

The Return of the God of War [The Protector] Chapter 3592

[/ The Return of the God of War \[The Protector\]](#)

Once the devouring spirit root spirit bone is successful.

There is no upper limit to what she devours.

Anything can be swallowed, and there is no limit.

At that time, you must devour as much as possible to reach your peak state.

Only in this way can he fight against Levi Garrison.

There are still many things that Gong Qianqiu has to swallow.

Advertisement

For example – Lingmai!

She felt that everything could be devoured.

Even the spirit veins will do!

Ever since I knew this technique was swallowed.

Advertisement

She thought that the spiritual veins would definitely be able to be swallowed.

She has already sent people to find the super-spiritual port of Zhen Mosi and the location of the super-spiritual port of Eternal Realm.

As for the super spiritual veins of the outside world, she knows it.

Right in Antarctica.

If he can devour the super spiritual veins on which the Demon Suppression Division lives and the super spiritual veins of the Eternal Realm.

Levi Garrison is definitely not her opponent.

Thinking of this goal, Gong Qianqiu took a deep breath.

Start shivering with anticipation.

This is too scary.

Advertisement

Now Gong Qianqiu's plan is to delay Levi Garrison in all directions, and then madly strengthen himself.

She also hurried back to the Town Demon Division.

to carry out her plan.

Next, messages from Levi Garrison continued to come out from within the Town Demon Division.

Levi Garrison didn't take Shentianjian in his eyes at all, and he didn't take Zhenmosi in his eyes at all.

Think they are unified, or a group of rabble.

And was scared away by him.

With Levi Garrison covering the north pavilion, the Demon Suppression Division didn't dare to do anything at all.

The arrogance of Shentianjian was also afraid of Levi Garrison to the point of death.

Even the likes of Dugu Tuo are afraid of Levi Garrison.

Otherwise, why didn't he directly look for Levi Garrison after the unification of the Demon Suppression Division?

Instead, it's too late?

Even the face north pavilion did not dare to destroy it!

...

Everything is Gong Qianqiu's plan, which is to intensify the contradiction between Levi Garrison and Zhenmosi.

Almost everyone in the town magic department was substituted into it.

Everyone is going to be pissed.

Even at the level of Dugu Tuo, his emotions were affected.

It shows that Gong Qianqiu has many outstanding means.

As for the eight great arrogances of Shentianjian, they are going to explode with anger.

Because this sow discord is a fact!

They are just afraid of Levi Garrison!

That's why they are so angry!

This is the incompetent rage of the crowd!

"Wait, Levi Garrison! When my Demon Suppression Division is unified, I will definitely kill you!"

Everyone has been looking forward to this moment.

"If you want to kill Levi Garrison this time, you must be fully prepared! Only success is allowed, not failure!"

"If the situation like the last time happens again, I will always bear the shame! I won't be able to lift my head up again!"

"The nine major institutions must be complete! We will use the most terrifying force to kill him!"

"For the time being, let's hold back for a while! There is still a lot of trouble in the unification of the Demon Suppression Division! After all are resolved, go kill Levi Garrison!"

Tokuto said.

"clear!"

Everyone started to look forward to it.

Gong Qianqiu began to rely on her relationship to search for the whereabouts of the Xuanming alien race.

He also had to use Xuanming aliens to deal with Levi Garrison.

However, Levi Garrison was not idle either, after leaving the North Pavilion.

He went straight to the War Eagle Kingdom, he was going to find the Eternal Kingdom.

Let's settle accounts.

Second, to find out who is in contact with the eternal kingdom.

Black Hawk agents have been waiting for Levi Garrison for a long time.

"Mr. Ye has already discovered the eternal kingdom after my long investigation!"

The Black Hawk agent said in an invitation-like manner.

"Okay, take me there! Today I'll take a look at the eternal kingdom!"

Levi Garrison said.

Soon after.

The Black Hawk agents took Levi Garrison to the location of the Eternal Kingdom.

This is in the largest rainforest in the War Eagle Country.

This rainforest is a natural barrier.

It is not surprising that the Eternal Kingdom is hidden here.

After Levi Garrison arrived, he said loudly, "Levi Garrison is here to visit the Eternal Kingdom!"

A sound penetrates the entire eternal kingdom!

Rolling like thunder!

The Return of the God of War [The Protector] Chapter 3593

[/ The Return of the God of War \[The Protector\]](#)

No one thought of this.

Levi Garrison will hit the eternal kingdom!

Still suddenly.

After the last defeat, the Eternal Kingdom quietly disappeared from the public eye.

The strength of Levi Garrison once again exceeded their expectations.

Before they had passed through the Sky Shield Bureau, they might be able to win, but they would have to pay a heavy price.

Advertisement

But after this battle, they changed completely.

Maybe if you want to defeat Levi Garrison, you need to use the entire Eternal Kingdom?

Maybe still!

In the past few days, even the lord of the eternal kingdom is blaming several special envoys.

Advertisement

Now this is troublesome.

How is it good?

They were completely exposed in this battle.

Not to mention the loss.

Now all the world knows about the eternal kingdom.

The world is in turmoil right now.

Eternal Kingdom naturally wants to be the one who has the last laugh!

But now there is no chance.

He also established such a powerful enemy as Levi Garrison.

Advertisement

The previous words were fine, it was just a grievance between Levi Garrison and War Eagle Nation.

It's not really that big of a deal with them.

But now they have completely become Levi Garrison's enemies.

They knew Levi Garrison very well.

Knowing that he must have revenge.

The high echelons of the eternal kingdom all gathered together to discuss how to deal with the next situation.

Levi Garrison will definitely come to take revenge.

This is absolutely certain.

However, they discussed and analyzed. At present, Levi Garrison will definitely focus all his attention on people such as Zhen Mosi and Xuanming Alien.

I won't be looking for them for now.

So they have full time to prepare.

Today, they are still discussing how to deal with Levi Garrison as always.

And they think that the eternal kingdom, although the world knows it, is still hidden.

Can't find it for a while!

But no one thought that Levi Garrison's voice resounded in the sky above the eternal kingdom like a thunderbolt on the ground.

all over every corner.

Everyone in the entire eternal kingdom knows that Levi Garrison is here! ! !

Everyone in the Eternal Realm panicked and fled everywhere.

Levi Garrison is too strong now, who is not afraid?

Panic!

The entire Eternal Realm panicked.

From a distance, the entire Eternal Realm is a mess.

The Blackhawk agents all laughed.

Who would have thought that this group of high-level guys would be so frightened?

But it also shows that Levi Garrison is too strong.

Bet yourself right.

"Activate the defense system immediately!"

Eternal Realm responded quickly.

"Boom..."

There was a sound of shaking the ground.

Immediately, an invisible mask instantly enveloped the entire eternal kingdom.

There is terrifying energy flowing on the mask, and there are ancient rune blessings on it!

The most important thing is that this mask is connected to the super spiritual vein of the eternal kingdom!

Get a steady stream of psychic powers!

This mask is a big trump card of the Eternal Kingdom.

In fact, the mask is a giant device.

Has many functions.

Such as hiding the eternal kingdom!

Such as changing the gravity, magnetic field and other elements in the area.

For example, it can be used as a protective shield to protect the eternal kingdom and block all attacks!

Now that they are in danger, it is too late for them to hide the eternal kingdom.

Only the defense function can be turned on to block Levi Garrison.

“Prepare! Prepare! All parties prepare to fight Levi Garrison!”

Soon, the entire eternal kingdom was in action.

Ready to fight Levi Garrison to the death.

“Don’t worry! He can’t open this protective cover!”

The Eternal Realm executives are very confident about the shield.

Although the shield is on, it’s a shame for them.

Is the Eternal Kingdom so defensive?

Should not be afraid of anyone!

Do not use defensive mode at any time!

But in order to block Levi Garrison, they used it.

But the defense system is invincible!

It can block all attacks in the cognition of the eternal kingdom.

The Return of the God of War [The Protector] Chapter 3594

/ The Return of the God of War [The Protector]

They have done hundreds of thousands of tests repeatedly, and no attack can break the shield of the Eternal Realm.

Activable shields are a shame for them!

That is, when it is most dangerous.

In the perception of the eternal kingdom, they are unrivaled existences.

No protective cover at all.

who can hit them.

Advertisement

But the man still appeared.

That is Levi Garrison.

Swept through everything with a posture against the sky.

The eternal kingdom is also afraid.

Advertisement

Especially now that his sudden visit was thought to be looking for trouble.

The defense system was activated very quickly, covering the entire eternal kingdom in an instant.

Terrifying energy surged wildly.

The Black Hawk agent felt the surging power and was shocked.

“Mr. Ye, there’s nothing we can do about it!”

The Black Hawk agent said tremblingly.

This defense system is too terrifying to break at all.

Levi Garrison stepped forward and said, "I'll try it!"

Levi Garrison was a little interested.

Advertisement

They fought with Zhen Mosi for so long.

Never encountered such an interesting thing.

That shield looks good.

Can you block yourself?

Just happened to be interested.

Originally, he actually came to ask the eternal kingdom how to contact the town magic department.

Just say it clearly.

But they activated the defense system, which just made Levi Garrison excited.

Want to try it.

Just by breaking this protective cover, the Eternal Kingdom can listen to its own words better.

"Buzzing..."

At this time, there was a sudden tremor between the heaven and the earth.

It was as if the heaven and the earth were shaking violently, and the space was about to shatter.

It seems that the surrounding of the entire eternal kingdom is shaking violently.

Because Levi Garrison's punch is coming.

Before this punch was sent, it was earth-shattering.

It seemed that the earth could not bear the power of this punch.

“what???”

The expressions of everyone in the eternal kingdom also changed greatly.

Because before Levi Garrison dispatched this punch, they also felt a huge roar.

It seems to compress the entire territory of the eternal kingdom to the extreme.

They felt like their flesh and blood were about to be crushed.

Even consciousness will be crushed.

The terrifying power of the punch made everyone tremble.

Simply horrible!

“Don’t worry! No matter how strong Levi Garrison is, how could he be able to open this protective shield?”

“Yes! This is absolutely impossible!”

“As long as we curl up inside, Levi Garrison will have nothing to do with us!”

“When we have all our strengths ready, we can go out and fight back!”

...

The huge movement first caused a sensation, but then the Eternal Kingdom continued to be busy with its own affairs.

Begin to prepare in full.

It’s time to fight Levi Garrison.

All kinds of advanced technology weapons and powerhouses are lined up one after another...

And Levi Garrison is already in the sky.

Bang Long slammed down with a punch.

Everyone in the Eternal Kingdom below only saw the mid-air, and a heavy fist fell slowly, like the fist of a god.

It was like the fist of a big mountain shrouded in the air, blocking the sky and the sun, and everyone’s heads were dark.

It’s hard to imagine that a punch can cover up to such a degree.

The Black Hawk agent was even more stunned.

Levi Garrison is like the arrival of the gods in mythology.

This punch is unimaginable!

Bombarded with one punch.

The people of Eternal Realm have felt the terrifying and crazy energy.

Even though the protective cover is shrouded, everyone can already feel the hot energy, as if there is fire everywhere.

“Drip drip...”

A terrifying siren resounded throughout the Eternal Realm.

The alert was issued because the defense system sensed danger.

And it’s still rising.

“Danger!”

“Danger!”

...

The protective cover has activated the defense mode, constantly strengthening the protective cover.

The linked super spiritual veins burst out terrifying spiritual energy to bless the shield!

After the shield predicted the terrifying danger, it activated to the strongest level.

The Return of the God of War [The Protector] Chapter 3595

[1 Comment](#) / [The Return of the God of War \[The Protector\]](#)

The protective mask instantly turned into dozens of layers, protecting the eternal kingdom to the greatest extent.

“boom!”

A shocking sound exploded!

As if from the roar of the ancient god of thunder, the thunder of the nine gods rolled!

A wave centered on Levi Garrison and spread out directly.

Until the entire War Eagle Country.

Advertisement

All were affected by this wave.

Terrifying!

It's as if countless super weapons are bombing together, and it's only the power!

“boom!”

Advertisement

Levi Garrison hit the protective cover with a punch.

Another dull sound.

The shield shook violently.

As a result, the entire eternal kingdom will be overturned.

More than just shaking.

Shake until the sky and the earth are upside down!

The sky is falling, the earth is sinking.

Everyone can't control their bodies and fly in the sky, floating everywhere.

And many facilities and machines were all destroyed.

Advertisement

And this area actually rotates...

There are also all kinds of extreme weather all at the same time.

The loss is too great!

Mainly, this area of Eternal Kingdom is different from the outside world.

It's a whole new world they've built with giant devices.

Gravity, magnetic fields are all different from outside.

But at this time, the protective cover, that is, the giant device, took Levi Garrison's ultimate punch.

The balance is broken.

The gravitational field and magnetic field in this region of eternity are all disordered, and such a situation of upside-down chaos occurs.

so horrible!

horrible!

This is what the Eternal Kingdom never thought of!

Levi Garrison punched the balance of the Eternal Kingdom into this.

chaos!

There is chaos everywhere!

There is a feeling of doomsday.

As if the eternal kingdom was about to be uprooted.

Fortunately, everyone in Eternal Kingdom is lucky that the protective cover is not broken!

It blocked Levi Garrison's punch!

"God! This is too scary, isn't it?"

“Levi Garrison’s punch just knocked out 47% of the shield’s energy in an instant!”

When the people who controlled the giant device knew this data, they were all taken aback.

This was totally unexpected.

Because when they tested this shield, the current maximum attack could only knock out 35% of the shield’s energy.

But Levi Garrison is almost half punched now.

This is too scary, right?

Everyone broke out in a cold sweat.

No wonder it broke the balance of the Eternal Realm.

It turned out that this almost destroyed half of the energy.

All gasped.

But then they burst into laughter!

Because in their opinion, this punch is already the pinnacle of Levi Garrison.

Can’t it be like this? ? ?

But no matter how extreme this punch is, after all, it can only knock out 47% of the energy!

Although it was terrifying enough, it couldn’t hurt the root of the protective shield.

In order to affect the foundation of the protective cover, at least one punch has to knock out more than 80% of the energy!

This protective cover will be broken in this way!

Otherwise it cannot be broken.

Some people may think that if one punch knocks out 47% of the energy, then two punches can knock out 94% of the energy.

If there is a third punch, the shield will definitely shatter.

The normal way of thinking is this!

Forty-seven percent of the energy of this protective shield has been knocked out by Levi Garrison with one punch, and only fifty-three energy remains.

But not!

After Levi Garrison knocked out 47% of his energy with one punch, the protective shield could be replenished instantly.

It is equivalent to a complete protective cover, 100% energy.

Because this giant device is connected to super spiritual veins, it continuously provides huge spiritual energy.

The protective cover was just knocked off, and it was replenished immediately.

So there is no chance of a second punch.

Because the moment is 100% again.

It means that your second punch is still useless!

This is the power of the Eternal Kingdom device.
