

# The Return of the God of War [The Protector] Chapter 3591

“By the way, it’s better not to talk about our affairs for the time being!”

“I’m in a very difficult situation right now! The Suppressing Magic Division is unified, and I’m about to deal with Master! But I’m from the West Pavilion! What can I do?”

“If you let the Town Demon Secretary know about my relationship with you, I will definitely be regarded as a traitor, and I will definitely die without a place to be buried. The North Pavilion is the end! The three saints of the North Pavilion died tragically because they became traitors... ”

“Master knows that he will definitely kill me as a traitor. At that time, I will be the enemy!”

Gong Qianqiu deliberately exaggerated the seriousness of the matter.

When he heard that Gong Qianqiu was in danger, this frightened Xiao Feng.

Now Gong Qianqiu is more important than anyone and everything.

In Xiao Feng’s mind, there is another level of existence.

“Don’t worry, I won’t say anything if I kill you! Including Master and the others!”

Xiao Feng has a firm face, this is his most important person.

This is Gong Qianqiu’s method.

After making herself become Xiao Feng’s woman.

That’s even more different.

Xiao Feng will always give up his life!

Getting him to keep some secrets was a snap.

In the past, Xiao Feng regarded Levi Garrison and the others as family members, and Gong Qianqiu was also a member.

But now Gong Qianqiu became Xiao Feng’s family alone.

During this period, a huge transformation took place.

“Okay, go back! You’ve been away for such a long time, it is estimated that Master will be suspicious, and you should stop looking for me next!”

Miya Chiaki said.

“Okay, I understand!”

Xiao Feng left immediately.

To Miya Chiaki’s words, he was obedient.

“Humph!”

Gong Qianqiu completely took hold of Xiao Feng.

Turning herself into Xiao Feng’s woman is her ultimate move.

But this is just Xiao Feng’s wishful thinking!

He felt that Gong Qianqiu had become his woman.

But it’s not!

In fact, everything Xiao Feng experienced just now was an illusion.

Gong Qianqiu did not really give himself to Xiao Feng.

Instead, he used illusion to make Xiao Feng mistakenly think that Gong Qianqiu was his own woman.

Gong Qianqiu is too strong now, after using the magic, Xiao Feng can’t notice it.

“Xiao Feng, do you think you deserve me?”

Gong Qianqiu sneered again and again.

Don’t look at so many men who have a relationship with her.

But no one ever got her!

This is the horror of this woman.

Now Xiao Feng thought he got it, but everything was an illusion.

He didn’t know it at all.

The situation on Levi Garrison's side was temporarily settled.

Then there will be the unified Zhenmosi and Xuanming aliens.

According to the intelligence of his subordinates, the Xuanming Alien Race has not appeared since the last defeat.

It's like disappearing.

Can't get in touch in the ghost city.

This made her plan impossible.

What she wanted was to discover the place where Xuanming aliens were found, and then reveal it to Levi Garrison.

Let Levi Garrison fight the Xuanming alien first.

As long as there is a unified Suppression Division, it will be quite easy to handle.

They themselves wanted to kill Levi Garrison.

Just escalate any conflict.

Eternal Kingdom will never participate in the attack on Levi Garrison again.

From the last time I went to contact, Gong Qianqiu found that they were very cowardly.

Or they are unwilling to contribute and want to share the benefits.

After suffering a loss from Levi Garrison, they dared not come.

You can't get in touch with them too much, it's easy to be exposed.

What other forces can influence it?

correct!

Tianshi Mansion!

It exists as two legends alongside the Town Demon Division.

But it's not actually the same age.

The two sides are not even related.

They don't know each other.

It is also Gong Qianqiu who often investigates the outside world and is familiar with each force.

As far as she knows, this group of Celestial Masters in the Celestial Master Mansion may be even more ruthless than Zhen Mosi!

Fortunately, the Tianshi Mansion did not affect her.

Otherwise, she will also target the Tianshi Mansion.

But then I think about it, can I also swallow the heavenly masters of the Tianshifu?
