and they can be swallowed up at any time to strengthen themselves.

Other powerhouses are difficult for others, but they are still easy for Gong Qianqiu to capture?

She can devour as much as she wants.

"Hahaha....."

After seeing the strength of Levi Garrison just now, I felt that my strength was too different from that of Levi Garrison.

That is simply irreparable.

But now that she understands the devouring nature of the exercises, she thinks it's okay!

"By the way, I heard that the artifact of the four town pavilions is sealed with the skills of the four pavilions seniors and some other essences?"

"Then can I swallow it too?"

Gong Qianqiu smiled.

Immediately, the target was eyeing the four artifacts of the town pavilion.

"Buzzing..."

"Clang! Clang! Clang..."

Soon, the four artifacts of the town pavilion trembled violently, and all the power and essence contained in it were swallowed up by Gong Qianqiu.

For her, the word of the artifact is already a disaster.

There are four other artifacts of the town pavilion that are of little use.

It can't be five in one!

It is better to devour the other four town pavilion artifacts to strengthen yourself.

After devouring the four artifacts, Gong Qianqiu found that his thinking was right.

It can indeed be swallowed.

After all, the principle of Levilia Gongfa is to use the elements of heaven and earth for one's own use.

To put it bluntly, it can devour everything.

Now the essence of the four town hall artifacts is being swallowed by her.

Everyone can feel that Gong Qianqiu's breath is rapidly becoming stronger, and the whole body is surging like a sea.

In an instant, Gong Qianqiu surpassed Bai Xinghe and Chu Qingshuang, the strongest among the top ten talents.

And her strength is still increasing.

"Crack! Kick!"

Even too strong force causes changes in the magnetic field, lightning and thunder in the sky, and bursts of visions appear.

## The Return of the God of War [The Protector] Chapter 3562

Seeing the top ten arrogances, their hearts trembled.

This is too scary, isn't it?

Soon after, Gong Qianqiu stopped.

Because the four town pavilion artifacts are too powerful.

if( ) {}

If she forcibly absorbs all of it, she is afraid that it will cause too much change.

This might be discovered by others.

This will be more than worth the loss.

She can either absorb it slowly or find a place like a secret room, no matter what she does, nothing will change outside.

if( ) { }

After she stopped, the four artifacts of the town pavilion seemed to dim a little.

Of course, just a little bit of the essence has transformed Gong Qianqiu into a superb master.

Far beyond the top ten arrogance.

Gong Qianqiu is now confident that he will fight against the Three Saints of the North Pavilion.

It's three!

Not alone!

She felt that soon, if she swallowed her power again, her strength would surpass that of the Three Saints of the North Pavilion and the ancestors of the West Pavilion.

"This is the most correct way to use this technique! Haha..."

Gong Qianqiu is sighing for the power he has obtained.

She will be the strongest in the end.

The top ten talents and Xu Qingya are really going to despair.

if( ) { }

They witnessed the process of Gong Qianqiu becoming stronger.

The point is that it's getting easier for her to become stronger now.

this is too scary!

After she devoured the skills of the top ten arrogances, and completely devoured the four sacred artifacts.

How powerful she will be, no one can imagine.

There may be a certain distance from Levi Garrison.

But probably not too far!

Gong Qianqiu looked at the top ten talents and smiled and said: "Start with your root bones! I will go to the master to see if I can create a pair of devouring spiritual roots and bones!"

The top ten Tianjiao were desperate.

They will eventually become someone else's wedding dress!

But helpless.

After Gong Qianqiu left.

Li Zhuyue immediately said: "Can we save ourselves now? Looking at this situation, it is impossible to ask for help!"

Everyone began to think of ways to save themselves.

Just Xu Qingya smiled: "Everyone still has no idea, Gong Qianqiu's work has always been seamless! What you can think of, she can also think of!"

"It's impossible to save yourself!"

Xu Qingya reminded everyone like a deflated ball.

That's right.

Gong Qianqiu has achieved this step, how can they save themselves?

Glancing at the chain on his body, it completely locked them.

How to save yourself?

"Now the distress signal can't be sent out at all! Can we just wait for people outside to find us and come to us to save us?"

Baili Wan'er was already scared.

Chu Qingshuang has seen the situation clearly: "Impossible! Gong Qianqiu has already arranged it! I'm afraid she will blame Levi Garrison!"

"Because we disappeared from Levi Garrison, everyone else died, and it is normal for us to die! No one would doubt it!"

"It's not enough, there's still a possibility! The only possibility is Levi Garrison!"

Chu Qingshuang suddenly exclaimed.

Bai Xinghe nodded: "Yes! If Levi Garrison knew that we disappeared, he would be blamed for the disappearance of the four artifacts! He might investigate it!"

Xu Qingya also said: "Yes, and Levi Garrison's ancient sword was also stolen, he must be investigating! This is our only hope!"

Now everyone can't do anything.

I can only expect Levi Garrison to find him.

This is the only hope.

There is little hope, but there is hope.

Otherwise they will be desperate.

Gong Qianqiu's mind is now full of creating a new devouring spirit root spirit bone.

She hurried to find someone in this area.

But just left here.

The subordinates came to report: "Master, Xiao Feng is looking for you!"

"Xiao Feng?"

Now that Xiao Feng is mentioned, her brows are furrowed.

Because she now almost gets what she wants.

Her goals are clear.

It seems that Xiao Feng does not have much use value?
