[/ The Return of the God of War \[The Protector\]](#)

Hence the name "Eternal".

It means a steady stream of energy to support.

To break this protective shield, unless Levi Garrison can hit more than 80% of the energy with one punch.

Otherwise it is impossible.

The energy is instantly replenished, and you don't have a chance to punch twice.

Even if the speed of these two punches is fast, it is almost useless if the connection time is not fast.

Because the "eternal" device is amazing.

Connecting to the super spiritual vein is one with the super spiritual vein.

"Hahaha... restore everything in the eternal kingdom!"

"The internal strengthening of the defense system cannot break the balance because of its power!"

Advertisement

"Don't keep the protective cover shattered, and the eternal kingdom is over!"

...

They activated the other systems of the “eternal” device again, restoring the balance within the eternal kingdom.

And with reinforcement, the situation just now will never happen again.

Soon, the Eternal Kingdom will return to normal.

“Then we are completely relieved! Levi Garrison’s strongest punch can’t open the shield! He can never open it! Everyone can breathe a sigh of relief!”

“However, the plan to counterattack is still suspended. Although Levi Garrison can’t break the shield, his strength is still against the sky! He still knocked out nearly half of the energy of the shield with one punch!”

“We can’t compete with him head-on for the time being! As long as we don’t go out obediently!”

...

Soon the message spread throughout the eternal kingdom.

Everyone understands.

As long as they don’t go out, Levi Garrison can’t come in.

If you go out to fight against Levi Garrison, you will still suffer heavy casualties.

After all, he was terrifying.

Everyone just laughed at Levi Garrison who was blocked outside.

“Come on! Levi Garrison, you have the ability to come in!”

“Haha, do you know how good we are?”

“No one can break the protective shield of the eternal kingdom!”

...

After the high-level officials knew the result, they ignored it.

After all, Levi Garrison couldn’t break through the strongest punch.

After Levi Garrison had no choice, he could only leave.

The senior leaders began to discuss how to deal with Levi Garrison and the situation in the world.

Levi Garrison stood at a high place, looking at the protective shield below, he smiled.

“Ok, Ok!”

This is the hardest thing he has ever encountered.

His punch didn't break it!

“Levi Garrison, give it up! Your strongest punch didn't even knock out half of our shield's energy!”

Arrogant words came from the eternal kingdom.

Even let Levi Garrison give up.

The Black Hawk agents wanted to tell Levi Garrison to give up.

This eternal kingdom is too strong.

This shield is simply amazing.

But Levi Garrison smiled and said: “Really? But who said it was my strongest punch!”

Upon hearing this.

The faces of the powerhouses in the Eternal Kingdom closest to Levi Garrison changed greatly.

Is it...

A bad idea popped into their minds.

They're going crazy!

Is Levi Garrison still the strongest?

Seeing the smile on Levi Garrison's face, they were going crazy.

“not good!”

Someone feels wrong.

felt terror.

Levi Garrison's punch just now was the strongest punch ever since the aura recovered.

Including those who dealt with Zhen Mosi before, they have never used such a super powerful punch.

This punch is beyond everything before.

But it is by no means Levi Garrison's strongest punch.

Not even close.

He just punched, just to test how strong this shield is.

And without using all his power!

With just one punch, he also knew where the limit of the protective shield was.

"Happy! Happy!"

"Let me really hit a punch!"

Levi Garrison laughed.

After all, this punch is going to make him really strong.

The expressions of everyone who controlled the "eternal" device changed drastically.

They have realized that something bad is about to happen.

Seems like he can!

Looking at the protective shield in front of him, Levi Garrison raised his fist.

This punch was an ordinary punch.

Like a punch from an ordinary person.

There is no boxing style of landslides, and there is no boxing force that destroys the sky and destroys the earth!

The earth can't bear the power that this punch is about to blast out.

There was no sound or trembling between heaven and earth.

Advertisement

The Eternal Kingdom did not feel the pressure of the hot air and the fragmentation.

Not even the "Eternal" device detected any dangerous messages.

The punch swung lightly.

Like a joke.

Advertisement

This made everyone look dumbfounded.

That's it?

is it possible?

Is Levi Garrison kidding?

What everyone doesn't know is that this is Levi Garrison's trick.

Gather all the power in one point to explode.

It seemed that the punch had no power.

But in fact, all the power has been compressed and gathered.

So it can't be seen at all.

Advertisement

Everyone was taken aback just now.

I feel that Levi Garrison is about to deliver an earth-shattering punch.

But now seeing Levi Garrison throw this punch, everyone is relieved.

How powerful can this punch be?

Totally impossible thing.

“boom!”

But soon.

Levi Garrison’s seemingly fluffy punch hit the protective cover.

Just when everyone was about to ridicule Levi Garrison that this punch had no power at all.

Suddenly, the eternal device suddenly sounded an alarm.

“Dangerous! Dangerous!”

“The highest level of danger!”

...

Only at this time did the Eternal Device detect the danger.

But it was all too late.

Levi Garrison’s compressed power to the extreme exploded on this punch.

“Boom...”

Immediately, the earth shook and the mountains shook, the sun and the moon turned upside down, and the sky and the earth paled.

The earth was shaking, and there was a huge humming tremor in the sky.

“boom!”

In an instant, the balance of the eternal kingdom was broken again.

A violent breath and coercion swept the entire eternal kingdom.

Destroy everything in the eternal kingdom to the greatest extent possible.

Even tore the earth of the eternal kingdom into a thousand cracks.

Like to penetrate the earth!

The power is terrifying!

Terrifying!

“Drip drip drip...”

And at this moment, the blow that the protective cover took soared rapidly!

The energy of the attack that the shield encountered also rapidly increased.

Of course this is an instant thing!

“Crack!”

And the most terrifying thing was a cracking sound.

The shield appears to be broken.

And the power of this blow is monitored to be 120% of the energy of the shield!

That’s enough to destroy the shield.

That’s right!

when this sounded.

The protective cover was instantly destroyed and shattered directly.

“Crack!”

“Crack!”

“Crack!”

...

With a point, the place where Levi Garrison hit with a punch shattered.

Caused the entire shield to start shattering everywhere.

Instantly collapsed.

broken!

The shield is broken!

unimaginable!

One day, someone can break the protective shield they are proud of!

This is a devastating blow to the Eternal Kingdom!

But the power of this punch is not only that, the protective shield endures about four-fifths.

And one-fifth of the power directly blasts the entire eternal kingdom.

As if to destroy this area directly.

But the eternal kingdom is still strong enough.

Countless strong men and weapons are all used.

Kankan blocked the remaining power of Levi Garrison's punch!

But the eternal kingdom has been destroyed beyond recognition.

It turned out to be a country with highly developed technology and coexistence with some ancient cultivation systems.

But because of Levi Garrison, there are ruins everywhere now, and the balance is broken everywhere.

chaos!

Incredible chaos!

shocked!

Completely dumbfounded!

Levi Garrison is too strong, right?

What to do now?

Levi Garrison must be killed.

This will require the entire eternal kingdom to exert its greatest strength to contend.

The Eternal Kingdom needs a last stand!

After all, the shield of the strongest defense has been shattered.

The entire eternal kingdom has been completely exposed to Levi Garrison's eyes.

"Start offense mode!"

Soon the "Eternal" device had turned into an offensive mode.

Many kinds of the most terrifying weapons are all locked on Levi Garrison.

Advertisement

There are other weapons and powerhouses who have locked onto Levi Garrison one after another.

Gotta fight him.

The powerhouses of the eternal kingdom are coming from all directions!

Defense is no longer enough, only attack.

Advertisement

To preserve the eternal kingdom.

You can only kill Levi Garrison.

“No one can invade the Eternal Realm!”

All the cards of the Eternal Kingdom were revealed.

There are giants like mountains, there are beasts that cover the sky and the sun, and there are powerhouses who coexist with techniques and technology...

In short, there are weapons and powerhouses that the outside world has never seen before.

The Eternal Realm shows their strength, their heritage.

This is no less than the Town Demon Division.

Of course, it is the unification of the town magic division.

Advertisement

And the eternal kingdom is one.

It's not like the Town Demon Division is torn apart.

They seem to be stronger overall.

I don't know if there will be an invincible powerhouse!

Countless powerhouses in the Eternal Kingdom watched Ye Lingtian slowly descend.

officially set foot in their country.

Everyone was extremely nervous.

After all, Levi Garrison was too strong.

Leaving aside the previous battle, just smashing the protective cover really shocked the entire eternal kingdom.

Who is not afraid?

too strong!

This man is extremely dangerous.

Levi Garrison also smiled.

Make such a big battle?

Everyone is going crazy!

“Levi Garrison, we know that you are strong! But you have to bear the anger of provoking the eternal kingdom!”

“Get out of here quickly, we’ll consider letting you go!”

“We know that you are extremely powerful, and we will pay a very painful price! But if my Eternal Kingdom does its best, you will surely die!”

...

Eternal Kingdom still doesn’t want to fight Levi Garrison now.

Try to persuade him.

But if Levi Garrison wants to fight, it will be a bloody fight to the end.

“I’ll come to you to ask a question, is it so nervous?”

Levi Garrison was helpless.

Indiscriminate, come to this set?

“Ah? Come to ask a question? This...”

Everyone was dumbfounded.

I thought Levi Garrison was here to take revenge.

They immediately activated the device and began to defend.

As a result, it took a long time to ask questions.

Who would have thought of this?

“You...you’re telling the truth? Are you sure you want to ask questions?”

Eternal Realm is still a little scary.

Although they are not afraid of Levi Garrison, they cannot afford it.

After all, if you want to defeat Levi Garrison, you have to bear too much loss.

They don't want to have that loss.

They wanted to kill Levi Garrison, but they wanted to win it with minimal losses.

Instead of the current situation, a bloody battle.

That eternal kingdom will also be severely damaged.

If other forces come to you.

They have nowhere to live.

After all, there are actually forces that can threaten them...

They have other plans.

It is impossible to use all the power on Levi Garrison.

Therefore, their principle is not to fight if they can.

To kill Levi Garrison is also in the future, and it has to be a perfect plan.

Seeing their questions, Levi Garrison smiled: "If I really came to hit you, would I need to inform you? Wouldn't it be better if I just hit you?"

When everyone heard this, they all reacted.

It seems so.

Levi Garrison said at the beginning that he was here to visit the eternal kingdom.

If it was really revenge, he would kill him directly.

Do you still need to shout?

Now everyone is relieved.

After all, now is the best way to avoid a fight with Levi Garrison.

"What do you want to ask?"

asked an envoy of the eternal kingdom.

"You came to kill me two days ago. Who from Zhen Mosi contacted you?"

The Return of the God of War [The Protector] Chapter 3599

[/ The Return of the God of War \[The Protector\]](#)

“Ah? This...”

The leading executives only hesitated, and immediately shouted: “Who was the person who contacted the Town Demon Division?”

Soon, an angel came to the front.

“It’s the person from the Town Demon Division that I contacted!”

Levi Garrison asked directly: “Who is it? Describe the appearance of these people!”

“There are six people from the Town Demon Division who contacted me, although we don’t know who they are! They also tried their best to hide, but we are not sure of their identities and will not act.

Advertisement

They also underestimated the strength of the Eternal Realm and thought we wouldn’t find them. I sent someone to investigate and finally found it.

The six people are from different factions of the Town Demon Division. They are not very high-ranking positions, but they are all middle-level members of each faction. They have certain rights and can know a lot of information...”

The angel explained.

This is similar to what Levi Garrison predicted.

Advertisement

The composition of this group of forces is likely to be like this.

There is no high level.

But at least it's the middle class, and the kind that doesn't attract people's attention.

Otherwise, it is impossible to act in such a situation without knowing it.

"It is precisely because the middle-level is persuasive that any information they provide is true! Therefore, we will launch a plan against you and send people..."

Speaking of the back, everyone bowed their heads.

dare not say.

After all, they went to kill Levi Garrison.

This is their active provocation.

Advertisement

It's just that Levi Garrison didn't care about this, but said: "Give me all the information about these people! I'll check!"

"Okay! Right now!"

Soon the envoy gave all the information of these six people to Levi Garrison.

"Is there anything else Mr. Ye needs our help?"

The Eternal Kingdom took the opportunity to court Levi Garrison.

But Levi Garrison sneered: "No!"

"Remember, I will remember you killing me! I won't expose the past!"

Levi Garrison changed his words, and his tone was extremely cold.

Let the people of the Eternal Kingdom tremble with fear.

"I'll settle this revenge! I'll come when I'm done with the Demon Suppressing Division! I'll give you enough time to prepare and take out everything you can! Even when I'm dealing with the Demon Suppressing Division, you can go and kill them. I!"

“But once I’m done with everything, I’m knocking on the door!”

“See you next time, I just want to completely destroy you!”

Levi Garrison said domineeringly.

Everyone in the Eternal Kingdom was stunned.

Is Levi Garrison so confident?

But when he thinks of his strength, he has this qualification.

When has the eternal kingdom ever been so threatened?

Is there any way?

There is no way.

Finally, under the horrified and puzzled eyes of everyone, Levi Garrison left.

“See you next time!”

A voice came from far away.

The faces of everyone in the Eternal Kingdom twitched fiercely.

Afraid!

Who is not afraid!

We all know what it means to see you next time.

“Have you heard? Levi Garrison will kill him sooner or later!”

“Prepare! All preparations! Gather our greatest strength to fight against Levi Garrison!”

“That’s right! Now, always pay attention to Levi Garrison’s movements! Once he fights the Demon Suppression Division, we must participate! We must kill Levi Garrison at the least price!”

...

The entire Eternal Kingdom began to be in chaos.

They all ran to make all-round preparations.

They also understand the most basic principle of survival – if the eternal kingdom is to survive, Levi Garrison must be killed.

Apart from that, there is no other way.

It's just that they never imagined that a country could be forced into such a state by one person?

the other side.

Although Gong Qianqiu told Xiao Feng that he would meet less in the future.

But she cares about the progress of Levi Garrison's investigation.

Let's see which step he has found, whether there is any threat to himself.

Therefore, Gong Qianqiu took the initiative to find Xiao Feng.

This made Xiao Feng agitated.

The Return of the God of War [The Protector] Chapter 3600

[/ The Return of the God of War \[The Protector\]](#)

In the past, I took the initiative to find Gong Qianqiu by myself.

Now Gong Qianqiu is looking for him.

Being your own woman is really different.

"Master is not in the north pavilion now! Instead, he went to the eternal kingdom!"

Xiao Feng naturally knew everything about Gong Qianqiu.

Gong Qianqiu said in horror: "Ah? Going to the eternal kingdom? Will it be dangerous!"

“There shouldn’t be! I just don’t know if Master can destroy the Eternal Kingdom this time!”

Xiao Feng said.

Gong Qianqiu frowned.

She is not sure what Levi Garrison’s purpose is now?

Advertisement

Is it to take revenge directly, to destroy the eternal kingdom?

Or go to the eternal kingdom to find out who contacted the last plan?

She can’t be sure of that!

What if the question is who is contacting the eternal kingdom?

Even though his work is secretive, the subordinates who are sent to communicate are also

encrypted layer by layer, hiding their identities to the extreme.

But Gong Qianqiu is still a little unsure.

Eternal Kingdom is not a fuel-efficient lamp either.

I don’t think it’s exposed, but what if this group of guys found out earlier?

Advertisement

“That’s fine! I’m looking for you, I just want to tell you how the current progress of the Town Demon Division is...”

Gong Qianqiu told Xiao Feng what step he took to unify the Zhenmo Division.

Xiao Feng nodded: “Okay, I get it. It doesn’t affect us yet, so I won’t tell Master! I just know what I know!”

After Gong Qianqiu said goodbye to Xiao Feng, he left in a hurry.

“By the way, Levi Garrison is not here! The North Pavilion is left unguarded! Now is the best time to attack!”

Next, Gong Qianqiu passed the news that Levi Garrison had left to the Town Demon Secretary.

Then she goes to other things.

As soon as the Zhenmo Division got the news that Levi Garrison was leaving, he died immediately.

“Quick, quick, stop the manpower, and make a quick decision! Quickly take down the North Pavilion!”

For insurance.

The Town Demon Secretary immediately dispatched various experts to attack the North Pavilion.

Take the North Pavilion with lightning speed.

Thousands of masters soon came outside the North Pavilion.

“attack!”

With an order, thousands of masters immediately attacked.

The faces of the hundreds of masters who rushed forward first were full of excitement.

The North Pavilion and the others have decided to eat.

“Bang bang bang...”

But no one would have thought that the hundreds of masters who rushed in first were all exploded into a cloud of blood when they approached the North Pavilion.

This frightened all the thousands of masters behind.

All stopped.

Levi Garrison’s voice sounded even more——

“I want to run wild when I’m not here? Looking for death!”

Hearing this voice, everyone was terrified.

“Levi Garrison is back! Withdraw!”

Immediately, thousands of masters from the Demon Suppression Division were instantly defeated and fled away.

In an instant, it disappeared without a trace.

“A bunch of cowards!!!”

Levi Garrison said coldly.

He just came back when this incident happened.

Ok?

Not right!

This town magician must have received the message that he left to go to the eternal kingdom, so he dared to attack like this.

He wants to directly attack the North Pavilion before he comes.

Then who revealed the message that he was going to the eternal kingdom?

You don't have to think about it, it must be that force in the dark.

Disclosed the information about going to the Eternal Kingdom to the Zhenmo Division, and they immediately attacked the North Pavilion.

But this power is too magical, isn't it?

Except for my own people, other people should not know this information, right?

Judging from Levi Garrison's analysis last time, he knew that this force knew everything about him and himself.

The fact that he went to the eternal kingdom by himself now proves it even more.

This force seems to have eyes on his side.

Know everything about yourself.

But how is this possible?

No matter how powerful this force is, it is impossible to know everything around him.

It's hard to get to the sky just by getting close.

Is it your own?

But it's impossible on your own!

On this point, Levi Garrison can guarantee that there are absolutely no traitors around!
