

# The Return of the God of War [The Protector] Chapter 3585

They kept begging Gong Qianqiu.

“Kill me! Please! Give me a treat!”

Bai Xinghe is also pleading.

His talent, his spiritual roots and bones are things that make him proud.

heavier than his life.

He can accept death.

But he couldn't accept that his spiritual roots and bones were poached by others.

This is equivalent to destroying his soul!

He couldn't accept it.

The same is true for other geniuses.

would rather die.

Unacceptable.

But how could Gong Qianqiu give them a chance?

“Pleading is useless! You are destined to pave the way for my Gong Qianqiu's hegemony!”

Gong Qianqiu laughed.

“Please, please, please...”

The top ten Tianjiao have been pleading.

But in the end, with the screams, there was no sound.

Under the operation of the bone masters, the spirit bones of the top ten talents were quickly taken down by the broken spirit knife one by one.

Chu Qingshuang's spiritual roots and bones were stored separately.

The rest of the spiritual roots and bones are placed together again.

At this moment, the top ten talents are like walking dead.

Although they are alive.

But my heart is dead.

The eyes are full of emptiness.

It's scarier than dying.

Their inner self-esteem completely collapsed.

Even if Bai Xinghe and the others were alive, they would never speak for the rest of their lives.

The body is still there, but the soul has been stripped out.

Where the ten people are lying is already soulless.

Master Bone looked at the top ten arrogances, and couldn't help sighing: "As expected of the top arrogance, this bone is legendary! Hahaha..."

"It's even better than I thought! Now you're very close to devouring your spiritual roots and bones!"

This is great news for Gong Qianqiu.

Next, she just needs to wait for a new pair of spiritual roots and bones to come into her body.

"They can't die yet! Take care of them!"

Next, Gong Qianqiu used a large amount of heaven and earth treasures for the top ten Tianjiao.

She will also devour the power of the Ten Great Talents.

Now the top ten talents are no longer struggling, and they are completely at the mercy of Gong Qianqiu.

Their hearts are completely dead.

Shortly after.

The body of the top ten Tianjiao has recovered temporarily. After all, the spiritual root and bones have been taken out, and the impact is too great.

“Why don’t I just wait and wait for them to recover!”

Gong Qianqiu felt that there was no need to worry for the time being.

Still want to wait for them to recover for a while.

After all, it had not been long before he devoured the power of the Three Saints of the North Pavilion.

However, Master Bone said firmly: “No! Immediately! The faster we are now, the better! After all, the road ahead is not easy! The Shentianjian has returned, and you will not have many chances in the future. And it’s hard!”

This reminded Gong Qianqiu.

Indeed.

Before the Zhenmo Division was torn apart, for her, opportunities were everywhere.

Want to penetrate into that is that.

But then God Tianjian took control, and the Suppressing Demon Division was unified.

I have very few opportunities not to talk about it, and it is easy to reveal my fault.

The Magician will also discover the existence of third parties.

At that time, if you track down your own head, it will be over.

So the faster the strength increases, the better.

Listen to the bone master, directly swallow.

“That’s good! Now I’ll devour your skills!”

Gong Qianqiu began to use the exercises, aiming at the top ten talents and began to swallow them.

“Boom...”

Soon, there was a burst of explosions in the sky.

The atmosphere of the entire mass grave has changed.

It seems that there are thousands of resentful spirits struggling.

What is terrifying is that the endless yin is also gathering in Gong Qianqiu's body.

He never thought of swallowing the power of the top ten geniuses, and in the end, he could also swallow the endless Yin Qi of this corpse pit.

The movement grew louder for a while.

That is, there are few people in the mass grave.

Otherwise, it will definitely be exposed.

After all, the power of swallowing is too strong.

Caused the world to change.

In this way, Gong Qianqiu's momentum became stronger and stronger, and he became more and more domineering.

## The Return of the God of War [The Protector] Chapter 3586

"Boom!"

There was a muffled sound from the corpse pit.

Gong Qianqiu succeeded.

She devoured the power of the top ten geniuses and the endless yin qi.

The whole person is like a tsunami.

The whole body is full of terrifying power and extreme breath.

The whole person is reborn!

The strength has come to the anti-sky level.

One level higher than before.

"Hahahaha... Now even the strongest ancestors in the East Pavilion are not your opponents!"

"It is estimated that in order to win you, the Sifang Pavilion and the ancestors of other factions must join forces!"

"It is estimated that your single combat power is not far from Dugu Tuo and Yufeng! You can even fight!"

"Unless you are the supreme powerhouse of Shentianjian, there is no one in the Town Demon Division who can do anything to you!"

Master Bone smiled happily when he looked at Gong Qianqiu.

The stronger Gong Qianqiu is, the more he can carry out the crazy revenge in his mind.

"Don't worry! Wait for my devouring spirit root and spirit bone to complete! You will instantly surpass Dugu Tuo and the others and become the well-deserved number one of the Town Demon Division!"

"At that time, Levi Garrison, or Xuanming alien, will all be trampled under your feet!"

said the bone master.

"Hahaha... So what does it feel like to control the ultimate power? It's really cool!"

Gong Qianqiu couldn't help laughing.

"Don't worry, I am now carrying ten of you! I will fulfill your dream – to the top of the town magic division!"

Gong Qianqiu looked at the top ten geniuses who were almost swallowed into mummified corpses.

"However, you can't die! You have to watch me grow!"

Unlike the Three Saints of the North Pavilion, she devoured it directly to death.

But the top ten talents still have to witness her growth.

To satisfy the different kind of \*\* in her heart.

"It's over to you, they can't die for the time being!"

Gong Qianqiu said to the servant.

Xu Qingya and the others looked at Gong Qianqiu and were completely desperate.

How long has it been.

She has almost reached the top of the town magic department.

If the prison of God does not come out.

She is the well-deserved number one of the Zhenmo Division.

I used to think that her chasing Levi Garrison was a joke.

But in this short period of time.

She has reached this level.

This is very likely to catch up!

horrible.

Once the bone master creates a brand new devouring spirit root spirit bone.

Then Gong Qianqiu can really challenge Levi Garrison.

As if guessing the thoughts of Xu Qingya and several others, Gong Qianqiu looked hungry and said with a smile: "You three are the first witnesses! I will let you live to the end, and I am reluctant to kill you!"

"You're shameless... just wait! You're not going to end well! Levi Garrison will take care of you!"

Now Xu Qingya and several people can still hope that Levi Garrison will find her sooner, this is the only hope.

But if it takes a while, not even Levi Garrison will do.

She probably couldn't hold her back.

"Hahaha, I'm waiting for him! When he finds me, it's probably too late!"

Gong Qianqiu laughed.

Then, she looked at the four artifacts of the town pavilion.

"We will also swallow your essence together!"

Gong Qianqiu is also eager and wants to devour it all.

The result was just swallowed for a while.

Found that nothing could be swallowed.

This technique has an upper limit.

Her body can take it.

But at present, the level of the exercises she practiced has reached the top, and she can't absorb more.

In particular, the four town pavilion artifacts contain the ultimate power.

It's okay to swallow a little power.

"This should be the root bone problem! If your spiritual root and spiritual bone are of the devouring type, the cultivation technique can also reach a higher level! You can devour more!"

The Bone Master explained.

The main Gong Qianqiu also swallowed too much.

The Three Saints of the North Pavilion and the Ten Great Talents.

This power is terrifying.

"Well, I'll finish it as soon as possible!"

The bone master immediately went to work.

Gong Qianqiu left from the corpse pit.

Go kill a few people she really wants to kill.

Before the strength was not enough, now the strength is enough.
