[/ The Return of the God of War \[The Protector\]](#)

There is a strong self-confidence in Dugu Tuo!

Knowing that Levi Garrison has become so powerful, Dugu Tuo is still so confident.

That God Tianjian may be more terrifying than imagined.

“Do I need to tell Yufeng Tiansi about this?”

the woman asked.

Dugu Tuo shook his head: “No need, he’s all about refining medicine and won’t pay attention to these mundane things!”

“Furthermore, I can make the decision alone, I don’t need anyone else!”

Dugu Tuo carried his hands on his back, his face full of conceit.

“By the way, how is my son?”

Dugu Tuo asked again.

The woman smiled: “He is very good, better than we thought!”

“Well, then I’m relieved!”

Dugu Tuo looked into the distance, and there were sharp edges in his eyes.

“I finally want to unify the Town Demon Division!”

Several ancestors of the Sifang Pavilion quickly gathered the Shentian prison out of the mountain, and brought back the unified message of the Suppressing Demon Division.

Immediately, hundreds of factions of the Town Demon Division exploded.

In fact, most factions are definitely not willing to unify.

After all, no matter how small his own power is, he is still self-development, free and unrestrained, and he is used to it.

After all, it has been a long time since the Town Demon Division was torn apart.

Now that we need to be unified again, everyone is unwilling to accept it.

But now there are two points –

First: Levi Garrison has insulted everyone in the Town Demon Division. This is a matter of honor and shame for everyone.

Second: Shentianjian came out of the mountain, and the unification was prevented by the big factions, and the small and medium factions were not allowed to unify.

So they have nothing to do.

Can only helplessly join the ranks of the unified.

In just one day, the ancestors of Sifang Pavilion have organized nearly half of the factions of the Town Demon Division.

There are also many factions who came to discuss matters of unification by themselves.

After all, it is the general trend, and it is useless for everyone to struggle.

If it doesn't keep pace with other factions, it is likely to be the target of public criticism.

If you are not unified, the big faction will directly destroy you.

In particular, Shentianjian has come out of the mountain.

Who dares not obey orders?

Looking for death?

The next momentum is expected to be completed in a day's time, and the unified plan of the entire town magic division will be completed.

Just waiting for Shen Tianjian to come out of the mountain...

Now in the East Pavilion.

Representatives from all parties gathered to discuss the unification of the Town Demon Division and how to deal with Levi Garrison.

Gong Qianqiu naturally would not miss such an important occasion.

She followed her master Gong Wenqian to the East Pavilion.

Seeing the representatives of all parties gathered, she smiled in her heart.

If all this is not her push, how could this be?

Next, the Zhenmo Division will officially start a war with Levi Garrison.

Will buy her a lot of time to rise.

No one will notice her.

Maybe she will find out, but at that time, she is afraid that she has already obtained the spirit bone and swallowed enough power.

No one could have gotten her.

Levi Garrison, you don't think about it, do you?

I have a great gift for you.

You will see the ultimate power of the town magician!

Not only that.

Gong Qianqiu has begun to have ideas for Shentianjian.

This is the only place in the town magic division that she has not penetrated.

After all, Shen Tianjian has never come out since she knew it.

But Gong Qianqiu felt that as long as she made good use of the gods, she would be even stronger.

She would trample the entire town magician under her feet.

Including the gods.

When Shen Tianjian and Levi Garrison fight, there is only one person who will benefit in the end—that is her!

“Why didn't Master see the people from the North Pavilion? Logically speaking, the five factions of the Wufang Pavilion should all be present! This is the main force of the Town Demon Division!”

Gong Qianqiu glanced around and couldn't help asking.

Gong Wenqian snorted coldly: "Beijing is very close to Levi Garrison now, I am afraid that he will be a traitor of the Demon Suppression Division!"

"That's a shame!"

Gong Qianqiu cursed.

## The Return of the God of War [The Protector] Chapter 3576

[/ The Return of the God of War \[The Protector\]](#)  
She had already said this to more than one person.

And everyone is a representative of various factions.

She didn't even look into it.

Just a reminder.

Let these representatives notice that the North Pavilion is not coming.

Next, they will naturally regard Beige as a traitor of the Town Demon Division.

She doesn't need to remind her too much.

This is Gong Qianqiu's plan.

First, get rid of Beige with the help of Zhen Mosi.

But she can't bring it up herself.

For the time being, she still has to keep a low profile, it's best not to let anyone notice her!

Ignore her as an unknown pawn.

Therefore, it can only be brought up by others.

Therefore, Gong Qianqiu deliberately designed it this way.

Even his own master was counted.

The six ancestors of the East Pavilion presided over the meeting.

"It is estimated that the entire town magic division will be unified by this time tomorrow!"

"When the time comes, Tiansi Dugu will bring Shentianjian out of the mountain! Let's take control of the situation! At that time, everyone must obey the command!"

"No matter what, everyone's goal is only one – kill Levi Garrison first!"

The ancestors of the East Pavilion are very good at mobilizing the atmosphere, and they go on with a few words.

Tens of thousands of people are already screaming.

"Kill Levi Garrison!"

"Kill Levi Garrison!"

...

The conference soon came to an end.

Just when everyone was about to disband.

Gong Qianqiu's master Gong Wenqian and several others stood up together.

"Wait! Ancestor, we have something to say!"

Tens of thousands of people in the field looked over in unison.

"What's the matter? What are you going to say?"

Several ancestors asked.

"Ancestor, you said that all factions will be unified, I don't think it is possible!"

Gong Wenqian said.

"Yes, impossible! There is one faction that cannot be unified!"

Others also spoke up.

"That's the North Pavilion! The North Pavilion is so close to Levi Garrison now that he has become the monkey's lackey! They have already betrayed the entire Town Demon Division!"

"Yes, there is no problem with the internal battles of the major factions of our Demon Suppression Division, and casualties are fine. But now when we are

uniting against foreign enemies, Beige chooses to stand with foreign enemies. This is betrayal!”

“The North Pavilion is really a disgrace to the Suppressing Demon Division! You betrayed the Suppressing Demon Division, even if you are a foreigner from Xuanming! Don’t they feel ashamed of being a monkey as a lackey?”

...

These people who were carefully designed by Gong Qianqiu, at this moment, all spoke up.

All the contradictions are concentrated on the North Pavilion.

This really aroused everyone’s anger.

“Yeah, Beige betrayed the Town Demon Division!”

“Beijing is Levi Garrison’s lackey! It’s a disgrace to the Town Demon Division!”

“If you want me to see, the North Pavilion must be destroyed!”

...

Everyone started to talk about it.

All thinking about how to destroy the North Pavilion.

This is a shame!

No one can stand it!

“The Three Saints of the North Pavilion are really the ones who have lost all of our Demon Suppression Division! Can you still surrender to a monkey?”

“I’ve never seen such a bony head! What a shame!”

Several ancestors sighed.

“I said that I always felt bad! It turned out that the people from Beige didn’t come! At such an important and critical moment, they didn’t come. Is this a complete betrayal of the Town Demon Secretary?”

“Okay! Since the North Pavilion insists on being someone else’s lackey! Then after the unification of the Suppressing Demon Division, the North Pavilion will be the first to be destroyed!”

“Even after Dugu Tiansi hears it, it will be the decision!”

Several ancestors have made a unanimous decision.

“But don’t spread the word about this matter yet! We’ll talk about it when Shentianjian comes out of the mountain! Then I’ll be caught off guard by hitting the North Pavilion!”

“Not only that, we have to send people to the North Pavilion! We deliberately cooperate with them to discuss the unification of the Town Demon Division to numb them!”

“Okay, understand!”

...

I heard that the North Pavilion has been targeted by all parties.

Gong Qianqiu laughed immediately.

As long as the North Pavilion is removed, one of Levi Garrison’s eyes will be knocked out.

Then he didn’t want to know about Zhen Mosi.

## The Return of the God of War [The Protector] Chapter 3577

[/ The Return of the God of War \[The Protector\]](#)

In the past, the Town Demon Division was separated, and there were many factions.

It doesn’t matter whether the North Pavilion exists or not.

But now the whole town magic division is twisted into a rope.

And the next step is to deal with Levi Garrison in an all-round way.

This is not the same.

The existence of the North Pavilion is bound to provide Levi Garrison with information.

equivalent to his eyes.

Knock out the eyes, Levi Garrison won’t know any movements of the Demon Suppression Division.

At that time, Gong Qianqiu's operating space will be large.

Occasionally, Xiao Feng can be used to pass some messages to Levi Garrison.

She can control the situation.

Therefore, the North Pavilion must be removed.

At this moment, Bei Ge also roughly knew the movements of the major factions of the Demon Suppression Division.

They are all unified.

Xu Liejun stood in front of the three saints in the North Pavilion and asked, "What should we do now?"

"If we don't go to unification, we will definitely be regarded as traitors! I'm afraid everyone will deal with us, and even the gods who came out of the mountain will not let us go!"

"But if we join the unification, we will definitely have to deal with Mr. Ye! Isn't this a dilemma for us?"

...

Xu Liejun and the others were all helpless.

Things made them not human either.

Isn't that the case with the Three Saints of the North Pavilion?

They are helpless now.

But at this moment, a long howl came.

Hearing the voice, the Three Saints of the North Pavilion smiled.

It turned out to be the three ancestors of Nange.

It is also the best relationship with them.

The Three Saints of the North Pavilion asked, "How are the three old friends?"

"Hey! What's the matter? The two disciples that the three of us carefully cultivated were beheaded, and the magic weapon of the pavilion was also lost!"

The three exclaimed.

“this.....”

The Three Saints of the North Pavilion couldn't help but stagnate.

Xu Liejun said immediately, “The three seniors are actually...”

He was about to express that this matter had nothing to do with Levi Garrison.

Just as he was about to say it, he was stopped by the Three Saints of the North Pavilion.

“Hey, three old friends, we deeply sympathize with your experience!”

The Three Saints of the North Pavilion said immediately.

They knew what Xu Liejun was going to say.

It must be said that this matter has nothing to do with Levi Garrison or something.

You can tell other people this.

But I can't tell the people in the town magic department, especially these few are still victims.

I hate Levi Garrison to the core.

You have to say that Levi Garrison is right.

Then they can't agree.

“Nothing goes without going to the Three Treasures Hall, three old friends, the purpose of our visit is straightforward!”

“You must have heard about the unification of the Town Demon Division! We are looking for the North Pavilion for this!”

The three ancestors of the South Pavilion said.

Hearing this, the Three Saints of the North Pavilion were taken aback.

It never occurred to me that the other factions of the Town Demon Division did not regard them as traitors.

This is a good thing!

After all, they are also from the Demon Squad.

They definitely don't want to be excluded by the town magician.

"Now there is an urgent need to unify the forces of all parties! Your North Pavilion must also set an example!"

The three said.

But for them, once the Demon Suppression Division is unified, then they are going to kill Levi Garrison?

This makes it difficult for them.

The three ancestors of Nange saw the embarrassment of everyone, and they smiled and said: "Actually, as long as you unite the Suppressing Demon Division, you don't need to do anything? If you don't want to take action, then don't do it!"

"What we want is the unification of the town magic division! Not everyone is going to charge!"

They came with a goal to stabilize the North Pavilion.

So everything is according to Bei Ge's thoughts and intentions.

"That's ok! Then we support the unification of the Town Demon Division!"

The Three Saints of the North Pavilion immediately agreed.

"By the way, tomorrow Shentianjian will leave the mountain, and representatives from all parties will be sent to meet you! By the way, a unification ceremony will be held! The three of you and the representatives of the North Pavilion will all go!"

The three of the South Pavilion said.

"Don't worry, we'll all go!"

"Okay, after notifying you, we have to notify others!"

[/ The Return of the God of War \[The Protector\]](#)  
The three ancestors of the South Pavilion left immediately.

This made the Beige Sansheng and the others have no doubts at all.

If someone else came to invite, they might still be suspicious.

But this is the best relationship among the Three Saints in the North Pavilion.

They invite, or rest assured.

And it's all according to their will.

Don't even think about it.

...

"Okay, the Three Saints of the North Pavilion have agreed!"

"Wait for tomorrow's grand ceremony for the unification of the demon division, and kill the three saints of the North Pavilion and others!"

Bei Ge never thought that they had already set up a net of heaven and earth.

Now for Levi Garrison.

It is also quite difficult to find people.

In particular, how to find the Xuanming alien race?

Relying on the strength of his men is far from enough.

Originally, he could find it for him through the major factions of the Town Demon Division, after all, they were familiar with it.

It's not possible now.

Zhen Mosi has completely become an enemy of himself.

This is no longer possible.

Azure Dragon (Qinglong) recovered well and came to Levi Garrison's side.

"Boss, if we don't look for it! It doesn't mean anything!"

Several people said.

After this period of recuperation, they have looked down on a lot of things.

"Azure Dragon (Qinglong) is unavoidable. If we don't find them! If we leave it alone, they will think that we are easy to bully! They will think that we are weak! They will continue to bully us!"

"The next one may be against Levilia, Xiao Feng and the others! Only by getting rid of them completely can this kind of hidden danger disappear."

"And I, Levi Garrison, will never let my brother suffer! I have deprived my brother of his roots, and I must avenge this revenge!"

Levi Garrison growled.

"Yes! This matter can't be let go! Master, leave it to me to investigate! I will find out the Xuanming alien race sooner or later!"

Xiao Feng gritted his teeth.

"Okay, then we are not strong enough, you have to pay more attention!"

Levi Garrison looked at everyone and said.

The five Azure Dragon (Qinglong) shook their heads helplessly: "Unfortunately, we can't do anything right now, let alone help you!"

"Uncle Azure Dragon (Qinglong), why don't I pass on all the exercises to you, so you can try my exercises?"

Levilia opened his mouth.

Hear this.

Xiao Feng was immediately anxious: "No! Levilia's exercises are not suitable for us to practice, we will walk after practicing..."

Suddenly realizing that he was leaking, Xiao Feng immediately stopped.

If he speaks out about getting into trouble.

That's all exposed.

It will even pull Gong Qianqiu out.

Others are afraid that they will think that Gong Qianqiu and himself have stolen Levilia's exercises.

Seeing everyone looking at him, Xiao Feng hurriedly said: "Levilia, think about it? How domineering your practice is! Azure Dragon (Qinglong) and the other five are actually very weak, if you practice your practice, it may be counterproductive.!"

“What’s more, the five of you Azure Dragon (Qinglong) only need to be raised now, and the rest have us!”

Xiao Feng’s reaction was fast enough, and a few words resolved the matter.

The five Azure Dragon (Qinglong) nodded: “Okay, we will take good care of it, and we will not cause trouble for you!”

the other side.

Gong Qianqiu looked at the situation she was controlling, and she couldn’t help but smile.

In the mass grave.

The Bone Master has already started.

Gong Qianqiu also assigned him several assistants.

Among them there are bone masters, and there are also experts in medicine.

She had already sent someone to look for the items on the list the Bone Master had given him.

The top ten geniuses have been controlled, and their roots will be taken down.

The pride that belongs to them will also be shattered.

They looked at Gong Qianqiu and Master Gu, and there was only fear in their eyes.

“Please let us go! Please!”

Many people have already started begging for mercy.

Just Gong Qianqiu smiled: “Don’t worry! Everything about you will appear in my body! I will chase your goals for you!”

“By the way, tomorrow I will bring some new people to meet you!”

In a blink of an eye.

On the second day.

Shen Tianjian came out.

All the representatives of the factions gathered together.
