

# The Return of the God of War [The Protector] Chapter 3587

These people are the high-level leaders of the major factions of the Town Demon Division.

When Gong Qianqiu looked for them, he just wanted to control them.

However, this group of people is difficult to deal with, so far Gong Qianqiu has not won.

They even humiliated Gong Qianqiu at the beginning.

Make her hold a grudge.

But unfortunately the opponent is too strong.

There was no way she could kill.

But now it's different, she has great strength.

But now at this juncture, when the Demon Suppression Division is unified.

If Gong Qianqiu kills these high-level officials.

It's like throwing yourself into the net.

It will let the Town Demon Division, Shen Tianjian notice.

But this is not difficult for Gong Qianqiu, even very simple.

Now is the time of the unification of the Town Demon Division, and all parties are in chaos.

Therefore, Gong Qianqiu used a strategy to cause infighting among all parties.

Then, she quietly found the high-level she wanted to kill.

Today's Gong Qianqiu is too powerful.

Killing these people unknowingly is as easy as the palm of your hand.

A total of dozens of people were all beheaded by Gong Qianqiu.

They don't even think about dying.

How did this unknown pawn in the West Pavilion have such strength in such a short period of time?

Simply incredible!

Now Gong Qianqiu has come to the top level of Zhenmo Division.

After the small test, Gong Qianqiu was surprised and delighted by the powerful strength he possessed.

However, this is just the beginning.

She will be even stronger.

Today, she lacks devouring spiritual roots and bones.

However, it can't swallow the level of the four major town pavilion artifacts, but the others can still be swallowed.

Gong Qianqiu's strength is also getting stronger and stronger.

By the time Shen Tianjian sent someone to inspect the chaos, she had already left.

And there is no evidence of alibi.

Because of the internal strife, dozens of high-level leaders died, and no one paid attention.

After Gong Qianqiu left.

Muttered to himself: "I don't know how far I am from Levi Garrison now?"

She wants to practice with Levi Garrison now.

But still dare not.

Although she has top power.

Zhen Mosi has no one she is afraid of.

But Levi Garrison was still afraid.

"Alright, let's take a look at the tool man first to see if anything happens!"

Soon, Gong Qianqiu found Xiao Feng.

"Huh? Qianqiu, you..."

Xiao Feng looked at Gong Qianqiu left and right, feeling that something was wrong.

"Ah? What's wrong? Is there a problem?"

Gong Qianqiu looked suspicious.

I even felt exposed.

After looking around, Xiao Feng shook his head: "I can't see it! I always feel that you have changed, but I can't tell what's wrong!"

Naturally she changed.

Its own strength is dozens of times stronger.

Can it be changed?

Although she restrains her breath and hides her strength.

But how long has she been in control of this power just now, and she has not yet fully grasped it.

Always something different.

If it is Levi Garrison or other masters, such as the ancestor of Zhenmo Si, he will definitely be able to see through it at a glance.

However, Xiao Feng only noticed the difference.

But still can't break.

"Oh, that's because I've gotten stronger recently!"

Gong Qianqiu showed his strength a little, making Xiao Feng stunned.

He is also more and more excited, he has to work hard to catch up with Gong Qianqiu.

"By the way, what happened to Master and the others, isn't it affected much?"

"Now that the Shentianjian has come out of the mountain, and the Zhenmo Division has been unified, the nine major institutions are about to be restored! Maybe the master will be in trouble in the future."

Gong Qianqiu began to test Xiao Feng's tone.

Xiao Feng said: "Actually, the unification of the Suppressing Demon Division has little effect on Master, and even Master doesn't even care about it!"

"What really makes Master care about is that there is a group of mysterious forces that are different from Zhen Mosi and Xuanming Alien Race! They have been controlling the situation for a while now! Master wants to find out this group of forces!"

As soon as these words came out, Gong Qianqiu's face changed greatly.

## The Return of the God of War [The Protector] Chapter 3588

Sure enough, Levi Garrison was already staring at him.

He reacted too quickly.

Until this moment, there was still no movement from the Zhen Mosi side.

not good!

Being stared at by Levi Garrison is a very troublesome thing.

She is not afraid of anyone now, only Levi Garrison.

If Levi Garrison was looking for her specifically.

Still easy to find.

Xiao Feng continued: "And the disappearance of Xu Qingya's four people is definitely related to this faction! The Xuanming alien race attacked our base camp was also controlled by this force! They also stole the calamity!"

"Master even guessed! This group of forces is in the Demon Suppression Division! It may not be some high-level people, but some people who are usually overlooked!"

"But one thing is very strange..."

Gong Qianqiu was anxious: "What?"

"One thing that makes Master puzzled is that these forces seem to be very familiar with us! They are familiar with Master, Levilia, and everyone! They are

even familiar with the situation in the world, including the Eternal Kingdom behind the War Eagle Kingdom!”

“From this point of view, it doesn’t seem like it was done by the people in the town magic department!”

“Beijing Pavilion is the one who is more familiar with the outside world among the Suppressing Demons, but it is impossible for the North Pavilion! Other members of the Suppressing Demons are logically not familiar with the outside world at all! The people in the Suppressing Demons are all high above the ground and pride themselves on being the best. Noble, is disdain to understand the outside world!”

“But this may also be the powerful point of this force. They can put down their noble figure and understand the low-level things they despise.”

...

Xiao Feng said all of Levi Garrison’s guesses.

Hearing Gong Qianqiu’s eyelids jumping, his whole body trembled.

These guesses are actually very close.

yes.

All the members of the Suppressing Magic Division prided themselves on being noble, and none of them went to understand the outside world.

Not one is arrogant.

Even the top ten geniuses didn’t know Levi Garrison’s true strength when they went to find Levi Garrison.

On the contrary, she is willing to let go of her body and understand everything about the outside world.

So she is very familiar.

As for knowing Levi Garrison, it was entirely because of Xiao Feng in front of him.

Knew it.

She still underestimated Levi Garrison.

Levi Garrison has analyzed this step in such a short period of time.

Looking at Xiao Feng, Gong Qianqiu broke out in a cold sweat.

Lucky in misfortune.

She is very fortunate now.

That is, they did not go to see Levi Garrison with Xiao Feng!

If you expose yourself too early, then this is happening now.

Levi Garrison didn't need to analyze, he just found himself.

"call!"

Gong Qianqiu looked nervous, panting heavily.

Can you not be afraid?

Almost exposed!

Levi Garrison is still too powerful.

She was so unknowing that she almost had to be guessed.

If this goes on, sooner or later, you will be exposed.

The speed of his own growth may not be faster than the speed of Levi Garrison's investigation!

I thought I had grown up before that.

Especially after devouring the skills of the Ten Great Talents and the Three Saints of the North Pavilion, her confidence increased even more.

But it never occurred to me that the crisis was about to come.

Sooner or later they will be exposed.

It just depends on that time, whether I can grow to the point where even Levi Garrison can't do anything about it.

crisis!

It's full of crises!

Now I am completely inadequate to deal with Levi Garrison.

It takes time for the bone master to create a devouring spirit root spirit bone.

It also takes time to transplant the root bone yourself.

It also takes time to get used to and fully master the new spirit root spirit bone.

It adds up to a long time.

Trouble yourself.

Levi Garrison might be able to find himself before this.

The more he thought about it, the more panic he became, Gong Qianqiu had already begun to look pale and was sweating coldly.

“What’s wrong with you, Qianqiu? Why are you so afraid of being like this?”

Xiao Feng noticed Gong Qianqiu’s strangeness and couldn’t help but ask.

“Ah I.....”

Gong Qianqiu seemed to be incoherent.
