

The Return of the God of War [The Protector] Chapter 3579

The Lord of the Demon Suppression Division, Tian Si, was not present.

But Dugu Tuo can control everything.

In particular, the main brain organization, the God of Heaven, is here!

Then all factions of the Town Demon Division are recognized!

Will respect him too!

All five hundred and twenty-three factions of the Town Demon Division came.

Including Beige also sent people.

The three saints of the North Pavilion and the eight high-level officials of the North Pavilion all came as representatives.

Seeing everyone from the North Pavilion, everyone breathed a sigh of relief.

Now the North Pavilion can be destroyed.

In particular, Gong Qianqiu was even more happy in his heart.

She also designed the next plan.

Tens of thousands of delegates gathered in front of the Devil Town Hall at the former site of the Devil Town Division.

In front of the main hall, the powerhouses of Shentianjian were already full.

Dugu Tuo stood in the middle.

Looking at the tens of thousands of people in the field, Dugu Tuo's clothes were no wind, and he shouted: "Today, my town magic division is unified! Reinvigorate the former glory!"

Tens of thousands of people below were excited.

They are all staring at the Hall of Zhen Mosi!

The sense of honor and pride that disappeared for a long time has returned.

Although the Town Demon Division has been separated for a long time, even they are used to being free.

But now that they are gathered together, everyone's blood is boiling.

This is the pride of Zhen Mosi!

Many old people have nostalgic for the scene when the Suppressing Magic Division suppressed all kinds of aliens and pushed everything horizontally.

"Long-lost blood!"

Even the eyes of a group of ancestors shone brightly and their faces were red.

Tens of thousands of people began to cheer.

More and more people are getting infected.

"It is because the Town Demon Division is divided into hundreds of factions, and they are not united. They will be bullied! They will be defeated one by one! Even now, it's a monkey's turn to ride on our heads to make a fortune!"

"This time, the top ten talents of the Demon Suppression Division led tens of thousands of masters to defend the dignity of the Demon Suppression Division, but they were all slaughtered by a monkey from the outside world!"

"We can't bear this tone, so the Town Demon Division must be unified! Restore the former organization! Become a whole so that it can resist any foreign enemies!"

...

Dugu Tuo is worthy of being a natural leader. Just a few words made everyone emotional and full of blood.

"Unification!"

"Unification!"

...

Tens of thousands of people shouted, and the field was warm and spectacular.

“Then my representative, Dugu Tuo, in the name of Shentianjian, announced the unification of the Zhenmo Division! Everyone will be included in the nine major organizations in the shortest time! The heads of the nine major organizations will also be decided as soon as possible!”

In the end, Dugu Tuo announced the unification of the Town Magic Division.

This is also the biggest incident of the town magic division in many years.

Everyone expected that there would be a day of unification of the Zhenmo Division, mostly because of the Xuanming aliens or other powerful aliens.

But it never occurred to me that it was because of a monkey outside.

Killing everyone will not think of it.

“When everything is confirmed, then we will do the first major thing after the unification of the Demon Suppression Division – kill all the monkeys!”

Dugu Tuo did not forget to set goals.

“Kill kill kill!”

After the unification of the Demon Suppression Division, what everyone wanted to do most was to kill Levi Garrison.

“Okay, you can ask me if you have any questions next!”

“Dugu Tiansi, I don’t know why Tiansi didn’t come?”

“And why didn’t Yufeng Tiansi appear?”

Someone in the field still asked.

After all, that is the Lord of the Demon Suppression Division.

The Town Demon Division, who was not there, always felt that it was almost meaningless.

There is also a deputy Tiansi who did not come, and everyone also felt that it was bad.

“Oh, Yufeng Tiansi is refining a magic medicine! It won’t come out for the time being!”

“As for Tiansi, he left Shentianjian a few years ago and went to travel! This is his own retreat! There is no information so far, maybe he is among you, or he may have gone to the outside world a long time ago. Among the monkeys, it is possible!”

“Don’t worry, with Tiansi’s supernatural powers, they all know what we do!”

...

Soon, Dugu Tuo answered one question after another.

The Return of the God of War [The Protector] Chapter 3580

“Okay, do you have any questions?”

“Then we have to do something next!”

Suddenly, Dugu Tuo’s eyes fell on the Three Saints of the North Pavilion.

“not good!”

When Dugu Tuo came over, the three saints of Beige realized that something was wrong.

My heart sank.

Even Xu Liejun and the others panicked.

They also realized it!

not good!

They were fooled!

It’s because they didn’t think about it clearly, they trusted the Nange people too much.

Their relationship with Levi Garrison was enough to isolate them.

They were also invited to participate, and they followed their wishes.

This is clearly a conspiracy.

But they didn't realize it.

Because the few people in the South Pavilion have a good relationship with them, they have no doubts.

The last time Levi Garrison came, he asked them to be careful.

As a result, the three saints of the North Pavilion didn't care, they felt that the three of them had recovered and were able to control the situation.

At least the whole body retreats without a problem.

But it's too late to regret it now!

"Wow wow wow..."

The eyes of tens of thousands of people in the field also looked over.

Eleven people, including the Three Saints of the North Pavilion, became the target of public criticism.

These eyes are full of danger.

The field was full of murderous aura.

Even the three ancestors of Nange showed inexplicable smiles.

As if to say – you've been fooled.

No one thought that the Suppressing Demon Division Unification Ceremony would set up a killing game to wait for them.

Did not think of ah.

"In the days when there was no leader of Shentianjian, all the major factions performed very well! But the North Pavilion really disappointed me! It turned out to be a traitor! It was still a lackey for the monkeys outside!"

"Shame! A huge shame! The person who lost my Demon Suppression Division! Everyone in my Demon Suppression Division is as noble as a god, how can I submit to a monkey!"

"Since the establishment of our town magic division, there has never been such a shame!"

"How do you say it should be?"

Dugu Tuo shouted.

“Kill! Kill! Kill!”

Thousands of people shouted at once.

“Okay! Then use their blood to wash away the shame!!!”

Dugu Tuo said coldly.

“You three old fellows are disgraceful, and you actually used monkeys as lackeys! I bah!”

The three ancestors of the South Pavilion showed their true colors and began to roar at the Three Saints of the North Pavilion.

“escape!!!”

The Three Saints of the North Pavilion knew that this battle was inevitable, so they would have to strike first.

“Boom...”

The Three Saints of the North Pavilion are now back in strength, and with all their strength, the ground is shaking.

Forcibly cut a bloody path.

Let Xu Liejun and the others escape.

“Remember to find Mr. Ye after you go out, so that he can protect the North Pavilion, otherwise the North Pavilion will be completely destroyed!”

The three exhorted.

Under the unprepared attack of the Beige Sansheng, he really made a bloody path.

This greatly changed the faces of the ancestors of all parties.

Never thought that the Three Saints of the North Pavilion had recovered so quickly, this strength was simply terrifying.

Did they really let them escape now?

But Dugu Tuo, who was not far away, smiled.

Obviously, he was well prepared for this kind of breakthrough of the Three Saints of the North Pavilion.

Xu Liejun's eight people had just left the crowd and were about to run away.

Suddenly, several young figures appeared inexplicably.

In the blink of an eye, all eight Xu Liejun were forced back.

The arrogance of the gods!

Seeing them, everyone gasped.

It never occurred to me that God Tianjian actually had a more terrifying Tianjiao than the top ten Tianjiao.

This is no less than Bai Xinghe Chu Qingshuang.

After Gong Qianqiu saw them, his eyes brightened even more.

I don't know what the roots of these arrogant geniuses in Shentianjian are?

If you get their root bones, then absorb their power cleanly.

How nice would that be.

Now Gong Qianqiu has begun to make up his mind on Shentianjian.

After Xu Liejun was forced to retreat, he immediately fell into a circle.

Violent attacks from all sides came one after another.

The Three Saints of the North Pavilion were also trapped by the great ancestors and could not escape at all.

What awaits them will be death...
