

The Return of the God of War [The Protector] Chapter 3563

[/ The Return of the God of War \[The Protector\]](#)

After all, all she can get from Xiao Feng now is Levilia's roots and information about Levi Garrison.

But now, she doesn't necessarily want Levilia's roots.

And because Levi Garrison is too powerful, she is very difficult to get.

In addition, a replacement can be found now, and there is even the devouring nature of the discovery method.

if() {}

This can be completely without Levilia.

She can be strong.

As for the information about Levi Garrison, she can still find it through other means.

It is equivalent to saying that Xiao Feng is now a complete waste of chess.

if() {}

She can throw it away like trash!

"I can't see him! Let him look for it!"

Gong Qianqiu now only wants to devour the root bone.

Immediately refused.

"Okay, master."

But after walking out two steps, Gong Qianqiu immediately shouted: "Wait!"

"I'd better go see him!"

Gong Qianqiu felt that it was too early to abandon this chess piece, not the time.

It can still be used in the future.

After all, he is Levi Garrison's apprentice.

This chess piece gave up, and she didn't know anything about Levi Garrison's side.

if() { }

For example, in this battle, where did Levilia and the others hide.

She doesn't know.

These have to be known through Xiao Feng.

In addition, in case the creation of the Devouring Root Bone is unsuccessful, or if it does not have much effect.

Don't you still need Levilia's roots?

In addition, after swallowing it by yourself, after being strong, it is best to have the opportunity to get the root bone of Levilia.

Even if she finds a master to create it, no matter how perfect it is, it can't compare to Levilia's natural devouring of spiritual roots and bones.

There is also an important point – if you give up the chess piece of Xiao Feng now.

Then you will be exposed.

Maybe it will attract Levi Garrison's attention.

Levi Garrison's strength and tactics are all top-notch.

Maybe you'll find yourself soon.

Now even if he devoured all the power of the top ten talents and the four great artifacts.

Neither is Levi Garrison's opponent.

She is not afraid of anyone in the town of magic now.

I am afraid of Levi Garrison.

Once Levi Garrison is staring at her, she will be finished.

Now is definitely not a good time.

Before she has the strength to fight against Levi Garrison, she must not be exposed.

Therefore, Xiao Feng still has to remain steady.

This pawn is still very useful.

“Oops! I overlooked a big problem just now!”

“I underestimate Xiao Feng! Don’t look at his average strength, but he is someone close to Levi Garrison. Maybe he can do what no one else can do. For example, kill Levi Garrison, or seriously injure him!”

“Or Levilia, he can deal with it too! I was careless! I almost missed this opportunity!”

After some analysis.

Gong Qianqiu felt that he was too hasty.

This chess piece cannot be given up for the time being!

soon.

Gong Qianqiu saw Xiao Feng.

She looked at Xiao Feng up and down, and asked anxiously, “Are you okay? Master, are they okay? I heard about the battle just now, and the experts from all sides went, it’s terrible!”

Seeing Gong Qianqiu, Xiao Feng felt warm in his heart.

She is the one who cares most about her own safety.

He even cared about his master.

“Where have you been? I can’t find you for days! Do you know how worried I am about you?”

“But you disappeared for a long time! Just now, the masters of all parties attacked, and I was worried to death!”

...

Gong Qianqiu’s acting skills are first-rate, pretending to be angry, and coaxing Xiao Feng into a stunned moment.

"I... it's all my fault! I made you worry!"

"Actually, I haven't disappeared! I don't want to! It's just that I can't contact you! I don't dare to contact you!"

Xiao Feng said.

"Ah? Where have you been? Didn't you disappear?"

"I heard that during the war, none of you were there at all, only Master was alone! Where have you been?"

Miya Chiaki asked.

The Return of the God of War [The Protector] Chapter 3564

[/ The Return of the God of War \[The Protector\]](#)

"Actually, we didn't go anywhere! It's just that the master's base camp is unique, there is a dungeon! We are hiding in it!"

Xiao Feng took everything out of the tray.

Gong Qianqiu suddenly realized.

yes.

if() {}

Xiao Feng and the others never left the base camp at all.

people disappeared.

In fact, there are other settings in the base camp.

Now it's all clear.

if() {}

This pawn is still useful.

A deep doubt was immediately resolved.

Xiao Feng continued: "Firstly, I can't contact you, and secondly, I don't dare. If someone else finds out, they will recognize you as an enemy or something, which is not good!"

A trace of panic flashed across Gong Qianqiu's face.

There is indeed such a possibility.

In such an emergency, it is indeed easy to expose.

Fortunately, he instilled his thoughts into Xiao Feng in advance.

"That's good! Worry about me! By the way, how is this battle, is Master injured?"

Gong Qianqiu asked like a little white.

Xiao Feng immediately began to brag about how powerful Levi Garrison was.

This made Gong Qianqiu a little uncomfortable.

if() }

Levi Garrison is too powerful.

Like a big mountain blocking the front, it is impossible to cross.

This is her heart disease and her natural enemy.

Even if the two have never met.

Have never seen a formal face.

But Levi Garrison has planted an indelible seed in her heart.

When she thinks of Levi Garrison, she will be afraid.

Xiao Feng looked at her and said, "Qianqiu, thank you for giving this information in advance! Otherwise, my master would not be well prepared!"

"This victory has your share of credit!"

"Really? That's great! I can finally do something for you and Master!"

Gong Qianqiu pretended to be very surprised.

But she knew that this had nothing to do with her revealing the information in advance.

Levi Garrison is strong!

This is impossible!

Even if you go to some masters, it will not help.

Xiao Feng looked at Gong Qianqiu expectantly: "Qianqiu, I think I can take this opportunity to take you to see the master and them! What do you think?"

"what?"

Gong Qianqiu was stunned.

He never thought that Xiao Feng would suddenly make this request.

"I want to tell Master and the others that this time the message was revealed by you! You helped us! And all the things before, it was you who helped us! I want to formally introduce you to Master and the others! Let you truly integrate into us. The big family!"

Xiao Feng spoke his thoughts boldly.

He had been looking forward to this day for a long, long time.

He felt that now was the time.

He looked at Gong Qianqiu expectantly, expecting her to agree.

This is Gong Qianqiu with a sneer: "You are hurting me!"

"Ah? How did it hurt you?"

Xiao Feng's expression changed immediately.

"At this time, take me to Master and the others! Who doesn't doubt it? Just now so many people from the Demon Suppression Division attacked Master, and Master is afraid that anyone from the Suppression Suppression Division is an enemy? Many, but Master, will they believe it?"

"what?"

Xiao Feng was already panicked.

Thinking about it, it seems to be the case.

After the forefoot was over, he took Gong Qianqiu with him.

Who wouldn't doubt it?

Anything done before will be considered a conspiracy.

Even the exposure of the base camp and the loss of the gods will be placed on Gong Qianqiu's head, which would be troublesome.

"One more thing, if you take me to see Master, then the Suppressing Demons will treat me as a traitor! At this time, the Master and Suppressing Demons are incompatible! Are you giving me no place to survive? Both sides Is it okay to kill me?"

Gong Qianqiu's tone became severe.

Xiao Feng immediately said: "Qianqiu is that I didn't think about it carefully, I was wrong!"

But then Gong Qianqiu's tone softened: "Actually, I'm also looking forward to meeting Master and the others, but it's not a good time!"

Gong Qianqiu is a slap in the face and another jujube.

The Return of the God of War [The Protector] Chapter 3565

[/ The Return of the God of War \[The Protector\]](#)

Gong Qianqiu seemed a little distressed: "I have been waiting for a good time to meet Master and the others. But the more I wait, the less there is!"

Seeing this, Xiao Feng immediately comforted Gong Qianqiu: "Qianqiu, don't worry, there will be a chance!"

Gong Qianqiu was simply too smart, and easily resolved this request made by Xiao Feng.

I want him to come back to comfort himself.

if() { }

"I just feel so wronged. You have helped us so much, but you can't reveal your identity! Hey!"

Xiao Feng felt a little distressed.

Gong Qianqiu smiled: "It's nothing, now is an important period! We are all trivial matters! As long as the two of us can meet each other?"

Xiao Feng was overjoyed: "Okay!"

if() {}

"So you go back first, and I'll see what's going on with Zhen Mosi, maybe they have a new plan!"

Gong Qianqiu is now anxious about other things.

I just want to get rid of Xiao Feng as soon as possible.

Xiao Feng was surprised: "Okay! Qianqiu, you must be careful! Don't expose yourself again because of this!"

"Do not worry!"

Seeing Gong Qianqiu leave, Xiao Feng looked satisfied.

Now that the master is so powerful, the people he likes also like him.

Seems like it's bright in front of you.

Soon the news came out-

The matter of Zhen Mosi, the eternal kingdom and even the Xuanming aliens joining together to kill Levi Garrison was completely exposed.

And the result is that the whole army is wiped out!

if() {}

Not a single one remains!

All were killed!

Including all the ten arrogances killed in battle, the four great artifacts of the town pavilion are also left here in Levi Garrison!

After all, they didn't come back and disappeared, isn't that dead?

The Sifang Pavilion of Zhenmosi was in grief for a while.

The top ten talents, but their future!

It is even said that it is the answer of Zhen Mosi's future!

All dead?

But if you lose the battle, you will definitely not be able to live.

You all went to the murderer Levi Garrison.

Will they let you come back alive?

impossible things!

But after all, this is the future of the Town Demon Division!

The Sifang Pavilion waited for hundreds of years for these ten unparalleled arrogances.

If other geniuses die, they die.

After cultivating it for another ten or twenty years, it will come back.

The key is that these ten people have waited for hundreds of years!

They died, and the Sifang Pavilion was distressed to death.

The group of ancestors went out one after another, and when they got this news, they cried directly.

The top ten talents are their treasures, more important than their lives.

The Sifang Pavilion was a sensation.

The whole thing exploded.

All the powerhouses who have retreated or gone to other places have returned.

Not only the top ten Tianjiao died.

There are also four major town pavilions artifact are gone.

The explanation was all detained by Levi Garrison.

But how dare they come back?

Who dares to go?

The artifact of the town pavilion is also the same as the lifeblood.

This is to break the foundation of the Sifang Pavilion, and to break the future of the Sifang Pavilion!

Completely push the Sifang Pavilion into hell!

crazy!

They are really crazy!

Who would have thought this would be the result!

“Clap clap clap...”

The great ancestors slapped the high-level officials of the Sifang Pavilion, causing them to tear their skin to pieces.

“Who told you to let them go? Why didn’t you go by yourself?”

The ancestors were all mad.

I can’t wait to kill these high-level people.

It was they who sent the top ten Tianjiao to kill Levi Garrison for the purpose of training.

“Ancestor, we also... we didn’t expect Levi Garrison to be so strong!”

“You know we won’t send them if we kill them!”

“In this case, we are willing to apologize with death! But before we die, we hope to kill Levi Garrison to take revenge! Otherwise, we will be unwilling to die!”

...

The senior members of the Sifang Pavilion said one after another.

“Yes! No matter what you say, it was Levi Garrison who killed the top ten talents! He is our number one enemy!”

“He’s too powerful! But so what? We must take revenge!”

Everyone quickly found the main contradiction.

That is Levi Garrison!

The Return of the God of War [The Protector] Chapter 3566

[/ The Return of the God of War \[The Protector\]](#)

The ancestors of Sifang Pavilion also said angrily: "Yes! We have written down Levi Garrison's hatred!"

"If this revenge is not repaid, we swear not to be human!!!"

"Is he strong? But when the whole town magic division unites? I see how he goes against the sky?"

"Yes, the old guys from all the major factions have come out, what do I think he will do to stop him?"

if() { }

This time, everyone understands that the major factions of the Town Demon Division have lost too many people.

Although Levi Garrison is unprecedentedly powerful.

But this will also make the town magic division unprecedentedly united.

"Yes, if you let Levi Garrison go on like this, I'm afraid the entire town magic department will be trampled underfoot!"

if() { }

"His sense of threat now is comparable to that of the Xuanming aliens back then! What's more, the Suppressing Demon Division is now a piece of loose sand. It's too easy for him to defeat them one by one!"

"Even if we don't take revenge now! He will slowly destroy us!"

"So the Suppressing Demon Division must unite and return to the previous complete Suppressing Demon Division!"

...

Everyone said in a hushed voice.

However, several ancestors nodded after listening to it: "That's right! We should return to the unified state of the Town Demon Division! Otherwise, we can't deal with him!"

"This revenge must be avenged! Levi Garrison must die!"

Soon, the ancestors of the Sifang Pavilion and the high-level people all gathered together and began to discuss.

"I think it's time to find the gods! Let them take charge of the overall situation! Let's reorganize the Town Demon Division and unify all parties!"

"Now the Town Demon Division is facing the most difficult situation! The God of Heaven must come out of the mountain!"

Several ancestors said.

if() { }

What is the God of Heaven?

In fact, it is the main brain organization of the Demon Suppression Division, that is, the existence that truly holds power, to control the entire Demon Suppression Division and issue all orders.

God Tianjian founded by the master of the town magic department!

It is also the organization with the strongest trump card of Zhen Mosi!

At that time, the Demon Suppression Division was torn apart. First of all, it was the retreat of the Shentianjian, which led to the lack of a leader, and this made the major institutions occupy the mountain one after another.

Up to now, Shen Tianjian is also hidden from the world.

Except for these ancestors, they don't even know where Shentianjian lives in seclusion.

"Well, I agree! The town magician has come to a crisis moment, and Shen Tianjian has no choice but to take care of it! We must get out of the mountains!"

"As long as the Shentianjian comes out of the mountain, he will be able to dominate the major factions of the Town Demon Division!"

...

No one thought that at this moment, the Shentian Prison would be moved out.

Don't know how long.

All parties in the Town Demon Division have never put forward a unified idea.

But at this moment, for Levi Garrison, it is going to be reunified.

Simply incredible.

In addition to this situation, even the full-scale attack of the Xuanming aliens cannot make the Zhenmo Division so united.

It can be seen that they hate Levi Garrison to the extreme.

Mainly Levi Garrison is the monkey they identified!

The monkeys are so strong, they pierce their hearts.

“Okay, then let’s all act!”

“A few of us went to Shentianjian, and the rest of you began to discuss the issue of unification with the major factions!”

...

This time the town magician is really crazy.

Take out everything that can be taken out.

All parties are ready.

Next, you will see the appearance of the original town magician.

Levi Garrison will also be under the most terrifying pressure!

“Hahaha.....”

Gong Qianqiu smiled.

This is what she wants to see.

She thoroughly intensified the conflict between Levi Garrison and Zhen Mosi.

Sure enough, the effect is much better now than she imagined.

The Town Demon Division is about to be unified.

The gods are coming out.

"I grew up listening to the legend of Shentianjian, but I have never been in contact with Shentianjian! I don't know how many masters they have? Can I swallow them?"

Gong Qianqiu looked longing and curious.

At this time, the message also reached Levi Garrison.

"What? The top ten arrogances are dead? The four town pavilions are also gone?"

"Is this black pot dumped on us?"

The Return of the God of War [The Protector] Chapter 3567

[/ The Return of the God of War \[The Protector\]](#)

But we have let go of the top ten talents, and we have given them the four great artifacts! Now that there are no people, it's all our fault?"

"Can this be counted on our heads? It's incredible, isn't it?"

Xiao Feng said depressedly.

Others were also full of anger.

if() {}

Kill is kill!

So many people were killed!

Not bad for these ten!

What can't you admit?

if() {}

But the fact is that ten people really did not kill!

The four town hall artifacts are greedy?

For Levi Garrison, it was thrown away like garbage.

Will he be greedy for this?

This is nothing at all!

How can you not be angry?

Xiao Feng was very angry: "Master, let me explain it outside! We let the people go, and we also gave them the four artifacts! This kind of distorted fact is absolutely impossible!"

Just as Xiao Feng was about to leave, Levi Garrison's voice sounded: "It's useless to explain, no one will believe it!"

Zoey Lopez and others said: "Yes, our explanation is weak! After all, people have disappeared, and the four artifacts of the town pavilion can't be found!"

"Furthermore, the Town Demon Division now regards us as enemies. How can they believe what we say? They won't believe it if you say Potian!"

"And there is no reason, everyone is dead, only the top ten talents are alive? Do you think they will believe it? Maybe they will think that we are insulting them!"

if() {

...

When these words came out, Xiao Feng was so angry that he smashed the wall.

"Damn, isn't that someone deliberately framed us and made us take the blame?"

Zoey Lopez analyzed: "It is estimated that the enemy of Zhenmo Division deliberately put the blame on us. The top ten talents were seriously injured. As an enemy, they will not miss the opportunity!"

The others nodded one after another: "Yes! Who doesn't know that the Zhenmo Division is not in harmony, they are enemies! Especially the top ten talents are unparalleled, which makes many people jealous and envious! Who wouldn't start when they encounter such an opportunity?"

"Not to mention the four artifacts of the town hall! It's trash to the boss, but it's a treasure to everyone else!"

Xiao Feng suddenly asked, "Could it be Xu Qingya's people?"

As soon as these words came out, everyone turned their attention.

"The last time the base camp was exposed and the robbery was stolen was the information they leaked. Even this time the masters were besieged because they exposed our position!"

"It's only natural for them to kidnap the top ten talents and steal the artifacts of the four town pavilions! The top ten talents are seriously injured, and they can transplant their roots. And one more thing, it can intensify the conflict between the master and the town magician!"

"They stole Master's divine calamity, but they are actually the most afraid of Master! They don't want Master to die all the time, and now they use the Demon Suppression Division to deal with Master in this way!"

...

Xiao Feng analyzed.

When analyzing Xu Qingya and the others, she had a clear mind and strong logic.

"It's possible! And it's a high probability!"

Others said in succession.

Levi Garrison frowned and said nothing.

Xu Qingya and several others were not in his consideration.

The doubts about going to the North Pavilion last time have been dispelled.

These people have nothing to do with that.

Xuanming aliens are also impossible!

After all, they sent someone here this time.

Others in Zhen Mosi are unlikely.

After being killed like this by themselves, they couldn't react.

What's more, the top ten talents disappeared around the base camp.

It stands to reason that, after being killed by himself like that, how could Zhen Mosi dare to send people to hang around him.

impossible!

Since the last time when the gods were lost, Levi Garrison felt that there might still be a powerful force.

It is different from Zhen Mosi and Xuanming Alien.

This force controls everything behind the scenes, intensifying the contradictions between itself and the Zhen Mosi and the Xuanming alien race.

As expected, Xu Qingya and the four were in the hands of this force.

The Return of the God of War [The Protector] Chapter 3568

[/ The Return of the God of War \[The Protector\]](#)

This time, the masters of all parties came to kill him, which further confirmed this point.

Someone is running this behind the scenes.

It is understandable that the masters of the town magic division are united together.

But later, the eternal kingdom behind the War Eagle Kingdom, the Xuanming alien race, various killers, and even various institutions.

if() {}

They are still in a cascade configuration, attacking layer by layer.

All parties have not been contacted in advance.

But surprisingly tacit understanding.

This means that there must be someone behind it!

if() {}

Otherwise it can't be done.

A group of rabble, but no one party is in chaos.

The cooperation is tacit, as if it has been practiced countless times.

Someone is definitely manipulating this.

And after the incident, Levi Garrison spoke with the Black Hawk agent.

This is the Eternal Kingdom acting on its own.

It directly crossed the Sky Shield Bureau.

If the Eternal Kingdom takes this opportunity to kill itself, it must first find the Sky Shield Bureau.

Because the Sky Shield is the most familiar with itself.

But there is none.

That means someone else has contacted the Eternal Kingdom.

if() { }

This proves Levi Garrison's guess that there is still a party.

planned it all.

It even stole his own divine calamity before, and even exposed the location of the base camp to the Xuanming alien race.

That makes sense.

Levi Garrison guessed that the location of his base camp should be known by torture after catching Xu Qingya and a few people.

What kind of existence is this group of forces?

It seems that he is familiar with the Demon Suppression Division, the Xuanming Alien Race, and the outside world, especially his own existence.

"But you offended me, Levi Garrison, you absolutely can't run away!"

A cold light flashed in Levi Garrison's eyes.

He will find out.

Now Zhen Mosi has forged a deadly revenge with himself, and he can't get an answer from them.

But the eternal kingdom...

This group of forces has contacts with them.

You can start with Eternal Realm.

Looks like it's time to go to the Eternal Realm...

“Okay, no need to explain! Let’s fight! You all should be careful recently and try not to go out!”

Levi Garrison said.

He is not afraid that the Zhen Mosi will attack and kill him directly, but he is afraid that they will use subterfuge to attack the people around him.

There are crazy rumors outside that Levi Garrison killed the top ten talents and greedily lost the four great artifacts.

Hate is hate.

But in this way, who can be his opponent?

In fact, the fear of Levi Garrison is even deeper.

Gong Qianqiu, who controlled all this, smiled.

Her purpose has been achieved.

At this moment, in a place deep in the mountains, there are pavilions and pavilions.

Xuanming alien race, right here.

Several masterminds of the Xuanming alien race are standing here, and there is an elegant middle-aged man in front of them.

“Clap clap clap...”

He was slapping this group of people hard.

But the masterminds of the Xuanming Alien Race didn’t say a word and let this person beat him.

Incredible!

If other people in Zhen Mosi see it, they will definitely feel incredible.

How can it be?

Xuanming alien race is the strongest alien race.

Not only obeying other people’s orders, but now even getting slapped?

This is also incredible!

In the end, who can make the Xuanming alien race so obedient?

This is impossible!

But that's what happened.

"Did I ever tell you not to trouble Levi Garrison?"

The elegant middle-aged man said coldly.

The masterminds of the Xuanming alien race lowered their heads one after another, daring not to speak.

"You don't listen to me, do you? Think you can do it? Can you kill Levi Garrison?"

the middle-aged man asked.

"We... we never thought that Levi Garrison would be so powerful! It's our fault, Master!"

Several people from the Xuanming alien race apologized one after another.

"Levi Garrison is of course strong, I have reminded you already!"

"From now on, I need all of you to disappear from me, absolutely not in front of anyone's eyes! Understand?"

The middle-aged man said.

Everyone nodded in unison.

The Xuanming alien race also disappeared.

The middle-aged man looked into the distance and sneered: "Levi Garrison still wants to kill!"

The Return of the God of War [The Protector] Chapter 3569

[/ The Return of the God of War \[The Protector\]](#)

Definitely not now!

It is estimated that the people of Zhenmo Si never thought that the Xuanming aliens would obey others!

I don't know who can make them submissive and use it for him.

At this time, Gong Qianqiu came to a dead place.

if() { }

There are graves everywhere, as well as skeletons, of various creatures.

Not far away, the crow roared in a low voice.

"Master Bone!"

Miya Chiaki shouted.

if() { }

Soon after, a bony, almost skinny figure walked out.

He looked ferocious and frightening.

It was almost a white bone covered with a layer of skin.

Rao Shi Gong Qianqiu couldn't help shivering.

She was terrified.

This is actually a different kind of Zhen Mosi.

Originally, he was the doctor of the Zhenmo Sitian Medical Supervisor.

But later, he studied crooked ways and embarked on an alternative medical way.

Make yourself a ghost or a ghost, and you won't say it when you are punished by God.

He was also expelled from the Heavenly Doctor.

He couldn't raise his head at all at the Town Demon Division.

if() { }

Originally a master of honor and status, but now he has become a street rat.

However, he is in line with Gong Qianqiu's needs.

That is, he can develop a spirit root spirit bone.

It's just that the Bone Master's trace is elusive.

The entire town magic division knows no more than a handful of people.

But this is difficult for Gong Qianqiu.

She is so amazing.

In the shortest time, the bone master was found.

Master Bone's eyeballs turned, as if they could fall out at any time.

"What did you come to do with me?"

His voice was hoarse and depressed.

It was like the unpleasant sound of fingernails slicing through glass.

"I...I came to you because I wanted you to help me build a spiritual bone!"

Gong Qianqiu said bluntly.

Master Bone asked, "What kind of spiritual bone?"

He wasn't very interested in this.

"Devouring the spirit root spirit bone!"

"what???"

Hearing what Gong Qianqiu said, Master Bone's eyes lit up fiercely.

Everyone is going crazy.

"You mean devouring spirit root spirit bone?"

Bone Master is a little crazy.

For many years, no one has proposed to devour spiritual roots and bones.

"Are you crazy? There has never been such a root in the town demon!"

Gong Qianqiu shook his head: "It has already appeared! Presumably the master has heard of Levi Garrison?"

The Bone Master nodded.

Levi Garrison swept the Demon Suppression Division like this, even if the guys in the Demon Suppression Division who couldn't be hidden knew all about it.

"Her daughter is to devour the spirit root spirit bone!"

Miya Chiaki said.

Master Bone showed a surprised look: "What? It really appeared?"

"Not only that, his daughter created a set of exercises very early on, which is very similar to the technique of refining qi! But there are actually essential differences! One is absorption, the other is..."

"Swallow!"

The voices of Gong Qianqiu and Master Bone sounded at the same time.

Apparently the bone master has figured it out.

"boom....."

The next moment, Gong Qianqiu has already started the exercise.

The death energy of this place was swallowed up by her terrifyingly in the shortest possible time.

Master Bone was dumbfounded.

This also proves everything.

"Now I have got her exercises, but I can't get her spiritual roots and bones. I need the master to help me create a pair of devouring roots! It doesn't matter what the conditions are!"

Miya Chiaki pleaded.

The bone master began to say: "Actually, all the types of spirit bones in Zhenmo Division come from the Tianyi Supervision, and all the ancient books and materials you can find are compiled by us! What is the nature of devouring spirit bones? I know that too!"

"But! Do you think it's possible for me to create a root bone above the legendary level? It may require other excellent root bones to be ground into powder to cast a root bone model, and then use various resources to build a little bit... .."

"It is absolutely impossible to create a devouring spirit root spirit bone! Even a legendary spirit root spirit bone can't do it!"

The Return of the God of War [The Protector] Chapter 3570

[/ The Return of the God of War \[The Protector\]](#)

The bone master's words mean the lack of raw materials and various resources.

It's just that Gong Qianqiu suddenly smiled: "Master Bone, what if I have the roots of the Ten Great Talents of the Sifang Pavilion?"

"what?"

This time, the eyeballs that Bone Master could easily fall out almost flew out.

if() { }

The white skeleton was also shaking violently.

"The top ten talents of the Sifang Pavilion are incomparably talented, and each of them has a legendary-grade spiritual bone! There are even two whose roots are stronger than the five-element spiritual bone!"

Master Bone was breathing rapidly and spoke with a trembling voice.

Gong Qianqiu smiled: "Now the top ten talents are under my control! I can take down their spiritual roots and bones at any time! I also have all the corresponding resources! Can I build a pair of them with this master? Similar to devouring the spiritual roots and bones?"

if() { }

"Oh it's you!!!"

The Bone Master looked unbelievable.

He also knew about the battle between Zhen Mosi and Levi Garrison.

Who would have thought it was a woman!

She actually controls everything.

Soon, he also understood everything.

Knowing that these people were controlled by Gong Qianqiu.

Especially Zhen Mosi was played around by a woman.

He laughed!

“Hahaha... You group of idiots, Zhen Mosi, don't think of being played around by a little girl!”

“I wouldn't do it if it was anyone else! But you control everything and play the magician! I'll help you! Hahaha, this is an extremely crazy thing!”

if() { }

“You don't need to repay me, promise me that I will destroy the entire town magic division after I become successful! I want to see them destroy with my own eyes!”

Master Bone's tone revealed extreme madness.

Gong Qianqiu smiled.

In fact, she did not come blindly.

Before he came, he had already investigated this bone master.

Knowing that he had gone astray, he was expelled from the Heavenly Medical Supervisor, and even more despised by the entire town magic division.

He cares about Wynn for the town magician.

It's the kind of heart that wants everyone in the town to die.

What he is doing now is what he thinks day and night.

Therefore, he will agree.

It seems that Master Bone wants to help Gong Qianqiu, but in fact, he is already under Gong Qianqiu's control.

This is the power of Gong Qianqiu.

Both left and right, can control anything.

“Okay! That's what I thought too! I've deliberately done all this! I'm going to trample the entire town magic division under my feet! Let those who look down on people and speak ill of me die! I want those ancestors to crawl under my feet. ...”

“Master, my current situation is...”

When Gong Qianqiu faced different people, he used different methods.

For people like bone masters, they have a lot of experience and a lot of experience.

If you deliberately deceive him, take advantage of him.

It will be discovered sooner or later.

So, to deal with a bone master like this – you have to give him everything without reservation, and be honest with him.

This is the only way to control him!

Sure enough, after Gong Qianqiu explained everything, the bone master did not have any guard against her.

“Child, next, I will do my best to help you create a pair of devouring spiritual roots and bones! Strive to achieve the closest state to the original!”

“Let’s go, I can’t wait!”

After Master Bone has packed up everything, he will go to see the Ten Great Talents.

“Master, I have another request! Although the place where I temporarily detain the top ten talents is hidden, it is not conducive to our work! Sooner or later, it will be exposed!”

Gong Qianqiu was mainly afraid that too much movement would attract the attention of experts and even Levi Garrison.

“This is easy to handle! I have a place! Mass graves!”

The bone master sneered.

“What? The mass grave of the head of the Seven Jedi?”

Gong Qianqiu suddenly became interested.

The Thousand Corpse Pit is the head of the Seven Great Jedi Suppression Division.

As the name suggests, thousands of corpses are buried here.

Is a terrible Jedi!
