

# The Return of the God of War [The Protector] Chapter 3589

“Ah? Qianqiu, are you okay?”

Xiao Feng was startled.

What’s going on here?

Scared like this?

Incredible!

Could it be... what’s the problem?

At this moment, Xiao Feng always felt that something was wrong.

But I can’t speak for a while!

“There are still forces that play the three parties of Master, Xuanming Alien Race and Zhenmo Si among the applause?”

Gong Qianqiu also realized that he had overreacted, and if he went on, he would be discovered.

She trembled immediately.

Put on a super scared look.

“Yeah! For now, 100%!”

Xiao Feng said with certainty.

“How come I don’t know at all, and I can’t imagine what kind of power can play these three parties? It’s impossible, right?”

Gong Qianqiu is still in shock.

Xiao Feng immediately dispelled all doubts and said with a smile: “It’s because this power is too hidden, let alone you, no one knows at all.

But now that Master has checked it, and it happens that the Suppressing Magic Division is unified! The living space of this force is very small, and it is easy to be found. “

Gong Qianqiu panicked.

indeed so.

Now it's not good for you in every way.

Levi Garrison has already been eyeing, and with his ability, he will soon be able to find out his own.

No matter how much you hide, you can't avoid it.

This point, Gong Qianqiu is convinced in his heart.

Can't let Levi Garrison investigate like this?

Check it out, it's definitely going to happen.

He had to be distracted, someone had to hold him back.

For example, Xuanming aliens, such as the unification of the Zhenmo Division.

You must intensify their contradictions and make them fight.

Gong Qianqiu frowned, and he had already started to calculate in his mind, how to target Levi Garrison.

“Huh? What's wrong with Qianqiu? What are you thinking? So ecstatic?”

Xiao Feng felt that today's Gong Qianqiu was abnormal.

A series of performances feel strange.

Is it...

Just as other thoughts came to mind, Xiao Feng immediately refused – no way! I promised Qianqiu that I would never doubt her in the slightest!

not good!

Judging from Xiao Feng's tangled expression.

He might be suspicious.

Gong Qianqiu immediately panicked.

Once Xiao Feng had doubts, he immediately exposed himself.

You can kill him yourself.

But the one eye placed beside Levi Garrison was completely gone.

And if he died, Levi Garrison could find him faster.

no!

This is the last resort!

All parties are disadvantaged to themselves!

You still have to stabilize Xiao Feng!

“Xiao Feng...”

Gong Qianqiu suddenly winked, lowered his head and shouted shyly.

“what?”

Xiao Feng felt numb when he heard this voice.

“What’s wrong? Qianqiu?”

Especially Gong Qianqiu’s shy appearance now, he was stunned.

“me.....”

Gong Qianqiu pretended to be reserved and was speechless for a long time.

But it made Xiao Feng anxious.

“If you have any questions, just say it directly!”

Gong Qianqiu bit his lip and said, “I’m so worried now!”

“What are you afraid of?”

Xiao Feng asked.

“You also said that this force is so powerful and mysterious! Playing all three parties, I am afraid that one day I will be gone, or you will be gone...”

Gong Qianqiu expressed his concerns.

“this.....”

Xiao Feng dared not deny it.

yes.

Even the master cannot understand this power.

It might be really dangerous.

You might not even see it.

There may still be this.

“I’m so scared now! I’m worried that this will really happen!”

Gong Qianqiu is so pitiful.

Xiao Feng blamed himself: “I’m still useless, my strength is not strong enough, otherwise there would be no such worry!”

“I don’t blame you! It’s just that the situation is different now! Danger can happen at any time!”

“Hey! Yes!”

Xiao Feng sighed.

“So I made a decision!”

## The Return of the God of War [The Protector] Chapter 3590

As soon as Gong Qianqiu said this, Xiao Feng immediately asked, “What decision?”

“I.....”

Gong Qianqiu began to look shy again.

This Xiao Feng was so irritable that he was about to sweat.

“You said, it’s almost killing me!”

Xiao Feng sighed again and again.

"Xiao Feng, there may be no chance in the future! So I want to give myself to you! I want to truly become your woman!"

Gong Qianqiu summoned the courage and said it.

"what???"

At this moment, Xiao Feng felt that his ears were wrong.

What did he hear?

Gong Qianqiu is going to become his own woman?

this this this...

Like a thunderbolt.

Xiao Feng was bombarded so completely!

"Ah? Qianqiu, are you kidding? This..."

In this way, Xiao Feng can't be rectified.

He himself is a man of love, and the principle he follows has always been a matter of course.

Now that Gong Qianqiu suddenly proposed it, he was a little overwhelmed.

"I'm serious! I've made this decision a long time ago! Now the situation is complicated, and it's very likely that we will really be separated. In order not to leave any regrets, I will make myself your woman!"

Gong Qianqiu said firmly.

"But I'm not ready yet..."

As soon as Xiao Feng's words came out, Gong Qianqiu posted it all over.

...

I don't know how long it took.

Gong Qianqiu smiled: "I have no regrets now! I am your woman! You have to protect me for a lifetime!"

Xiao Feng made up his mind: "Don't worry! Even if I die, Xiao Feng, I will protect you forever!"

Gong Qianqiu said coquettishly: "Then if you listen to me in the future!"

"it is good!"

"Resolutely can't take risks with oneself, absolutely can't help but cherish one's own life..."

Gong Qianqiu's methods were frequent, and Xiao Feng was pinched in a few words.

"Okay, I will listen to you in the future! But I want to marry you and give you an official name!"

Xiao Feng felt that he had to take this responsibility.

Gong Qianqiu gave everything to himself.

How can you let yourself go.

"But Qianqiu, now is not a good time to get married! Even if we get married, we will be frightened. It may even become an opportunity for the enemy to attack!

Don't just start the wedding on our side, the enemy will kill you! I want to give you a big wedding and let the whole world know that kind! "

Gong Qianqiu listened quietly and did not speak.

"So Qianqiu, I'll wait for Master to solve all the foreign troubles before I introduce you to Master and the others, and then we get married. Can you wait?"

Xiao Feng looked at Gong Qianqiu nervously.

Gong Qianqiu's eyes lit up.

How can you not wait?

All she wants is procrastination!

The longer you delay, the better!

"I can wait! I'm already yours anyway! The rest doesn't matter!"

Gong Qianqiu said excitedly.

"Qianqiu, you are so kind! I swear Xiao Feng will live for you in the future! You are my most important person!"

Xiao Feng shouted.

Gong Qianqiu's goal was completely achieved.

In the past, no matter how he controlled Xiao Feng.

But the most important person in Xiao Feng's mind is Levi Garrison.

This is unshakable!

But now it's different!

After he really became Xiao Feng's woman, the situation changed!

From then on, he was the most important person in Xiao Feng's mind.

Levi Garrison can only be ranked second!

That's the most important thing to her.

Not only can it dispel all Xiao Feng's doubts, but he will not say anything about his own doubts.

At a critical time, Xiao Feng can even turn against Levi Garrison, for himself, he can definitely stab Levi Garrison.

The weight in my mind has changed.

Next, whatever you want.

Xiao Feng will give it to himself.

It can be said to be give and take!

She controlled Xiao Feng tightly.

This is her most terrifying move.

In this way, Xiao Feng will not only not expose himself, but will try his best to cover himself.
