After all, after possessing great strength, she has the strength to protect herself.

Even if I can't beat Levi Garrison.

But I can still run away.

In the future, it's okay to gradually become stronger.

Master Bone continued to laugh and said: "There is another advantage! Devouring the spirit root and spirit bones doesn't require you to spend time to get used to it!

The adaptation process of devouring the root bone is just crazy devouring..."

Upon hearing this, Gong Qianqiu's eyes lit up fiercely.

And this good thing?

Generally, after the root bone is transplanted, it takes a lot of time to get used to it.

After all, it's not in your body, it's from outside.

The time is uncertain.

Some people may be very fast, and some people may not be able to adapt for several years.

Didn't think that the root bone of the devouring attribute would have this benefit?

Adaptation is devouring?

That's great.

It doesn't take time to get used to it.

God help me too!

Ha ha ha ha.....

Gong Qianqiu smiled again.

Although there was a mistake this time.

But God is still on her side.

"You hurry up and prepare well, three days later, we will start to transplant the root bone!"

said the bone master.

Gong Qianqiu also left from the corpse pit to prepare.

The process of transplanting the root bone may be a bit long.

She has to take care of everything outside.

Don't let her go to transplant the root bone, and her identity was exposed.

After returning to the West Pavilion, Gong Qianqiu received a secret and frantic investigation by Shentianjian.

A large area is under investigation.

Thinking of something, Gong Qianqiu couldn't help laughing.

Now for her, there is another advantage.

That is, both Levi Garrison and Shentianjian thought that they were a huge force with intertwined roots in the Demon Suppression Division.

There are many members, all over the major factions of the Town Demon Division.

But in fact it's just me!

As for her helpers, they are all men controlled by her.

These people don't even know what they've done, they don't even know their plans.

I just feel that I have done a trivial thing for Gong Qianqiu.

No one else can find it at all.

Slightly suspicious, Gong Qianqiu dealt with everything early.

Now Shen Tianjian or Levi Garrison are conducting all-round investigations on Zhenmo Division.

Their purpose is to find a lot of people.

But in fact, the power is dispersed, and it is not easy to find out.

This made Gong Qianqiu feel at ease.

"You didn't think about it, did you? I'm not complicit! I'm the only one!"

Gong Qianqiu sneered.

But she still had to contain Levi Garrison.

The best restrainer is the Xuanming alien race.

She has already sent someone to find the Xuanming Alien.

As long as you find the Xuanming alien, immediately send the message to Levi Garrison.

In Levi Garrison's mind, he must be the first to avenge the five Azure Dragon (Qinglong) people.

But the people who sent it sent messages one after another.

There are no clues at all.

The Xuanming alien race really seemed to have disappeared this time.

Even the ghost city with vast supernatural powers could not find any clues about the Xuanming alien race.

“By the way, why is there still no information from the Xuanming Alien Race? This is not in line with their style!”

“No matter how powerful Levi Garrison is, they won’t be easily cowardly! Not to mention disappearing! This is seriously inconsistent with the work style of the Xuanming alien race!”

“Xuanming aliens have never been afraid of anyone, otherwise they would not have fought with the Demon Suppressing Division for so long! Not to mention afraid of Levi Garrison.”

...

Confuse!

Gong Qianqiu frowned.

I can’t figure out why this is?

“Why do you think someone is controlling the Xuanming alien race?”

As soon as this idea came up, Gong Qianqiu was shocked.

But how is this possible?

The Xuanming aliens in their peak period, but they would not take Zhen Mosi in their eyes at all.

That was still the Suppressing Demon Division at its peak, much stronger than the one after the unification now.

Such a Xuanming alien, who can control it?

Gong Qianqiu is still praying to find the Xuanming alien as soon as possible.

There is also a party that can contain Levi Garrison.

That is Tianshifu.

But it's too late.

Everything has to be arranged temporarily by her.

If it is used to intensify the contradiction between the two sides to deal with Levi Garrison, it will be of no use.

Levi Garrison will not be fooled.

Ok???

Tianshi Mansion???

Gong Qianqiu's eyes brightened fiercely.

She was so excited that she was about to cry.

Who said Tianshifu couldn't contain Levi Garrison?

Although she didn't have any plans, she couldn't use some old-fashioned methods to make them enmity with Levi Garrison.

But you can let Tianshifu take the blame!!!

Now Levi Garrison and Shen Tianjian are looking for a force to control the situation.

Wouldn't it just be possible to put the blame on the Tianshi Mansion?

As far as she knows, all parties are not familiar with Tianshi Mansion.

Even Levi Garrison.

I don't know either.

If the blame is put on Tianshifu, Tianshifu can't make sense.

Even if Levi Garrison and Shen Tianjian finally found out that it was not done by Tianshifu, Tianshifu was blamed.

But this query time is not a day or two on the line.

It will still take a while.

This bought time for Gong Qianqiu.

It would be even better if we could seize the opportunity and let all parties fight.

"Hahaha....."

Gong Qianqiu smiled immediately.

The back pot appeared.

Gong Qianqiu immediately thought about how to put the blame on Tianshifu.

It's actually not that difficult for her!

What's more, there are enough useful evidences and clues around her.

For example, the four town hall artifacts, such as the corpses of the three saints in the north pavilion, and even the top ten talents.

With so much evidence, it is easy to attract the war to Tianshifu.

True or not, a temporary distraction is enough.

Then start with the corpses of the Three Saints in the North Pavilion...

Clues cannot be thrown out at one time, and need to be guided a little bit.

Soon Gong Qianqiu came up with a plan.

After she communicated with Xiao Feng on a daily basis, she began to act.

Xiao Feng was also relieved to know that the unification of the Zhenmo Division had no plans to deal with them for the time being.

He also happened to meet the five cultivated Azure Dragon (Qinglong) people.

Seeing the five people, Xiao Feng always felt guilty.

There are only two things that concern him at the moment.

First, Gong Qianqiu.

The second is the injuries of the five Azure Dragon (Qinglong) people.

"Hey!"

Xiao Feng couldn't help but sigh.

The Azure Dragon (Qinglong) five immediately persuaded: "Xiao Feng, don't do this! We are all fine!"

"By the way, your strength has improved very quickly recently. It looks like you practice hard every day!"

Phoenix praised.

Xiao Feng clenched his fist tightly.

Improve quickly?

Far from enough!

He is still far from his goal.

Not only does he have to surpass Gong Qianqiu, he also has to protect Gong Qianqiu.

That's far from it.

"It's still too slow, and the distance is far from being strong enough. I can't help the master even if I want to!"

Xiao Feng let out a long sigh.

“Take your time! You’re good enough!”

The five Azure Dragon (Qinglong) smiled.

Xiao Feng also comforted: “You guys are also recovering very quickly, and will soon return to the previous level!”

“Well, let’s work together! Don’t be a burden to the boss! Help him!”

Kirin ( Qilin ) looked at Xiao Feng with gossip and asked, “By the way, how is that girl and you two?”

As soon as the words came out.

The air seemed to freeze.

Xiao Feng was stunned on the spot.

yes!

No one knows about himself and Gong Qianqiu.

Azure Dragon (Qinglong) and the others know it.

They even mentioned it to the master.

It’s just that the master and the others probably didn’t remember it.

When I was with Azure Dragon (Qinglong) and the others in the Tenjin Division before, they were very familiar with each other, and they were together every day.

Therefore, Azure Dragon (Qinglong) and several people knew about his pursuit of Gong Qianqiu.

Even a few of them have seen Gong Qianqiu’s true face.

When extracting the memories of the five Azure Dragon (Qinglong) people, Xiao Feng was afraid that Gong Qianqiu would appear.

startled him.

“Ah? This...”

Xiao Feng was in a dilemma.

How does this tell him to answer?

If he said that Gong Qianqiu was already his own woman.

I am afraid that the five Azure Dragon (Qinglong) people have doubts.

After all, the Town Demon Division is now all enemies.

With such a close relationship with Xiao Feng, wouldn't he use him?

"Shh!"

The eyes of the five Azure Dragon (Qinglong) people all looked over.

It seems that he noticed Xiao Feng's abnormality.

Not right!

Is there a problem!

Xiao Feng naturally understood this.

Even if the five Azure Dragon (Qinglong) people knew about this, they were determined not to expose it.

In case, what they told the master.

That's it!

Others may not see it.

But the master can definitely see it at a glance.

"Is something wrong with Xiao Feng? What are you hiding?"

Xuanwu has become vigilant.

"No contact!"

Xiao Feng sighed.

Advertisement

"Ah? No contact? Didn't you want to live or die when you were in the Tenjin Division?"

"Yes, at that time you stopped cultivating, and you only thought about how to pursue others!"

Phoenix said again and again.

"I was chasing and chasing at the beginning, and found that the distance between myself and others was too great! No matter her status, her strength was far beyond me! At that time, I had already given up! I am not worthy of others!"

Xiao Feng explained.

Azure Dragon (Qinglong) looked at each other in dismay.

They all understand.

At the time of the Tenshen Division, everyone felt that the Zhenmo Division was superior and invincible.

They always feel inferior.

Xiao Feng continued: "After the master showed his strength and beat everything, this sense of disparity disappeared naturally!"

"But at that time, Zhen Mo Si was going to kill Master! Everyone in Zhen Mo Si was our enemy, how could I still pursue her?"

Azure Dragon (Qinglong) nodded: "That's true! Not to mention that everyone in the Zhenmo Division is not good. At this juncture, if you communicate with them too often, it is likely to be used! Look at the leak of the whereabouts of the boss this time!"

Kirin ( Qilin ) patted Xiao Feng on the shoulder: "Well done! Otherwise, your kid will be used!"

"It's okay for children to have a long relationship, but don't affect the overall situation! After the matter of Zhenmo Division is over, let's see if you want to continue pursuing it! You have to let it go for the time being!"

Xiao Feng nodded: "I understand!"

Seeing the backs of the five Azure Dragon (Qinglong) leaving, Xiao Feng broke out in a cold sweat.

Almost.

The five Azure Dragon (Qinglong) people were just as vigilant as their master.

It's just that they mainly focus on cultivating their bodies now, and they won't worry too much about other things.

Otherwise, with their vigilance, they would have found out about themselves and Gong Qianqiu earlier.

Not wrong.

Even if the five Azure Dragon (Qinglong) had doubts, they would not care.

In addition, now, except for Levi Garrison, Xiao Feng is in charge of everything big and small.

They still believe it.

Like Levi Garrison, they believe in everyone.

Why!

This is the second time I lied!

Xiao Feng lied again.

“But for the sake of the future, it’s worth it! What is a lie?”

“Furthermore, I’m also doing good for both parties! Avoiding the fact that both parties are already enemies if they don’t meet!”

Xiao Feng comforted himself.

These are extraordinary times.

Xiao Feng checked all around the base camp.

Prevent outsiders from hiding.

Soon he came to the place where Levilia practiced.

At this time, not only Levilia, but also Zoey Lopez and others.

It turned out that Levilia was teaching everyone the exercises she created.

Crisis time after time, everyone understands that they must become stronger.

You can’t rely on Levi Garrison for everything.

The fastest way to improve now is Levilia’s practice.

Levilia is generous, teaching everyone the exercises.

Xiao Feng was about to stop it after seeing it from a distance.

After all, when Gong Qianqiu inspected this exercise for him, he went crazy.

He didn’t want others to get hurt as well.

But he held back.

If you want to stop it, you have to expose the fact that you took the Levilia Gongfa.
