But besides them, who else can know where they are?

impossible!

It can only be exposed from the people around you!

There is another possibility – this power is so powerful that it is beyond one's imagination!

But this possibility is still small.

But not ruled out.

After all, this group of forces is too powerful and controls all parties.

This general force is far from being able to do it.

However, this power was exposed this time.

Thinking that he was in control of his whereabouts, he took this opportunity to destroy the North Pavilion.

Little did he know he came back early.

Just got stuck.

The North Pavilion did not say anything, but instead exposed himself.

“I will find out about you! This exposure gave me such a major clue! Haha...”

Levi Garrison smiled.

Never thought that this time there would be such a big harvest.

The reason why he came to North Pavilion is very simple.

Check the information of several people from the eternal kingdom.

Since it is the people of Zhenmo Division, it is mainly the people of Wufangge.

So it is best to ask the person from the North Pavilion to inquire.

Of course, among these people, there are no North Pavilion people.

The North Pavilion has no value for Gong Qianqiu to use now.

“You immediately check these people, their connections, and the people they’ve been with recently! Report back to me in secret after you find them!”

Levi Garrison arranged it immediately.

The North Pavilion also has a special organization responsible for intelligence, and they are also familiar with everything about the Town Demon Division.

Not only that.

Levi Garrison also arranged for his own people to check these people too.

To do both.

“Well, as for my whereabouts, just go back and ask me!”

After taking care of everything in the North Pavilion, Levi Garrison returned.

If hundreds of people died this time, the Zhen Mosi would not dare to come again for the time being.

At this time, thousands of masters of Zhenmo Division hurriedly returned to the ancient site of Zhenmo Division.

“The message is fake! We just arrived! Levi Garrison is here! Hundreds of us died!”

They will send the message of failure.

At this time, the whole town magic division was a sensation.

Fake news?

But it was obvious that Levi Garrison had left and went to the Eternal Kingdom.

What is false information?

This matter soon spread to the ears of Shen Tianjian and a group of ancestors.

“What’s so controversial about this matter? I don’t think the information is false. It should be that Levi Garrison just came back!”

An old man said.

“Well, agree!”

Everyone nodded.

But at this time, Dugu Tuo said, “Something’s wrong!”

“What’s wrong? Could it be that Dugu Tiansi’s message is fake?”

A group of ancestors asked one after another.

Dugu Tuo shook his head: “No! The message is most likely true! It just happened that Levi Garrison came back at this time!”

But then he turned around and said, “But... Levi Garrison left for the eternal kingdom, how did our people know?”

“It stands to reason that Levi Garrison’s whereabouts should be top secret. We sent so many people out to stare at Levi Garrison, and we couldn’t find anything, right?”

Everyone nodded: “Yes! Our people are sent out, but they don’t dare to get too close to Levi Garrison at all. They can only inquire about useless information. As for Levi Garrison’s whereabouts, it is impossible!”

Dugu Tuo looked at the crowd and asked, "Then how did we know Levi Garrison's whereabouts?"

"what?"

This question made everyone dumbfounded.

yes!

Although they sent experts to destroy the North Pavilion.

But who exactly sent the message, no one knows.

"Yeah, where did this message come from? Or who did it? Does anyone know?"

The ancestor of the East Pavilion asked.

Shake your head!

Everyone is shaking their heads!

At this point, everyone realized what the problem was.

Such important information, even they do not know.

Where did other people know about it?

Nor did they come back from the people they sent out.

This problem is troublesome.

"Go check it out – who sent the message that Levi Garrison was going to the Eternal Kingdom first!"

The ancestors were anxious.

Immediately send someone to check.

Did a quick investigation.

The results were astonishing-

There is no one!

It's impossible to find out who was the first to send out the message!

The message that Mingming Levi Garrison went to the eternal kingdom is known to everyone.

But when you went to check, you found that everyone didn't know how the message came from?

It's not the information that anyone from the town magic department inquired about!

As if this message was like a ghost, it suddenly appeared in the Demon Suppression Division.

There's definitely something wrong with that.

Now everyone understands what Dugu Tuo said at the beginning.

Yes indeed there is a problem!

Dugu Tuo smiled and said: "This message seems to have suddenly appeared among us, and no one knows how the message came from! It's a bit like a ghost!"

"And during this period of time, don't you feel that there are emotions and messages against Levi Garrison every day? It's a bit abnormal!"

Everyone immediately understood and said: "Could it be that someone is deliberately intensifying the conflict between us and Levi Garrison?"

Dugu Tuo nodded: "Well, that's true! I didn't care about it before, but this time, the news that Levi Garrison left and went to the eternal kingdom made me very suspicious!"

“Do you still remember the last time that the top ten talents of the Sifang Pavilion brought people to kill Levi Garrison?”

Dugu Tuoyi reminded, and everyone immediately said: “Do you suspect that this matter is also being pushed by someone behind the scenes?”

Dugu Tuo explained: “Our people went to kill Levi Garrison, I checked, and they were all organized by my own people.

But the Eternal Kingdom; there are also some unknown forces in Daxia; as well as the Yan Luodian, the killer organizations of the Seven Kills, and the Xuanming Alien Race, why did these forces appear at the same time? “

“It stands to reason that even if they heard the news-someone wants to kill Levi Garrison, they will kill together. There is nothing wrong with this! After all, Levi Garrison has many enemies! Everyone knows it!”

“But didn’t you find that in that battle, the parties cooperated tacitly, with the main attack, the feint attack, the auxiliary, and the assassination... It was originally a group of rabble, but they cooperated as if they had been tempered thousands of times...”

Dugu Tuo’s analysis made everyone scream in shock.

Everyone just saw that the masters from the Zhenmo Division were all overthrown, and even the top ten talents were not spared.

All attention was on the hatred for Levi Garrison.

But he didn’t notice them at all.

Dugu Tuoyi said that everyone felt that there was a problem.

“Not only that, there were all kinds of poison organs hidden weapons and so on at that time, and they also cooperated with the masters of all parties! It is even said that there has never been such a terrible cooperation!”

All the ancestors looked at Dugu Tuo in unison and exclaimed: “Someone is controlling everything behind this!”

Dugu Tuo nodded: “Well, at first I just thought there was something wrong! But today’s news of Levi Garrison’s whereabouts reminded me!”

"It now seems that, in addition to the forces of Zhen Mosi, Levi Garrison, and Xuanming Alien Race, there is another force that controls the recent situation!"

"This force wants to get rid of Levi Garrison with the help of the Suppressing Demon Division. That's why all parties cooperated to kill Levi Garrison! This is definitely the fact that this force secretly united all parties and shot together!"

...

No one would have imagined that after the information of Levi Garrison's whereabouts was exposed this time, the Town Demon Secretary also began to notice the possibility of another party's existence.

"That's right! My subordinates have also investigated! It was said that Levi Garrison actually released the top ten talents and asked them to take away the artifacts of the four town pavilions! I thought it was nonsense at the time, but now I think about it..."

An ancestor of the South Pavilion said suddenly.

This made Dugu Tuo's eyes light up: "Then the top ten arrogances are likely to be captured or killed by these forces, and the four sacred artifacts of the town pavilion are also taken away by them, and then all the blame is given to Levi Garrison, which also leads to The unification of the Town Demon Division!"

In fact, Dugu Tuo was a little thankful for this force in his heart.

If there is no such power, how can he dominate the town magic division so quickly?

"That's right! If Levi Garrison really killed him, how could he admit it? He said that if he let it go, he would definitely let it go!"

"And he didn't take the four great artifacts in his eyes at all!"

...

It all makes sense now.

It turned out that the town magician was used as a gunman.

Become the butcher's knife in the hands of others to kill Levi Garrison.

"But who is this force?"

"According to the current performance, this group of forces is familiar with Zhen Mosi, Xuanming Alien Race, and also familiar with Levi Garrison and the Eternal Kingdom. I can't think of such a force!"

...

Everyone began to analyze who this force was.

For Dugu Tuo, this force did help him invisibly, and even promoted his secret plan.

But this force will definitely be found out.

Use them as guns.

That would be a big trouble.

"But such a force plays all parties in the palm of our hands, but we don't even notice it? How did we do it?"

"Even if he is one of us, there should be some clues, right?"

Everyone began to wonder.

Dugu Tuo sighed: "I'm afraid it's that kind of little person, standing in front of you, you will ignore it!"

“Check! From now on, all parties will secretly check this faction!”

“They must be the people of the Town Demon Division, and there will be next actions!”

“Don’t make any noise, pick out elite secrets to investigate!”

...

After Dugu Tuo ordered.

All parties began to secretly send people to investigate in the Town Magic Division.

Although this is a top secret operation.

But how powerful is Gong Qianqiu?

Got the message early on.

“What? Even the Town Demon Division suspects me! Something big has happened!”

Gong Qianqiu panicked.

This time the trouble is big.

Although she is super powerful now, it should be said that she is not afraid of everyone in the town magic division.

But if it goes on like this, many of her plans will be completely impossible.

Not only are all parties on guard, but they are still inquiring.

This greatly hindered her.

Why is this happening?

I’m too anxious!

She didn’t think that Zhenmosi was going to attack the North Pavilion, but she didn’t think that Levi Garrison was back.

Stealing chickens is not counterproductive.

As soon as this matter failed, all parties naturally began to doubt.

After all, this incident revealed a big clue – Levi Garrison’s whereabouts!

It's something she ignored.

How could Levi Garrison's whereabouts be exposed so easily?

Now all parties dare not even approach the vicinity of Levi Garrison.

Not to mention that he knows Levi Garrison's whereabouts like the back of his hand.

That is impossible!

It exposed her instead.

As a result, the Town Magic Division is now speculating that there is a third-party force.

And they have analyzed the top ten arrogant things.

Gong Qianqiu was really pissed off.

I didn't expect such a mistake to happen in such a hurry.

The key is not to calculate the time when Levi Garrison will return.

She felt that time was enough to destroy the North Pavilion.

But still a step too late.

After all, when she went to Xiao Feng to inquire about the information, Levi Garrison had already left to go to Eternity.

Gong Qianqiu slapped his forehead fiercely.

"Right! Levi Garrison!!!"

Gong Qianqiu suddenly thought of a big thing.

Levi Garrison came back to the North Pavilion and had a head-on encounter with the masters of the Zhenmo Division.

Then he must also know about the "whereabouts" leak.

Levi Garrison has long suspected that there is another power, and is in the inquiry.

Now that the whereabouts are leaked, he will definitely suspect his own people.

After all, only he knows his whereabouts.

Will it be suspicious of Xiao Feng???

Once she suspects Xiao limelight, isn't she going to expose it?

Everything will be lost.

Gong Qianqiu panicked immediately!

But now she has nothing to do.
